

# THE PRESIDENTIAL CHARACTER

PREDICTING PERFORMANCE  
IN THE WHITE HOUSE

JAMES DAVID  
BARBER

"The most original, most provocative, and most daring study of the presidency of the past decade. . . . A major intellectual breakthrough"

James MacGregor Burns

"Comes closer to the truth about why presidents do what they do than any other author"

Hugh Sidey (*Life Magazine*)

**Michael Genovese**

## **The Presidential Character Predicting Performance In The White House:**

**The Presidential Character** James David Barber, 2017-10-03 Dr James David Barber's well known provocative examination of who has the potential to be voted into the highest office in the land and why is being reissued as the newest addition to the Longman Classics in Political Science series. Arguing that patterns in a person's character, world view and style can allow us to anticipate their performance as president, *The Presidential Character* offers explanations and predictions of the performance of presidents and presidential candidates. Drawing on historical, biographical and psychological research, Dr Barber hoped to help voters make judicious choices in determining the country's highest leaders. Revisiting this classic work in today's important presidential election season begs a reconsideration of Barber's probing and enduring query: What should we look for in a president?

*The Presidential Character* James David Barber, 2019-10-29 First edition published by Prentice Hall Inc 1972. Fourth edition published by Routledge 2009. T p verso

*The Presidential Character* James Barber, 2019-10-17 A book entitled *The Presidential Character* is more timely and necessary than ever. This new issue of James David Barber's classic work appears almost 50 years after its first publication and yet reads like a roadmap to the 2020 presidential election. Its subtitle, *Predicting Performance in the White House*, is an apt reflection on the election of 2016. With a revised and updated foreword by George C Edwards III that brings in the Trump Administration, this book argues that patterns in a person's character, world view and political style can allow us to anticipate his or her performance as president. How would Barber have categorized Donald J Trump, who appears to defy every presidential type and norm? This question suggests one of the most provocative and appealing reasons for students, scholars and voters to re-read *The Presidential Character* at this particular juncture. What should we look for in a president? This text offers explanations and predictions of the performance of past presidents and presidential candidates with many cautionary tales looking forward. Features: Presents a revised and updated foreword by presidential scholar George C Edwards III, Distinguished Professor of Political Science at Texas A M University that includes the advent of the Trump Administration and highlights the book's classic and enduring contributions. Includes predictions of presidential performance from Nixon to Bush. Analyzes the media's role in providing information about the political candidates and in shaping public opinion of them. Draws on historical, biographical and psychological research to help voters make judicious choices in determining the country's highest leaders. Encourages citizens to be actively involved, scholars, critics and participants in their government.

*Methods of Rhetorical Criticism* Bernard L. Brock, Robert Lee Scott, James W. Chesebro, 1989

**White House Studies Compendium** Robert W. Watson, 2007 brings together piercing analyses of the American presidency dealing with both current issues and historical events. The compendium consists of the combined and rearranged issues of the journal *White House Studies* with the addition of a comprehensive subject index. Preface

**At the President's Pleasure** Sally K. Burt, 2015-05-26 *At the President's Pleasure* offers a new perspective on the way the United States and China interacted during World War II. Sally K Burt

examines President Franklin Roosevelt's methods of conducting diplomacy particularly his tendency to centralise foreign policy making into his own hands as it applied to wartime Sino US relations. By critiquing the president's foreign policy leadership with China, Burt provides a new perspective on US diplomacy and opens the door for further exploration of contemporary methods of conducting relations between the US and China. This book then will interest scholars, historians, international relations specialists and practitioners and those interested in global politics both historical and in the present day.

