The Private Wound Penguin Crime Fiction:

The Private Wound Nicholas Blake, 1975 **Irish Crime Fiction** Brian Cliff, 2018-04-19 This book examines the recent expansion of Ireland's literary tradition to include home grown crime fiction. It surveys the wave of books that use genre structures to explore specifically Irish issues such as the Troubles and the rise and fall of the Celtic Tiger as well as Irish experiences of human trafficking, the supernatural, abortion and civic corruption. These novels are as likely to address the national regulation of sexuality through institutions like the Magdalen Laundries as they are to follow serial killers through the American South or to trace international corporate conspiracies. This study includes chapters on Northern Irish crime fiction, novels set in the Republic, women protagonists and transnational themes and discusses Irish authors' adaptations of a well-loved genre and their effect on assumptions about the nature of Irish literature. It is a book for readers of crime fiction and Irish literature alike, illuminating the fertile intersections of the two. The Crime Novel Nadya Aisenberg, 1978

Politics of Myth Stephen Knight, 2015-10-01 In *The Politics of Myth* Stephen Knight studies nine figures still vividly alive, all of them appearing in twenty-first century film and television. Analysing how they relate to the major themes of Power, Resistance and Knowledge, he shows how fact and fiction mix to help us explore and understand the complexities of our world. Surprising mythic shifts occur across time: Robin Hood can be a tough anti-authoritarian, a genial aristocrat, a Saxon patriot. Queen Elizabeth I has been seen as a Protestant heroine, a love-lorn lady, even a grumpy manipulator. From Merlin's multiple manifestations and Sherlock Holmes's smoking habits to the ongoing arguments about Ned Kelly, this book explores the richness and the range of figures of myth.
