The Presidency Reappraised

Joseph M. Bessette, Jeffrey Tulis

The Presidency Reappraised:

The Presidency Reappraised Thomas E. Cronin, Rexford Guy Tugwell, 1977 **A "hollow Army" Reappraised** Frank L. Jones, 2012 For more than 3 decades the term hollow army or the more expansive idiom hollow force has represented President Carter's alleged willingness to allow American military capability to deteriorate in the face of growing Soviet capability. The phrase continues to resonate today. In this current period of declining defense resources the President of the United States, the Secretary of Defense and the Chairman of the Joint Chiefs of Staff have articulated how the newly released strategic guidance and budget priorities signify a concerted effort not to hollow out U.S. forces. They have affirmed their dedication to preventing the recreation of the ragged military and disastrous deterioration in defense capability the Carter administration allowed to occur. However it is also time to reexamine the term hollow army and its meaning as the inevitable tug of war over defense spending gets underway. This Paper places the hollow army metaphor within its historical context barely 5 years after the United States finally disengaged from a major war Vietnam a struggling economy and an election year in which a President was not only tenuously leading in the polls but also confronted substantial opposition from elements of his own political party. Over the years a specific political reading of these events has taken hold. It is the purpose of this Paper to re-read the historical events and in doing so come to a better understanding of the domestic political and geostrategic environment during Carter's presidency the U.S. Cold War strategy and the assertions made concerning the readiness of the U.S. Army to perform its missions.

The Presidency and Political Science: Paradigms of Presidential Power from the Founding to the Present: 2014 Raymond Tatalovich, Steven E. Schier, 2014-12-18 This history of presidential studies surveys the views of leading thinkers and scholars about the constitutional powers of the highest office in the land from the founding to the present.

The Powers of the Presidency, 2013 This is a comprehensive and illustrative work on the historical and contemporary perspective on presidential powers guiding readers through the presidency as a constitutional office with many updated features from the previous edition.

The Presidency and Political Science Raymond Tatalovich, Thomas S. Engeman, 2003-07-29 This is the first book to survey the intellectual history of presidential scholarship from the Founding to the late 20th century. Reviewing the work of over sixty thinkers including Alexander Hamilton, Thomas Jefferson, Woodrow Wilson, Richard Neustadt, James McGregor Burns and Theodore Lowi, the authors identify six central questions the answers to which can help form a theory of presidential power. Does presidential power derive from the prerogatives of office or from incumbency? Does presidential influence depend upon force of personality, rhetorical leadership or partisanship? Does presidential leadership depend upon historical context or is regime building manifested through political institutional and constitutional developments? Does presidential leadership vary between domestic and foreign affairs? Does the president actively or passively engage the legislative process and promote a policy agenda? Does the organization of the executive branch service presidential leadership? Arguing that three paradigms have dominated the history of presidential

scholarship Hamiltonianism Jeffersonianism and Progressivism the authors conclude that today's understanding of the presidency is characterized by a new realism and old idealism This book will appeal to students and scholars as well as to general readers with an interest in the American presidency

The Presidency and Public Policy Robert

Spitzer, 2012-10-26 Revision of the author's thesis Ph D Cornell University

The Presidency in the Constitutional

Order Joseph M. Bessette, Jeffrey Tulis, 2017-07-12 This classic collection of studies first published in 1980 contributes to the revival of interest in the powers and duties of the American presidency Unlike many previous books on the constitution and the president the contributors to this volume are political scientists not law professors Accordingly they display political scientists concern with structures as well as power with conflict between the branches of government as well as their functional separation and with political prescription as well as legal analysis Underlying the entire volume is a persistent attention to the nature of executive power and its particular manifestation in the American system Part One introduces the foundations that underlie contemporary issues including the famous James Madison Alexander Hamilton debate over the powers of the presidency Contemporary political and scholarly controversies which are the subjects of Part Two include the constitutionality of the War Powers Resolution of 1973 the legislative veto executive privilege and secrecy the character of the presidency presidential selection and the nature of executive power The essays in *The Presidency in the Constitutional Order* represent some of the most cogent thought available about the highest elected office in America and the themes of the volume continue to be timely and provocative

Guide to the Presidency Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton's Inaugural Address and another which provides results from elections and polls and statistics from each office

