Sociology And The Jesus Movement:

Sociology and the Jesus Movement Richard A. Horsley, 1994 If I had to pick one introduction to the sociology of the New Testament it would be this one *Theology Today* **Turning to Jesus** Scot McKnight, 2002-01-01 Scot McKnight's careful study of Jesus' relationship with his followers reveals that elements of all three contemporary models of conversion—the personal decision, the sociological, and the liturgical—are present within the Gospel accounts. But because the Gospel narratives themselves are insufficiently explicit to support only one contemporary model of conversion, McKnight suggests that an enhanced reading of the Gospels should engender an appreciation for each of the models in the church today. *The Early Jesus Movement and Its Parties* Harry W. Eberts, Paul Roberts Eberts, 2009-11 What have generations of New Testament scholars been hiding from us over all the ages? Harry and Paul Eberts challenge readers to rethink the New Testament. Most scholars have presumed there was a reasonably unified movement among the Christian churches led by Peter, Paul, James, and Philip immediately following Jesus' death and resurrection. The Eberts suggest that at least four parties vied with each other to attract converts to the belief that Jesus is the Christ: Peter, James, Stephen, Philip, and Apollos, and Paul and Barnabas. Up to now, most scholars have presumed the Gospels to be at least somewhat additive in developing the character of Jesus. The Eberts suggest that each Gospel represents the viewpoint of one of the four parties, thus presenting differing views of the meaning of Jesus' life, his death, and his resurrection. There has been the regular presumption that St. Paul's letters were unified statements of his views of beliefs, behaviors, and practices in the early churches. The Eberts instead suggest that the letters show a shifting over time in Paul's theology and ethics as the apostles struggled with the other three Christian parties and with Gentiles to convert nonbelievers to Christianity. Harry and Paul Eberts are brothers devoted to researching the New Testament. Both are Yale Divinity School graduates. [Jesus Movement](#) Ekkehard Stegemann, Wolfgang Stegemann, 1999-08-01 This work by two New Testament scholars is the first comprehensive social history of the earliest churches. Integrating the historical and social data, they locate the ancient Galileans, Judeans, and the Jesus movement in their respective matrices. The Stegemanns deal with such issues as conflict between the messianic communities and the rest of Judaism, religious pluralism, social stratification, group composition, gender division, ancient economics, and urban/rural distinctions. **The Early Jesus Movement and Its Congregations** Harry W. Eberts, Paul Roberts Eberts, 2011

Sociology and the New Testament Bengt Holmberg, 1990 Need for sociology in New Testament studies. Social level of first Christians. Early Christianity as a millenarian sect. Correlations between symbolic and social structures. Use of sociology in New Testament exegesis. **The Flourishing of Jewish Sects in the Maccabean Era: An Interpretation** Albert I. Baumgartner, 2021-12-06 This volume asks why Jewish groups—Sadducees, Pharisees, Essenes, and the Dead Sea Scroll sect—flourished during the Maccabean era. It argues that such a result is uncommon, requiring special explanation. In the introduction, sectarianism is defined and its varieties in Second Temple Judaism assessed. Among the causes of the known

results suggested are the encounter with an outside culture that seemed to be weakening the external national perimeter the impact of expanded literacy the move to the city from the farm as well as eschatological hope aroused by Maccabean victory In proposing these conclusions full advantage is taken of recently published Qumran sources such as 4QMMT The objective is to discover the connection between context and consequence which will explain why sectarianism was so prominent at that time

Legitimation in the Letter to the Hebrews Iutisone Salevao,2002-06-18 This book adopts an inter disciplinary approach to the study of the theology symbolism and argument of Hebrews Employing sociological models the book examines Hebrews in the context of the early Christians construction and maintenance of a social world In that respect the book elaborates the thesis that Hebrews was designed to serve a legitimating function in the realm of social interaction that its theology symbolism and argument were designed to construct and maintain the symbolic universe of the community of the readers It is argued that we cannot properly understand the theology symbolism and argument of Hebrews apart from its first century context

The Bible and the Dead Sea Scrolls: The scrolls and Christian origins James H. Charlesworth,2006 The recovery of 800 documents in the eleven caves on the northwest shores of the Dead Sea is one of the most sensational archeological discoveries in the Holy Land to date These three volumes the very best of critical scholarship demonstrate in detail how the scrolls have revolutionized our knowledge of the text of the Bible the character of Second Temple Judaism and the Jewish beginnings of Christianity

Jesus Remembered James D. G. Dunn,2003-07-29 In Christianity in the making James D G Dunn examines in depth the major factors that shaped first generation Christianity and beyond exploring the parting of the ways between Christianity and Judaism the Hellenization of Christianity and responses to Gnosticism He mines all the first and second century sources including the New Testament Gospels New Testament apocrypha and such church fathers as Ignatius Justin Martyr and Irenaeus showing how the Jesus tradition and the figures of James Paul Peter and John were still esteemed influences but were also the subject of intense controversy as the early church wrestled with its evolving identity
