Society, Spirituality, and the Sacred Donald S. Swenson, 1999 This work makes a much needed contribution to teaching and learning about the various forms of religious belief and action in our world Kevin J Christiano University of Notre Dame

The Changing World Religion Map Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind's eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

Alleluia Don Swenson, 2018-09-15 The Alleluia Community is a unique Christian community of over three hundred committed charismatic Christians in Augusta Georgia who live a covenant and ecumenical lifestyle Emerging from the Charismatic Renewal Movement of the 1960s members of Alleluia have maintained a lively charismatic dimension of the Christian tradition with a willingness to make a life time covenant commitment to each other Since 1973 this group of people has exhibited heroic virtue self sacrifice humility deference for one another and service to others outside their boundaries They claim to be guided by the Holy Spirit in their daily lives Their leaders lead with a strong sense of service and Christian love and a willingness to lay down their own agendas A major feature of these covenant makers is that they strive for daily Christian unity while being committed to one of the twelve plus

various denominations and fellowships Swenson had the opportunity of living among these people for twenty months During this time he used a mixed method approach involving over one hundred interviews and three hundred instruments to create both qualitative and quantitative measures of the lives of these people To structure their story he used the dilemmas of the institutionalization of religion from the scholarship of Thomas O Dea and secularization theory The data gathered give abundant evidence that these Alleluia faithful have substantively resisted the secular influence so common in Western culture

The Lotus and the Lion J. Jeffrey Franklin, 2011-03-15 Buddhism is indisputably gaining prominence in the West as is evidenced by the growth of Buddhist practice within many traditions and keen interest in meditation and mindfulness In *The Lotus and the Lion* J Jeffrey Franklin traces the historical and cultural origins of Western Buddhism showing that the British Empire was a primary engine for curiosity about and then engagement with the Buddhisms that the British encountered in India and elsewhere in Asia As a result Victorian and Edwardian England witnessed the emergence of comparative religious scholarship with a focus on Buddhism the appearance of Buddhist characters and concepts in literary works the publication of hundreds of articles on Buddhism in popular and intellectual periodicals and the dawning of syncretic religions that incorporated elements derived from Buddhism In this fascinating book Franklin analyzes responses to and constructions of Buddhism by popular novelists and poets early scholars of religion inventors of new religions social theorists and philosophers and a host of social and religious commentators Examining the work of figures ranging from Rudyard Kipling and D H Lawrence to H P Blavatsky Thomas Henry Huxley and F Max Müller Franklin provides insight into cultural upheavals that continue to reverberate into our own time Those include the violent intermixing of cultures brought about by imperialism and colonial occupation the trauma and self reflection that occur when a Christian culture comes face to face with another religion and the debate between spiritualism and materialism *The Lotus and the Lion* demonstrates that the nineteenth century encounter with Buddhism subtly but profoundly changed Western civilization forever *Lubavitcher Messianism* Simon Dein, 2011-01-20 In 1994 the Lubavitcher Rebbe Menachem Schneerson died leaving no successor For many years his followers had maintained that he was Moshiach the Jewish Messiah and would usher in the Redemption After his death Lubavitch divided into two opposing groups While some messianists hold that the Rebbe died but is to be resurrected as the messiah others hold that he is still alive but concealed The anti messianists maintain that the Rebbe could have been Moshiach if God had willed it but they disagree vehemently that as such he could come back from the dead Using ethnographic data obtained by the author through twenty years of fieldwork this book presents a social psychological account of Lubavitcher Messianism and moves beyond the typical scholarly preoccupation with belief and dissonance to examine the role of rhetoric religious experience and ritual in maintaining counterintuitive convictions Through examining the parallels between early Christianity and messianism in Lubavitch this book provides a comprehensive perspective for examining messianism generally **Religion and Family Links** Donald Swenson, 2008-01-01 For many the experience of religion and

the family are organically connected first exposure to religion often comes through the family and in families that practice a religion it often has a shaping effect on their traditions roles practices or structure The author of this text captures the important relationship between religion and the family with a review of relevant literature on the subject synthesizing it within a theoretical framework The work begins with an introduction to the neofunctionalist theoretical framework of the family This framework is connected to a multidimensional understanding of religion With a focus on systems and a holistic interpretation of religion the author uses a systems approach to construct a synthesis of the salient literature on the link between religion and the family Four systems that are embedded in the Neofunctionalist theoretical framework are presented the chronosystem including time and history the organic system that which is part of our biology the personality system with an accent on the individual in social context the social system everything to do with relationships and social organizations and the cultural system including mythology and ethos The concepts from religion that create a unity include the idea of the sacred religious experience ritual ethos and sacred organizations Another feature of the text is that it is not restricted to the modern era Much of the research is historical in nature that assists the reader in understanding links of the two social phenomena in the light of the past Further whenever appropriate literature will be drawn from folk religion Christianity Judaism and Islam