The Power of the Presidency Robert S. Hirschfield, 2017-07-05 The American presidency is the most powerful political office in the world But this impressive statement serves only to raise a whole series of fundamental questions What is the scope of presidential powers and what are its limits Can the president use all the authority of his office or is that authority more formal than effective Does the presidency have sufficient power to meet today's needs or do the problems of the modern age demand a

more powerful executive Is there a danger of dictatorship in the growth of political authority or will the presidency remain an office of constitutional democratic leadership This book explores such questions by presenting a wide range of views on presidential power from a variety of sources original supporters and opponents of the office presidents themselves Supreme Court decisions and professional students of the presidency

Guide to the Presidency and the Executive Branch Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated

Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president s role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

Congress, The President, And Public Policy Michael L Mezey, 2019-03-06 This book looks at the relationship between Congress and the president and how this interaction shapes public policy The relationship between the president and the Congress has been under discussion as long as the U S Constitution has existed It has been a discussion in which presidents congressional leaders Supreme Court justices scholars f

The President's Czars Mitchel A. Sollenberger, Mark J. Rozell, 2012-04-27 Faced with crises that would challenge any

president Barack Obama authorized pay czar Kenneth Feinberg to oversee the 20 billion fund for victims of the BP oil spill and to establish and enforce executive pay guidelines for companies that received 700 billion in federal bailout money Feinberg's office comes with vastly expansive policy powers along with seemingly deep pockets yet his position does not formally fit anywhere within our government's constitutional framework The very word czar seems inappropriate in a constitutional republic but it has come to describe any executive branch official who has significant authority over a policy area works independently of agency or Department heads and is not confirmed by the Senate or subject to congressional oversight Mitchel Sollenberger and Mark Rozell provide the first comprehensive overview of presidential czars tracing the history of the position from its origins through its initial expansion under FDR and its dramatic growth during the presidencies of George W Bush and Barack Obama The President's Czars shows how under pressure to act on the policy front modern presidents have increasingly turned to these appointed officials even though by doing so they violate the Appointments Clause and can also run into conflict with the nondelegation doctrine and the principle that a president cannot unilaterally establish offices without legislative support Further Sollenberger and Rozell contend that czars not only are ill conceived but also disrupt a governing system based on democratic accountability A sobering overview solidly grounded in public law analysis this study serves as a counter argument to those who would embrace an excessively powerful presidency one with relatively limited constraints Among other things it proposes the restoration of accountability starting with significant changes to Title 3 of the U S Code which authorizes the president to appoint White House employees without regard to any other provision of law Ultimately the authors argue that czars have generally not done a good job of making the executive branch bureaucracy more effective and efficient Whatever utility presidents may see in appointing czars Sollenberger and Rozell make a strong case that the overall damage to our constitutional system is great and that this runaway practice has to stop

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1978

Life As Theater Dennis Brissett, Charles Edgley, 2005-01-01 Life as Theater is about understanding people and how the dramaturgical way of thinking helps or hinders such understanding A volume that has deservedly attained the status of a landmark work this was the first book to explore systematically the material and subject matter of social psychology from the dramaturgical viewpoint It has been widely used and quoted and has sparked ferment and debate in fields as diverse as sociology psychology anthropology political science speech communication and formal theater studies Life as Theater is organized around five substantive issues in social psychology Social Relationships as Drama The Dramaturgical Self Motivation and Drama Organizational Dramas and Political Dramas This classic text was revised and updated for a second edition in 1990 and includes approximately 66 percent new materials all featuring individual introductions that provide the dramaturgical perspective and reflect the most learned thinking and work being done within this point of view This book's sophistication will appeal to the scholar and its clarity and conciseness to the student Like its predecessor it is designed to

serve as a primary text or supplementary reader in classes This new paperback edition includes an introduction by Robert A Stebbins that explains why even fifteen years after its publication *Life as Theater* remains the best single sourcebook on the dramaturgic perspective as applied in the social sciences Dennis Brissett died 1996 was professor of behavioral science at the University of Minnesota School of Medicine in Duluth and also taught at the State University of New York at Buffalo and Portland State University Charles Edgley is a professor in and head of the Department of Sociology at Oklahoma State University and has been a member of the faculty since 1972 He is coeditor of *The Handbook of Thanatology* and does editorial work regularly for the journal *Symbolic Interaction* where he has published a portion of his research on the health and fitness movement Robert A Stebbins is faculty professor and professor of sociology emeritus at the University of Calgary He is the author of many books including *Between Work and Leisure* from Transaction Publishers

