The Princess And The Wise Woman 10:

The Fairies in Tradition and Literature Katharine Mary Briggs, 2002 This remarkable book explores the history of fairies in literature and tradition **The Complete Fairy Tales** George MacDonald, U. C. Knoepfelmacher, 1999-09-01 George MacDonald occupied a major position in the intellectual life of his Victorian contemporaries This volume brings together all eleven of his shorter fairy stories as well as his essay *The Fantastic Imagination* The subjects are those of traditional fantasy good and wicked fairies children embarking on elaborate quests and journeys into unsettling dreamworlds Within this familiar imaginative landscape his children's stories were profoundly experimental questioning the association of childhood with purity and innocence and the need to separate fairy tale wonder from adult scepticism and disbelief [The Lost Princess](#) George MacDonald, 2016-12-18 *The Lost Princess* Other Fairy Stories Seven enchanted fairytales by George MacDonald including *The Lost Princess* *The Golden Key* *The Day Boy and the Night Girl* *The Light Princess* *The Giant's Heart* *Cross Purposes* *The Shadows* Not only for children [Dimensions of Madeleine L'Engle](#) Suzanne Bray, 2017-01-03 Best known for her Newbery Medal winning novel *A Wrinkle in Time* Madeleine L'Engle 1918-2007 had a long and successful writing career Her books enjoyed popular acclaim and she was in constant demand to give speeches write forewords and advise and encourage younger authors Yet her work particularly her adult fiction has been largely ignored by scholars This collection of new essays gives overdue critical attention to L'Engle's complete body of work from her familiar young adult fiction to her religious writings poems and short stories ... [The Princess](#) Alfred Tennyson Baron Tennyson, 1899 [The Christian Goddess](#) Bonnie Gaarden, 2011-04-29 *The Christian Goddess* Archetype and Theology in the Fantasies of George MacDonald examines this British Victorian writer's employment of female figures to represent Deity Such symbolism is extremely unusual for a Christian author of this period and anticipates the efforts of many modern theologians to develop an image of God as Mother Bonnie Gaarden reads the goddess figures in MacDonald's fantasies as both archetypes of the collective unconscious and as emblems articulating MacDonald's unique Christian theology which is Trinitarian Neo Platonic mystical and universalist The goddesses become the central figures around which the author develops her interpretations of MacDonald's adult fantasy novels his children's books and some of his fairy tales These readings discover MacDonald's ideas about God and the nature of good and evil models of spiritual and psychological development that foreshadow the theories of Carl Jung and Eric Neumann and acerbic commentary on the values and customs of Victorian society and religion According to *The Christian Goddess* MacDonald's Romantic belief in God's self-revelation in Nature led him to create Nature mothers such as the Green Lady in *The Golden Key* and Lilith's Eve which evoke both the Great Mother archetype described by Eric Neumann and the modern neopagan Great Mother as developed in the works of James Frazer Robert Graves and Marija Gimutas MacDonald dramatized his view of evil and its cure in the title character of Lilith a Terrible Mother archetype historically embodied in the Hindu goddess Kali MacDonald's notion of the world as Keats's vale of Soulmaking also

elaborated by religious philosopher John Hick is conveyed by Magic Cauldron archetypes in The Wise Woman The Gray Wolf and Lilith Muse figures in Phantastes and At the Back of the North Wind express MacDonald s conviction that a right imagination is the voice of God while Divine Children in The Wise Woman and The Golden Key communicate his belief that true childhood is the Divine nature The great grandmother in the Princess books a personification of the multi dimensional activity of Divine Wisdom springs from the Judeo Christian Sophia and the classical Athena while Kore figures in The Princess and the Goblin Lilith and Phantastes re present the transforming descents of Persephone and Christ This book shows MacDonald s fantasies as a chronological bridge anchored in the traditions of the Hebrew Bible and the New Testament incorporating the teachings of Christian mysticism and theistic Romanticism and linking to the contemporary concerns in Western society that have given birth to the New Age The Christian goddess portrayed in these fantasies may strike the reader as a Deity whose time has come

Manlove,2020-04-16 After a decade from 1965 which had seen the growth in Britain and America of an enormous interest in fantasy literature and a rise in its academic repute from cold to lukewarm a serious study of the subject seemed long overdue In this first critical book in its time on modern English fantasy Colin Manlove surveys a representative group of modern fantasies in the Victorian period in the children s scientific and Christian fantasy The Water Babies by Charles Kingsley and the mystical fantasy of the Scottish writer George MacDonald and from the twentieth century the interplanetary romances of C S Lewis the post war fantasy of rebellious youth in Mervyn Peake s Gormenghast books and the quest to avert apocalypse in J R R Tolkien s The

Lord of the Rings The aim with all these works is to show the peculiar literary experiences they offer and to assess their strengths and limitations in relation to wider English literature In the introduction to his book Manlove gives a definition of fantasy marking off the genre from its near neighbors science fiction and Gothic or horror story and distinguishing between fantasies that are serious works of imagination and those that are fanciful or escapist Each chapter that follows is primarily a literary analysis set in a context of the writer s life thought and other works As the book proceeds there begins to emerge a picture of the originality and merit of the writers but at the same time the sense of a division in the purpose of each writer whereby their works fail to abide by their own laws In the conclusion to this book Manlove draws the different types of division found into one and argues that the problem is one that is endemic to the writing of modern fantasy Good Housekeeping ,1923 *George MacDonald's Children's Fantasies and the Divine Imagination* Colin Manlove,2020-01-01 The great Victorian Christian author George MacDonald is the well spring of the modern fantasy genre In this book Colin Manlove offers explorations of MacDonald s eight shorter fairy tales and his longer stories At the Back of the North Wind The Princess and the Goblin The Wise Woman and The Princess and Curdie MacDonald saw the imagination as the source of fairy tales and of divine truth together For he believed that God lives in the depths of the human mind and sends up from thence wonderful gifts into the light of the understanding This makes MacDonald that very rare thing a writer of mystical fiction whose work can give us experience of the divine Throughout his children s fantasy stories MacDonald is describing the human and divine imagination In the shorter tales he shows how the imagination has different regions and depths each able to shift into the other With the longer stories we see the imagination in relation to other aspects of the self and to its position in the world Here the imagination is portrayed as often embattled in relation to empiricism egotism and greed
