Azmon,1975 **Ninian Smart on World Religions: Traditions and the challenges of modernity. I. Individual traditions. Buddhism. 'Mysticism and scripture in Theravāda Buddhism'** Ninian Smart,2009 Ninian Smart came to public prominence as the founding Professor of the first British university Department of Religious Studies in the late 1960s His pioneering views on education in religion proved hugely influential at all levels from primary schools to academic teaching and research An unending string of publications many of them accessible to the general public sustained a reputation that became worldwide Here for the first time a selection of Ninian Smart s wide ranging writings is organised systematically under a set of categories which both comprehend and also illuminate his varied output over a career spanning half a century The editor John Shepherd was Principal Lecturer in Religion and Philosophy at the University of Cumbria He first met Smart as a postgraduate student and recently helped establish the Ninian Smart Archive at the University of Lancaster **Totalitarian Democracy and After** Yehoshua Arieli,Nathan Rotenstreich,2002 This volume first published in 1984 contains the principal papers from a distinguished colloquium held in 1982 Its avowed purpose is to investigate further the notion of totalitarian democracy and to look at its repercussions in the contemporary world *The Scientific Value of Tradition* John Francis Arundell Baron Arundell of Wardour,1879 The scientific value of tradition; a correspondence between lord Arundell of Wardour and E. Ryley John Francis Arundell (12th baron Arundell of Wardour.),1879

Socialisms: Old and New Tony Wright,2006-06-19 This is a revised and updated edition of Tony Wright s critically acclaimed work that first appeared a decade ago It provides a lucid and accesible survey of the major strands of socialist thinking right up to the present day and includes an assessment of the renewal of socialism in Britain It is an indispensable text for students and a stimulating guide to socialism past and present But it is also a book with an argument Tony Wright makes the case for a socialism that learns the lessons of its own history roots itself in an ethic of community and applies traditional values in new ways It is a book for everyone who wants to understand where socialism has come from and where it might still be going **Socialisms** Anthony Wright,1996 In this stimulating introduction to the subject Tony Wright argues that the contradictions within socialism arise from the absence of a single socialist tradition despite Marxist attempts to claim the title of the true socialism **Enduring Socialism** Harry G. West,Parvathi Raman,2009 Against the historical backdrop of successive socialist and post socialist claims to have completely remade society the contributors to this volume explore the complex and often paradoxical continuities between diverse post socialist presents and their corresponding socialist and pre socialist pasts The chapters focus on ways in which pre socialist economic political and cultural forms in fact

endured an era of socialism and have found new life in the post socialist present notwithstanding revolutionary socialist claims continuities with a pre socialist past have been produced within the historical imaginary of post socialism and socialist economic political and cultural forms have in fact endured in a purportedly postsocialist era despite the claims of neo liberal reformers Publisher s website
