North American Zooarchaeology Meagan Elizabeth Dennison, Jennifer Lynn Green, Samantha Upton, Samantha N. Upton, 2023-04-14 This multi author volume reflects on the history and continuity of zooarchaeology in North America and honors one of its most notable contemporary contributors Walter E Klippel Klippel came to the University of Tennessee in 1977 as an assistant professor of anthropology and over the next forty years mentored countless students published more than fifty journal articles and book chapters and assembled a zooarchaeological comparative collection of national significance Developed by friends students and colleagues of the professor this wide ranging collection of essays is organized by the prevailing themes of Klippel s career including geological and landscape contexts taphonomy and the incorporation of actualistic methodologies and new technologies into zooarchaeological analyses The diversity of topics alone suggests how extensive Klippel s research interests have been and how much contemporary zooarchaeology owes to his vision Seeking to extend and not only celebrate that vision the contributors also turn to explore new uses for the zooarchaeological framework in nontraditional settings Foreword by Bonnie W Styles and R Bruce McMillan

Southeastern Ceremonial Complex Adam King, 2007-08-26 How certain Southern indigenous viewed themselves from prehistory to decimation by Europeans was already a significant subject of study fifty years ago but more recent scholarship has proven that what was once considered a single cult was actually a complex of cults with myriad adaptations of myths and artifacts This collection of 12 articles details archeological findings and analysis of how this warrior based set of precepts and practices developed and grew into elaborate ceremonial places and burial grounds Topics include the implications of recent analysis of sites early evidence of the Southeastern Ceremonial Complex SECC and its contexts the role of time in development of the SECC material and iconographic evidence of the SECC in Erowah culture evidence from Moundville potsherds SECC ritual regalia in the southern Appalachians and other regions the role of sex in SECC and future directions of research

Sacred Darkness Holley Moyes, 2012-09-01 Caves have been used in various ways across human society but despite the persistence within popular culture of the iconic caveman deep caves were never used primarily as habitation sites for early humans Rather in both ancient and contemporary contexts caves have served primarily as ritual spaces In Sacred Darkness contributors use archaeological evidence as well as ethnographic studies of modern ritual practices to envision the cave as place of spiritual and ideological power and a potent venue for ritual practice Covering the ritual use of caves in Europe Asia Australia Africa Mesoamerica and the US Southwest and Eastern woodlands this book brings together case studies by prominent scholars whose research spans from the Paleolithic period to the present day These contributions demonstrate that cave sites are as fruitful as surface contexts in promoting the understanding of both ancient and modern religious beliefs and practices This state of the art survey of ritual cave use will be one of the most valuable resources for understanding the role of caves in studies of religion sacred landscape or cosmology and a must read for any archaeologist interested in caves

Of Caves and Shell Mounds Kenneth C. Carstens, Patty Jo Watson, 1996-04-30 The essays offer new evidence to dispute the assumption that ancient human groups in the Eastern Woodlands of North America changed little until Mesoamerican influences stimulated important developments

Iconographic Method in New World Prehistory Vernon J. Knight, 2013 This book offers an overview of iconographic methods and their application to archaeological analysis It offers a truly interdisciplinary approach that draws equally from art history and anthropology Vernon James Knight Jr begins with a historiographical overview addressing the methodologies and theories that underpin both archaeology and art history He then demonstrates how iconographic methods can be integrated with the scientific methods that are at the core of much archaeological inquiry Focusing on artifacts from the pre Columbian civilizations of North and Meso American sites Knight shows how the use of iconographic analysis yields new insights into these objects and civilizations

An Archaeology of Religion Kit W. Wesler,2012-04-20 Archaeologists have been increasingly turning their attention to the study of religion but the field so far has lacked a cross cultural overview This text challenges archaeological conventions by refusing to respect the geographic and temporal boundaries with which archaeologists too often define their field Worldwide in range and comparative in perspective this exploration is guided by several fundamental questions how do we recognize religion in the archaeological record When should we recognize the first activities we call religious What distinguishes a world religion How can we see the formations of modern world religions in the archaeological record An Archaeology of Religion begins with the first glimmers of what might be considered religious expression in the Paleolithic period and concludes with the complexities of world religions today This book is an ambitious attempt to survey how scholars approach the identification of religious sites and practices in the archaeological record