**Jimmy Carter as President** Erwin C. Hargrove, 1999-03-01 Jimmy Carter was according to Erwin Hargrove the first modern Democratic president to be substantially ahead of the party coalition. Concerned with issues of the future, inflation, the need for tax reform, energy shortages, Carter anticipated many questions that are only now being addressed nearly a decade after his troubled tenure in office. The years 1976 to 1980 were difficult years for a Democrat to be president, especially difficult for a southern moderate who viewed the world in Wilsonian terms and who was politically unaligned, essentially an outsider in his party and in Washington. But Carter's inability to read or manipulate the political scene was not the only problem to beleaguer his presidency. Events such as the Soviet invasion of Afghanistan and the capture of American hostages in Iran also worked against Carter, creating situations in which no amount of political acumen could have salvaged his presidency. Hargrove places Carter in historical perspective, examining his frequently overlooked successes as well as his failures. Hargrove analyzes both the content and the methods of Carter's policy leadership. His style of leadership is studied in the light of his beliefs and values and of his problem solving skills and experience. This profile draws heavily upon interviews with members of Carter's White House staff. In a consideration for Carter's domestic economic and foreign policies, Hargrove shows the congruence of purpose, politics and process as a president shapes decision making. Because Carter was skilled at solving specific problems, he achieved notable successes: the Panama Canal Treaty, the Camp David Accord and the SALT II talks, when he could keep matters in his own hands. Yet despite such policy successes, his inability to build strong coalitions and delegate authority, exacerbated by uncontrollable world events, doomed Carter to political defeat. Throughout Jimmy Carter as President, Hargrove emphasizes that in our assessment of presidents we should evaluate skill within the historical context and thereby better understanding the ingredients of presidential success. Hargrove's effective and extensive use of interviews proves the advantages of integrating oral history into scholarly research and writing.

**The Presidents' Wives** Robert P. Watson, 2000 Traces the development of the First Lady's role from obscurity into an influential force in politics, complete with office staff and budgetary resources to rival those of key presidential advisors. The author also explores the paradoxes surrounding activism in the office.

**Real Life at the White House** John Whitcomb, Claire Whitcomb, 2000 First published in 2000, Routledge is an imprint of Taylor & Francis, an informal company.

*The Development of the American Presidency* Richard J. Ellis, 2013-06-17 Our understanding of the politics of the presidency is greatly enhanced by viewing it through a developmental lens, analyzing how historical turns have shaped the modern institution. The Development of the

American Presidency pays great attention to that historical weight but is organized topically and conceptually with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines practice quizzes and key terms to help students master the book s lessons

Choosing to Lead Kenneth E. Clark, Miriam B. Clark, 1996 A crucial component of leadership is the element of choice Regardless of how much a person studies leadership it is essential that he or she makes a conscious choice to accept the leadership role This book defines leadership gives examples of research in the field and explains how this knowledge can be used describes leadership development programs and surveys and considers the literature of leadership Chapters 1 through 4 define leadership and describe ways in which it might be exercised Chapters 5 and 6 highlight research methods used to demonstrate the impact of improved leadership The seventh and eighth chapters describe a leadership development program at a well known training center with a focus on the tests and materials completed by participants before arrival and the actual program activities Various programs in the education and training of leaders and managers are described in chapter 9 The ways in which experience develops and modifies leaders behaviors are reviewed in the 10th chapter Chapter 11 examines the uses of survey methods to assess the mood of group members and inform leaders of the effectiveness of their communication programs Studies of the use of power and position and the outcomes of such use are reviewed in the 12th chapter Chapter 13 summarizes literature on leadership and cultural differences and chapter 14 highlights how reported studies can help leaders work better with followers and organizations to achieve objectives A total of 127 propositions offered throughout the book are summarized in the final chapter Chapter notes 8 tables 6 figures and an index are included The appendix contains a list of questions for self review Contains 212 references LMI

Public Opinion and Polling around the World John G. Geer, 2004-07-21 Covering the intricate facets of America s most important democratic tradition this book serves as an important resource to understand how citizens views are translated into governmental action Public Opinion and Polling around the World presents a thorough review of public opinion from its roots in colonial America to its role in today s emerging democracies More than 100 entries prepared by top scholars examine the 200 year history of public opinion measurement methodologies with an emphasis on telephone interviews and Internet polls and key figures like George Gallup and Elmo Roper who created their own polling

systems An analysis of theories compares schools of thought from the fields of psychology sociology and economics and explores how people form opinions A fascinating snapshot of the public s current views on economic issues foreign policy gender gay rights and other hot button topics observes patterns across genders race ethnic origins class and religion in regions all over the world Students academicians and political observers will discover answers to such questions as does public opinion shape the behavior of government Faith and the Presidency From George Washington to George W. Bush Gary Scott Smith,2006-10-12 Publisher description **Political Leadership** Michael Foley,2013-11 This authoritative volume analyses the practice and impact of political leadership aiming to position it within a more integrated framework

**The Politics of the Presidency** Joseph A.
