Chapter 4 Ethical and Social Issues in Information Systems

Understanding Ethical and Social Issues Related to Systems

The Relationship Between Ethical, Social, and Political Issues in an Information Society

Figure 4-1

The introduction of new information technology has a ripple effect, raising new ethical, social, and political issues that must be dealt with on the individual, social, and political levels. These issues have five moral dimensions: information rights and obligations, property rights and obligations, system quality, quality of life, and accountability and control.
