

SOCIAL GROUP

A social group is composed of two or more people who interact and identify with each other and share a common objective or purpose. This interaction and shared identification form the basis of society, ranging from small groups like families to larger ones like communities, religious groups, or entire societies.

Social Identification In Groups

Shane R. Thye, Edward J. Lawler

Social Identification In Groups:

Social Identification in Groups Shane R. Thye, Edward J. Lawler, 2005-07-06 Includes papers that reflect a range of theoretical approaches to social identity and contributions by scholars that work in the general area of group processes This work examines how group identities can have beneficial and detrimental effects on workplace commitment *Individuality and the Group* Tom Postmes, Jolanda Jetten, 2006-04-25 Social identity research has transformed psychology and the social sciences Developed around intergroup relations perspectives on social identity have now been applied fruitfully to a diverse array of topics and domains including health organizations and management culture politics and group dynamics In many of these new areas the focus has been on groups but also very much on the autonomous individual This has been an exciting development and has prompted a rethinking of the relationship between personal identity and social identity the issue of individuality in the group This book brings together an international selection of prominent researchers at the forefront of this development They reflect on this issue of individuality in the group and on how thinking about social identity has changed Together these chapters chart a key development in the field how social identity perspectives inform understanding of cohesion unity and collective action but also how they help us understand individuality agency autonomy disagreement and diversity within groups This text is valuable to advanced undergraduate and postgraduate students studying social psychology where intergroup relations and group processes are a central component Given its wider reach however it will also be of interest to those in cognate disciplines where social identity perspectives have application potential **Social Groups and Identities** William Peter Robinson, 1996 Henri Tajfel made a major contribution to social psychology in Europe This collection bring together the ideas of authors who worked with him in Bristol Each has been strongly influenced by Tajfel an influence which has encouraged diverse approaches and the development of social identity theory *Social Identity Processes in Organizational Contexts* Michael A. Hogg, Deborah J. Terry, 2014-06-03 This new volume is the first to bring together social and organizational psychologists to explore social identity theory in organizational contexts The chapters are wide ranging they deal with basic social identity theory organizational diversity leadership employee turnover mergers and acquisitions organizational identification cooperation and trust in organizations commitment and work and socialization and influence within organizations This book is an integrative platform for a closer relationship between social psychologists and organizational psychologists who study social identity processes in organizations **Social Identity and Intergroup Relations** Henri Tajfel, 2010-06-24 This study explores the relationship between social groups and their conflicts **Social Identity** Stephen Worchel, 1998-03-28 Social identity and social categorization theories have offered some of the most exciting developments in social psychology informing work on everything from intergroup relations to personal identity This comprehensive book surveys the latest empirical and theoretical findings alongside original contributions to provide an invaluable overview of this important field The internationally renowned contributors explore a broad range of psychosocial

phenomena including intergroup discrimination influence group polarization collective behaviour impact of minorities prejudice stereotypes and leadership *Self and Social Identity in Educational Contexts* Kenneth I. Mavor, Michael J. Platow, Boris Bizumic, 2017-02-24 This innovative volume integrates social identity theory with research on teaching and education to shed new and fruitful light on a variety of different pedagogical concerns and practices It brings together researchers at the cutting edge of new developments with a wealth of teaching and research experience The work in this volume will have a significant impact in two main ways First and foremost the social identity approach that is applied will provide the theoretical and empirical platform for the development of new and creative forms of practice in educational settings Just as the application of this theory has made significant contributions in organisational and health settings a similar benefit will accrue for conceptual and practical developments related to learners and educators from small learning groups to larger institutional settings and in the development of professional identities that reach beyond the classroom The chapters demonstrate the potential of applying social identity theory to education and will stimulate increased research activity and interest in this domain By focusing on self social identity and education this volume investigates with unprecedented clarity the social and psychological processes by which learners personal and social self concepts shape and enhance learning and teaching *Self and Social Identity in Educational Contexts* will appeal to advanced students and researchers in education psychology and social identity theory It will also be of immense value to educational leaders and practitioners particularly at tertiary level *Rationality and Social Responsibility* Joachim I. Krueger, 2008-04-09 This volume brings together a diverse group of authors who have been associated with Robyn Dawes over the years The breadth of topics covered reflects Dawes s wide ranging impact on psychological theory and empirical practice The two themes of rationality and social responsibility are well developed in the book Dawes had always urged investigators to take seriously the question of how individuals can reconcile self interest i e rationality with the collective good i e social responsibility The area of judgment and decision making poses a similar challenge here rational judgment is the most responsible judgment because it minimizes errors To attain rationality in this domain individuals need to accept the limitations of their own intuitions This volume presents an up to date overview of how far psychological science has come in its struggle to reconcile what is true with what is good Each chapter is a stimulus for new research and a reminder not to forget the hard won lessons of the past in particular those taught by Robyn Dawes *Social Identity and Conflict* K. Korostelina, 2007-07-23 Looking at a variety of countries this book explores the influence of cultural dimensions on the interrelations between personal and social identity and the impact of identity salience on attitudes stereotypes and the structures of consciousness **Social Identity**,