Laws, Men and Machines Michael Foley, 2014-02-04 First published in 1990 *Laws Men and Machines* is an original interpretation of the lasting influence that Newtonian mechanics has had on the design and operation of the American political system The author argues that it is this mechanistic tradition that now instinctively shapes the way we conceive of analyse and evaluate American politics and that the Newtonian conception of the world still finds expression in the checks and balances of the American system

Reappraisal of Mental Health Policy, 1979 United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Health and Scientific Research, 1979

More To The Story: A Reappraisal Of US Intelligence Prior To The Pacific War LCDR James R. Stobie, 2015-11-06 Early on Sunday 7 December 1941 the air and naval forces of the Imperial Japanese Navy attacked the U S Pacific Fleet at anchor in Pearl Harbor Hawaii President Franklin D Roosevelt FDR recorded the day as a date which will live in infamy in his speech to a joint session of Congress Subsequent investigations and histories judged U S intelligence as unprepared in its failure to predict the attack at Pearl Harbor Yet FDR also listed the other locations Japan attacked in those first twenty four hours starting with the attack at Kota Bharu in Malaya Reviewing U S intelligence estimates and war warning messages against Imperial Japanese war plans and actions U S intelligence understood Imperial Japan s intentions and plans far better than is recorded Of the places listed in the 27 November 1941 war warning the Philippines Thai or Kra Malay Peninsula and possibly Borneo two were attacked on that first day of war and the last Borneo a week later On that first day of war Japan also attacked Guam Hong Kong Singapore and Wake and Midway Islands the latter two reinforced against impending war with Japan in early December 1941 by U S aircraft carriers The surprise of the attack on the U S Pacific Fleet overshadows the accuracy of U S intelligence estimates prior to the Pacific War

Presidential-Congressional Relations Steven A. Shull, 2000 Examines how presidents and Congress work together

Presidential Selection James W. Ceaser, 1979-06-21 Examining the development of the process of presidential selection from the founding of the republic to the present day James Ceaser contends that many of the major purposes of the selection system as it was formerly understood have been ignored by current reformers and modern scholars

In an attempt to reverse this trend Professor Ceaser discusses the theories of selection offered by leading American statesmen from the Founders and Thomas Jefferson to Martin Van Buren and Woodrow Wilson From these theories he identifies a set of criteria for a sound selection system that he then uses to analyze and evaluate the recent changes in the selection process Five normative functions of a presidential selection system comprise the author s criteria it should minimize the harmful effects of ambitious contenders for the office promote responsible executive leadership and power help secure an able president ensure a legitimate accession and provide for an appropriate amount of choice and change Professor Ceaser finds that the present system is characterized by weak parties and candidate centered campaigns that lead to the problems of image politics and demagogic leadership appeals He therefore argues for a more republican selection system in which political parties would be strengthened to serve as a restraining force on popular authority public opinion and individual aspirations for executive power

On Deaf Ears George C. Edwards III, 2008-10-01 American presidents often engage in intensive campaigns to obtain public support for their policy initiatives This core strategy for governing is based on the premise that if presidents are skilled enough to exploit the bully pulpit they can successfully persuade or even mobilize public opinion on behalf of their legislative goals In this book George Edwards analyzes the results of hundreds of public opinion polls from recent presidencies to assess the success of these efforts Surprisingly he finds that presidents typically are not able to change public opinion even great communicators usually fail to obtain the public s support for their high priority initiatives Focusing on presidents personae their messages and the American public he explains why presidents are often unable to move public opinion and suggests that their efforts to do so may be counterproductive Edwards argues that shoring up previously existing support is the principal benefit of going public and that staying private negotiating quietly with elites may often be more conducive to a president s legislative success

The Presidency Reappraised Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Presidency Reappraised PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Presidency Reappraised PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries,

ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Presidency Reappraised free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About The Presidency Reappraised Books

1. Where can I buy The Presidency Reappraised books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Presidency Reappraised book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Presidency Reappraised books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The Presidency Reappraised audiobooks, and where can I find them? Audiobooks: Audio recordings of books,

perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The Presidency Reappraised books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
