Prelude or Growth of a Poet's Mind An Autobiographical Poem is an autobiographical poem in blank verse by the English poet William Wordsworth. Intended as the introduction to the more philosophical *Recluse* which Wordsworth never finished, *The Prelude* is an extremely personal and revealing work on the details of Wordsworth's life. Wordsworth began *The Prelude* in 1798 at the age of 28 and continued to work on it throughout his life. He never gave it a title; he called it the Poem, title not yet fixed upon to Coleridge, and in his letters to Dorothy Wordsworth referred to it as the poem on the growth of my own mind. The poem was unknown to the general public until published three months after Wordsworth's death in 1850, its final name given to it by his widow Mary. *The Prelude* is widely regarded as Wordsworth's greatest work.

William Wordsworth (7 April 1770 – 23 April 1850) was a major English Romantic poet who, with Samuel Taylor Coleridge, helped to launch the Romantic Age in English literature with their joint publication *Lyrical Ballads* (1798). Wordsworth's magnum opus is generally considered to be *The Prelude*, a semiautobiographical poem of his early years that he revised and expanded a number of times. It was posthumously titled and published before which it was generally known as the poem to Coleridge. Wordsworth was Britain's Poet Laureate from 1843 until his death from pleurisy on 23 April 1850.

Early life

Main article: Early life of William Wordsworth

The second of five children, born to John Wordsworth and Ann Cookson, William Wordsworth was born on 7 April 1770 in Wordsworth House in Cockermouth, Cumberland, part of the scenic region in northwestern England known as the Lake District. His sister, the poet and diarist Dorothy Wordsworth, to whom he was close all his life, was born the following year, and the two were baptised together. They had three other siblings: Richard, the eldest, who became a lawyer; John, born after Dorothy, who went to sea and died in 1805 when the ship of which he was captain, the *Earl of Abergavenny*, was wrecked off the south coast of England; and Christopher, the youngest, who entered the Church and rose to be Master of Trinity College, Cambridge.

ADVERTISEMENT The following Poem was commenced in the beginning of the year 1799 and completed in the summer of 1805. The design and occasion of the work are described by the Author in his Preface to the *Excursion*, first published in 1814, where he thus speaks: Several years ago when the Author retired to his native mountains with the hope of being enabled to construct a literary work that might live, it was a reasonable thing that he should take a review of his own mind and examine how far Nature and Education had qualified him for such an employment. As subsidiary to this preparation he undertook to record in verse the origin and progress of his own powers as far as he was acquainted with them. That work addressed to a dear friend, most distinguished for his knowledge and genius, and to whom the author's intellect is deeply indebted, has been long finished, and the result of the investigation which gave rise to it was a determination to compose a

philosophical Poem containing views of Man Nature and Society and to be entitled the Recluse as having for its principal subject the sensations and opinions of a poet living in retirement The preparatory Poem is biographical and conducts the history of the Author s mind to the point when he was emboldened to hope that his faculties were sufficiently matured for entering upon the arduous labor which he had proposed to himself and the two works have the same kind of relation to each other if he may so express himself as the Ante chapel has to the body of a Gothic Church Continuing this allusion he may be permitted to add that his minor pieces which have been long before the p

Wordsworth s The Prelude took the poet over 40 years to complete Originally he intended to use the poem as an introduction for a second work The Recluse but ultimately he decided that the ideas and philosophies in The Prelude were so important that he made the poem a work in and of itself The poem focuses on Wordsworth s life and specifically on his development as a poet Structurally the poem is composed of 14 episodes or books each of which marks a pivotal point in Wordsworth s beliefs Book One centers on the poet s childhood and highlights nature as a powerful spiritual force that imbues in the poet his lyrical abilities The next series of books are seasonal episodes in which Wordsworth recounts the genesis and growth of his imagination In the following books Wordsworth describes his travels to France and his ideals of individual liberty Eventually the poet becomes disillusioned with the brutality of the revolution but he retains the belief in the power of ordinary people He then recounts his return to the Lake District where his spirit is revived after having witnessed atrocities of the revolution In the final books of The Prelude Wordsworth returns to a state similar to the simple and joyful state of his childhood The Lake District offers him a place of serenity and meditation In the final book of The Prelude Wordsworth offers his thanks to his sister Dorothy and to his fellow poet Samuel Coleridge for their friendship and support Over his lifetime Wordsworth reworked and revised The Prelude numerous times and there are striking differences between the variations The final collection of poems was ultimately published after Wordsworth s death by his sister Dorothy in 1850