The Rock-Art of Eastern North America Carol Diaz-Granados,James R. Duncan,2004-11-28 Showcases the wealth of new research on sacred imagery found in twelve states and four Canadian provinces In archaeology rock art any long lasting marking made on a natural surface is similar to material culture pottery and tools because it provides a record of human activity and ideology at that site Petroglyphs pictographs and dendroglyphs tree carvings have been discovered and recorded throughout the eastern woodlands of North America on boulders bluffs and trees in caves and in rock shelters These cultural remnants scattered on the landscape can tell us much about the belief

systems of the inhabitants that left them behind The Rock Art of Eastern North America brings together 20 papers from recent research at sites in eastern North America where humidity and the actions of weather including acid rain can be very damaging over time Contributors to this volume range from professional archaeologists and art historians to avocational archaeologists including a surgeon a lawyer two photographers and an aerospace engineer They present information drawings and photographs of sites ranging from the Seven Sacred Stones in Iowa to the Bald Friar Petroglyphs of Maryland and from the Lincoln Rise Site in Tennessee to the Nisula Site in Quebec Discussions of the significance of artist gender the relationship of rock art to mortuary caves and the suggestive link to the peopling of the continent are particularly notable contributions Discussions include the history ethnography recording methods dating and analysis of the subject sites and integrate these with the known archaeological data

Cognitive Archaeology David Whitley, Johannes Loubser, Gavin Whitelaw, 2019-11-28 Cognitive Archaeology Mind Ethnography and the Past in South Africa and Beyond aims to interpret the social and cultural lives of the past in part by using ethnography to build informed models of past cultural and social systems and partly by using natural models to understand symbolism and belief How does an archaeologist interpret the past Which theories are relevant what kinds of data must be acquired and how can interpretations be derived One interpretive approach developed in southern Africa in the 1980s has been particularly successful even if still not widely known globally With an expressed commitment to scientific method it has resulted in deeper well tested understandings of belief ritual settlement patterns and social systems This volume brings together a series of papers that demonstrate and illustrate this approach to archaeological interpretation including contributions from North America Western Europe and sub Saharan Africa in the process highlighting innovative methodological and substantive research that improves our understanding of the human past Professional archaeological researchers would be the primary audience of this book Because of its theoretical and methodological emphasis it will also be relevant to method and theory courses and postgraduate students

Visualizing the Sacred George E. Lankford, F. Kent Reilly, James F. Garber, 2014-05-23 The prehistoric native peoples of the Mississippi River Valley and other areas of the Eastern Woodlands of the United States shared a complex set of symbols and motifs that constituted one of the greatest artistic traditions of the pre Columbian Americas Traditionally known as the Southeastern Ceremonial Complex these artifacts of copper shell stone clay and wood were the subject of the groundbreaking 2007 book Ancient Objects and Sacred Realms Interpretations of Mississippian Iconography which presented a major reconstruction of the rituals cosmology ideology and political structures of the Mississippian peoples Visualizing the Sacred advances the study of Mississippian iconography by delving into the regional variations within what is now known as the Mississippian Iconographic Interaction Sphere MIIS Bringing archaeological ethnographic ethnohistoric and iconographic perspectives to the analysis of Mississippian art contributors from several disciplines discuss variations in symbols and motifs among major sites and regions across a wide span of time and also consider what visual symbols reveal

about elite status in diverse political environments These findings represent the first formal identification of style regions within the Mississippian Iconographic Interaction Sphere and call for a new understanding of the MIIS as a network of localized yet interrelated religious systems that experienced both continuity and change over time
