Olson, 1999-12-30 Few eras in U S history have begun with more optimistic promise and ended in more pessimistic despair than the 1960s When JFK became president in 1960 the U S was the hope of the world Ten years later American power abroad seemed wasted in the jungles of Indochina and critics at home cast doubt on whether the U S was really the land of the free and the home of the brave This book takes an encyclopedic look at the decade at the individuals who shaped the era the civil rights movement the antiwar movement the women s movement and the youth rebellion It covers the political military social cultural religious economic and diplomatic topics that made the 1960s a unique decade in U S history

The Women's Movement in Protest, Institutions and the Internet Sarah Maddison, Marian Sawyer, 2013-08-15 The death of feminism is regularly proclaimed in the West Yet at the same time feminism has never had such an extensive presence whether in international norms and institutions or online in blogs and social networking campaigns This book argues that the women s movement is not over but rather social movement theory has led us to look in the wrong places This book offers both methodological and theoretical innovations in the study of social movements and analyses how the trajectories of protest activity and institution building fit together The rich empirical study together with focused research on discursive activism blogging popular culture and advocacy networks provides an extraordinary resource showing how the women s movements can survive the highs and lows and adapt in unexpected ways Expert contributors explore the ways in which the movement is continuing to work its way through institutions and persists within submerged networks cultural production and in everyday living sustaining itself in non receptive political environments and maintaining a discursive feminist space for generations to come Set in a transnational perspective this book trace the legacies of the Australian women s movement to the present day in protest non government organisations government organisations popular culture the Internet and the Slut Walk The Women s Movement in Protest Institutions and the Internet will be of interest to international students and scholars of gender politics gender studies social movement studies and comparative politics
