Socialist Register 1995 Why Not Capitalism:

Intellectual Radicalism after 1989 Sebastian Berg, 2017-03-15 Left wing intellectuals in Britain and the US had long repudiated the Soviet regime Why was the collapse of the Eastern Bloc experienced as a shock that destabilised their identities and political allegiances then What happened to a collective project that had started out to formulate a socialist vision different from both really existing socialism and social democracy This study endeavours to answer both questions focusing on generational networks rather than individuals and investigating political academic journals after 1989 to paint the picture of a Left deeply troubled by the triumph of a capitalism unfettered by any counter force **Encyclopedia of Critical Political Science** Clyde W. Barrow, 2024-03-14 An indispensable and exemplary reference work this Encyclopedia adeptly navigates the multidisciplinary field of critical political science providing a comprehensive overview of the methods approaches concepts scholars and journals that have come to influence the discipline s development over the last six decades

Jeffrey Surovell, 2018-01-18 This title was first published in 2000 highly innovative work which challenges mainstream approaches to the study of Russian policy with its groundbreaking application of Marxism and dependency theories Using class analysis it examines in a meticulously documented study what is perhaps the most important issue in world politics today Russia and the West Unconventional yet powerful it nevertheless comes up with highly persuasive conclusions Whether one agrees with its challenging conclusions or not they cannot be ignored **Beyond Dogmatism**, 2023-08-07 In Beyond Dogmatism Studies in Historical Sociology Andrea Borghini offers a general overview of the perspective of Historical Sociology through distinguished authors working in this field Each of the contributing chapters

traverses the history of sociological thought in a rich and innovative way Through the analysis of authors such as Bourdieu Luk cs Chase Dunn Gramsci Polanyi Sombart Mann and topics such as the Critique of Capitalism the Fetishism of Commodities the Sociology of Concepts and various comparisons between Sociology and Political Science an enlightening panorama is composed The end result is to restore the extreme topicality and richness of an approach that is particularly valuable for describing and interpreting the dynamics of our age Contributors are Ricardo A Dello Buono Gerardo Pastore Domenico Maddaloni Cory Blad Enrico Campo Alfonso Maurizio Iacono Roberta Iannone Andrea Borghini Elena Gremigni Eleonora Piromalli Lorenzo Sabetta Carmelo Lombardo and Alfredo Ferrara *Global Flashpoints* Leo Panitch,Colin Leys,2007 New forces of resistance have emerged to both American imperialism and neoliberalism But how far do these forces represent a progressive alternative This volume surveys the key flashpoints of resistance today The main arena of resistance to imperialism is the Middle East Six essays explore the ambivalent nature of Islamic anti imperialism and the West s crucial role in making it so significant as well as the different forms it takes as a political creed and they provide particular insight into the relationship between religion and politics today in Iraq Palestine and Turkey *Liberalism's Crooked Circle* Ira Katznelson,2021-08-10 This book is a profoundly moving and analytically incisive attempt to shift the terms of discussion in American politics It speaks to the intellectual and political weaknesses within the liberal tradition that have put the United States at the mercy of libertarian authoritarian populist nakedly racist and traditionalist elitist versions of the right wing and it seeks to identify resources that can move the left away from the stunned intellectual incoherence with which it has met the death of Bolshevism In Ira Katznelson s view Americans are squandering a tremendous ethical and political opportunity to redefine and reorient the liberal tradition In an opening essay and two remarkable letters addressed to Adam Michnik who is arguably East Europe s emblematic democratic intellectual Katznelson seeks to recover this possibility By examining issues that once occupied Michnik s fellow dissidents in the Warsaw group known as the Crooked Circle Katznelson brings a fresh realism to old ideals and posits a liberalism that stares hard at cruelty suffering coercion and tyrannical abuses of state power Like the members of Michnik s club he recognizes that the circumference of liberalism s circle never runs smooth and that tolerance requires extremely difficult judgments Katznelson s first letter explores how the virtues of socialism including its moral stand on social justice can be related to liberalism while overcoming debilitating aspects of the socialist inheritance The second asks whether liberalism can recognize appreciate and manage human difference Situated in the lineage of efforts by Richard Hofstadter C Wright Mills and Lionel Trilling to thicken liberalism these letters also draw on personal experience in the radical politics of the 1960s and in the dissident culture of East and Central Europe in the years immediately preceding communism s demise Liberalism s Crooked Circle could help foster a substantive debate in the American elections of 1996 and determine the contents of that desperately needed discussion

Neoliberalism and National Culture Cory Blad,2011-09-23 Canada and Qu bec are presented in historical comparative

context as examples of how neoliberal states achieve global political economic integration while relying on cultural legitimisation to maintain social policies working to mitigate social changes resulting from increased global integration

Neoliberal Globalisation and Resistance from Below Jasper Abembia Ayelazuno, 2018-08-15 As bearers of their own emancipation the political agency of the subaltern classes is a vexed question a time honoured one at that Why do the subalterns endure injustices without revolting most of the time but revolt sometimes against some injustices The euphoria of globalisation from below this book argues skirts responsibility of addressing this question by presuming a groundswell of resistance across the world against neoliberal globalisation In contrast to this oeuvre Neoliberal Globalisation and Resistance from Below engages this question squarely by using the socio historical approach to explain why the subalterns resist neoliberal globalisation in Bolivia and not in Ghana The author urges scholars of critical political economy to pay greater attention to why the subalterns resist rather than how they resist or what the ideal end of their resistance should be Such refocusing of the research and political lens will yield a more realistic picture of what is politically possible in the social context of peripheral capitalism regarding an anti capitalist revolution The author further argues that this refocusing will cure many of the romantic anti capitalist claims and banal wishful thinking of a socialist revolution in peripheral capitalist regions such as Latin American The Middle East and North Africa MENA and Sub Saharan Africa Neoliberal Globalisation and Resistance from Below will be of interest to students and scholars of African politics neoliberalism globalisation political economy and subaltern politics
