Social Mobility In Nineteenth And Early Twentieth Century England

A. Miles

Social Mobility In Nineteenth And Early Twentieth Century England:

Social Mobility in Nineteenth- and Early Twentieth-Century England A. Miles, 1999-04-12 This pioneering book provides the first systematic historical analysis of occupational and social mobility in England Using a collection of over 10 000 marriage certificates to examine inter generational change and almost 500 autobiographical texts and abstracts to explore the dynamics of career mobility it shows how the development of the nineteenth century economy was accompanied by rising rates of mobility which made English society more open while at the same encouraging a distinct process of working class formation A Companion to Early Twentieth-Century Britain Chris Wrigley, 2008-04-15 This Companion brings together 32 new essays by leading historians to provide a reassessment of British history in the early twentieth century The contributors present lucid introductions to the literature and debates on major aspects of the political social and economic history of Britain between 1900 and 1939 Examines controversial issues over the social impact of the First World War especially on women Provides substantial coverage of changes in Wales Scotland and Ireland as well as in England Includes a substantial bibliography which will be a valuable guide to secondary sources The working class in mid-twentieth-century England Ben Jones, 2018-09-30 This book maps how working class life was transformed in England in the middle years of the twentieth century National trends in employment welfare and living standards are illuminated via a focus on Brighton providing valuable new perspectives of class and community formation Based on fresh archival research life histories and contemporary social surveys the book historicises important cultural and community studies which moulded popular perceptions of class and social change in the post war period It shows how council housing slum clearance and demographic trends impacted on working class families and communities While suburbanisation transformed home life leisure and patterns of association there were important continuities in terms of material poverty social networks and cultural practices This book will be essential reading for academics and students researching modern and contemporary social and cultural history sociology cultural studies and human geography **20th Century Britain** Nicole Robertson, John Singleton, Avram Taylor, 2022-12-30 20th Century Britain provides an authoritative and accessible survey of contemporary research on economic activity society political development and culture Written by leading academics it examines recent advances in scholarship and gives a grounding in established approaches and topics The first part comprises thematic essays covering the whole of the twentieth century including chapters on the economy economic management big business parliamentary politics leisure work health international economic relations and empire It uncovers key areas of equality and diversity in chapters on women living standards social mobility ethnicity and multiculturalism and gender and sexuality The most recent subfields of historical studies are also explored including disability history and environmental economic history The second part focuses on seismic events and topics covering shorter timeframes including the World Wars interwar Depression Britain and European integration sexual behaviours civil society the 1960s cultural revolution and resisting

racism This collection provides an essential guide to current academic thinking on the most important elements of twentieth century British history and is a useful tool for all students and scholars interested in modern Britain *20th Century Britain* Francesca Carneval, Julie-Marie Strange, 2014-06-11 Written by leading international scholars Twentieth Century Britain investigates key moments themes and identities in the past century Engaging with cutting edge research and debate the essays in the volume combine discussion of the major issues currently preoccupying historians of the twentieth century with clear guidance on new directions in the theories and methodologies of modern British social cultural and economic history Divided into three the first section of the book addresses key concepts historians use to think about the century notably class gender and national identity Organised chronologically the book then explores topical thematic issues such as multicultural Britain religion and citizenship Representing changes in the field some chapters represent more recent fields of historical inquiry such as modernity and sexuality *Social Mobility in Developing Countries* Vegard Iversen, Anirudh Krishna, Kunal Sen, 2022-01-06 Combines research from different disciplines to assess social mobility in developing countries **Social Change in the History of British Education** Joyce Goodman, Gary McCulloch, WILLIAM RICHARDSON, 2013-09-13 This work provides an overall review and analysis of the history of education and of its key research priorities in the British context It investigates the extent to which education has contributed historically to social change in Britain how it has itself been moulded by society and the needs and opportunities that remain for further research in this general area Contributors review the strengths and limitations of the historical literature on social change in British education over the past forty years ascertain what this literature tells us about the relationship between education and social change and map areas and themes for future historical research They consider both formal and informal education different levels and stages of the education system the process and experience of education and regional and national perspectives They also engage with broader discussions about theory and methodology The collection covers a large amount of historical territory from the sixteenth century to the present including the emergence of the learned professions the relationship between society and the economy the role of higher technological education the historical experiences of Ireland Scotland and Wales the social significance of teaching and learning and the importance of social class gender ethnicity and disability It involves personal biography no less than broad national and international movements in its considerations This book will be a major contribution to research as well as a general resource in the history and historiography of education in Britain *The Cambridge Economic History of Modern Britain* Roderick Floud, Jane Humphries, Paul Johnson, 2014-10-09 A new edition of the leading textbook on the economic history of Britain since industrialization Combining the expertise of more than thirty leading historians and economists Volume 1 tracks Britain s economic history in the period ranging from 1700 to 1870 from industrialisation to global trade and empire Each chapter provides a clear guide to the major controversies in the field and students are shown how to connect historical evidence with economic theory and apply quantitative methods New approaches are proposed to

classic issues such as the causes and consequences of industrialisation the role of institutions and the state and the transition from an organic to an inorganic economy as well as introducing new issues such as globalisation convergence and divergence the role of science technology and invention and the growth of consumerism Throughout the volume British experience is set within an international context and its performance benchmarked against its global competitors **The Cambridge**

Economic History of Modern Britain: Volume 1, Industrialisation, 1700-1870 Roderick Floud, Jane Humphries, Paul

Johnson, 2014-10-09 A new edition of the leading textbook on the economic history of Britain since industrialization

Combining the expertise of more than thirty leading historians and economists Volume 1 tracks Britain's economic history in the period ranging from 1700 to 1870 from industrialisation to global trade and empire Each chapter provides a clear guide to the major controversies in the field and students are shown how to connect historical evidence with economic theory and apply quantitative methods New approaches are proposed to classic issues such as the causes and consequences of industrialisation the role of institutions and the state and the transition from an organic to an inorganic economy as well as introducing new issues such as globalisation convergence and divergence the role of science technology and invention and the growth of consumerism Throughout the volume British experience is set within an international context and its performance benchmarked against its global competitors

Work and Pay in 20th Century Britain N. F. R. Crafts, Ian Gazeley, Andrew Newell, 2007-01-11 Written by leading British historians and economists this volume looks at how fundamental changes in British labor markets throughout the 20th century transformed the lives of the British people
