The Social Responsibility of Gynecology and Obstetrics Allan C. Barnes, 1976 The Social Responsibility of Gynecology and Obstetrics Johns Hopkins Hospital, 1965 Ethics in Obstetrics and Gynecology Laurence B. McCullough, Frank A. Chervenak, 1994 This book offers a comprehensive and clinically practical approach to ethics in the everyday practice of obstetrics and gynecology The topics the authors address include contraception abortion selective termination of multifetal pregnancies gynecologic cancer in vitro fertilization surrogacy prenatal diagnosis fetal therapy cephalocentesis prematurity HIV infection and court ordered cesarean delivery The issues involved in making decisions in many of these areas are a source of conflict and lead to crisis between the physician and patient One of the book's strengths is its emphasis on prevention and if prevention fails management of the conflicts and crises which arise in these areas of medicine The authors develop their preventative and management strategies on the basis of a framework for bioethics in the clinical setting This framework is rigorously established and defended The authors argue that four virtues self effacement self sacrifice compassion and integrity generate the physician's obligation to protect and promote the patient's interest They then identify the three types of patient's interests social role interests subjective interests and deliberative interests and they reinterpret the ethical principles of beneficence and respect for autonomy in terms of these The concept of the fetus as patient the physician's obligation to third parties and the moral standing of fathers and family members are also addressed The implications of their argument sets the stage for the discussions of prevention and management in the remaining sections of the book Ethics in Obstetrics and Gynecology is a unique addition to the literature in both biomedical ethics and obstetrics and gynecology It demonstrates that ethics should be regarded as an essential part of obstetrics and gynecology and that clinical practice is incomplete without it **The Social Responsibility of Gynecology and Obstetrics**, 1966
