Wacquant, 1992-07-15 Preface by Pierre Bourdieu Preface by Loïc J D Wacquant I Toward a Social Praxeology The Structure and Logic of Bourdieu's Sociology Loïc J D Wacquant 1 Beyond the Antinomy of Social Physics and Social Phenomenology 2 Classification Struggles and the Dialectic of Social and Mental Structures 3 Methodological Relationalism 4 The Fuzzy Logic of Practical Sense 5 Against Theoreticism and Methodologism Total Social Science 6 Epistemic Reflexivity 7 Reason Ethics and Politics II The Purpose of Reflexive Sociology The Chicago Workshop Pierre Bourdieu and Loïc J D Wacquant 1 Sociology as Socioanalysis 2 The Unique and the Invariant 3 The Logic of Fields 4 Interest Habitus Rationality 5 Language Gender and Symbolic Violence 6 For a Realpolitik of Reason 7 The Personal is Social III The Practice of Reflexive Sociology The Paris Workshop Pierre Bourdieu 1 Handing Down a Trade 2 Thinking Relationally 3 A Radical Doubt 4 Double Bind and Conversion 5 Participant Objectivation Appendixes Loïc J D Wacquant 1 How to Read Bourdieu 2 A Selection of Articles from *Actes de la recherche en sciences sociales* 3 Selected Recent Writings on Pierre Bourdieu *A Critical Theory Of Public Life* Ben Agger, 2013-10-31 This text collects together Ben Agger's essays on the origins significance and applications of critical theory a perspective associated with the Frankfurt School The essays address a variety of topics including the viability of Marxist theory and new social movements **Sociological Theory in Transition (RLE Social Theory)** Mark Wardell, Stephen Turner, 2014-08-07 Current sociological theories appear to have lost their general persuasiveness in part because unlike the theories of the classical era they fail to maintain an integrated stance toward society and the practical role that sociology plays in society The authors explore various facets of this failure and possibilities for reconstructing sociological theories as integrated wholes capable of conveying a moral and political immediacy They discuss the evolution of several concepts for example the social structure and self and address the significant disputes for example structuralism versus humanism and individual versus society that have dominated twentieth century sociological thought Their ideas and analyses are directed towards an audience of students and theorists who are coming to terms with the project of sociological theory and its relationship with moral discourses and political practice The authors of these essays are sociological theorists from the United States the United Kingdom and Canada They are all established but not establishment authors The book contains no orthodoxies and no answers However the essays do contribute to identifying the range of issues that will constitute the agenda for the next generation of sociological theorists **Introducing Sociology Using the Stuff of Everyday Life** Josee Johnston, Kate Cairns, Shyon Baumann, 2025-10-03 The challenges of teaching a successful introductory sociology course today demand materials very different from the norm It is a question of making the practice of sociological thinking meaningful rigorous and relevant to today's world of undergraduates This comparatively concise highly visual and engaging book offers a refreshingly new way forward to reach students using one of the most powerful tools in a sociologist's teaching

arsenal the familiar stuff in students everyday lives throughout the world the jeans they wear to class the coffee they drink each morning or the phones their professors tell them to put away during lectures A focus on consumer culture seeing the strange in the familiar is not only interesting for students it is also the authors suggest pedagogically superior to more traditional approaches By engaging students through their stuff this book moves beyond teaching about sociology to helping instructors teach the practice of sociological thinking It moves beyond describing what sociology is so that students can practice what sociological thinking can do This pedagogy also posits a relationship between teacher and learner that is bi directional Many students feel a sense of authority in various areas of consumer culture and they often enjoy sharing their knowledge with fellow students and with their instructor Opening up the sociology classroom to discussion of these topics validates students expertise on their own life worlds Teachers in turn gain insight from the goods services and cultural expectations that shape students lives While innovative the book has been carefully crafted to make it as useful and flexible as possible for instructors aiming to build core sociological foundations in a single semester A map on pages xix xx identifies core sociological concepts covered so that a traditional syllabus as well as individual lectures can easily be maintained Theory method and active learning exercises in every chapter constantly encourage the sociological imagination as well as the doing of sociology This new edition is thoroughly revised and updated incorporating the latest research around material sociology culture and object oriented studies New teaching materials and illustrations are included Online resources to support teaching and learning include Videos flashcards quizzes and further reading Instructor s manual PowerPoints and test bank

Writing the Body Politic Mark Featherstone, Thomas Kemple, 2019-08-08 This book brings together key essays from the career of social theorist John O Neill including his uncollected later writings focusing on embodiment to explore the different ways in which the body trope informs visions of familial economic personal and communal life Beginning with an exploration of O Neill s work on the construction of the biobody and the ways in which corporeality is sutured into social systems through regimes of power and familial socialisation the book then moves to concentrate on O Neill s career long studies of the productive body and the ways in which the working body is caught in and resists disciplinary systems that seek to rationalise natural functions and control social relations The third section considers O Neill s concern with the ancient early modern and psychoanalytic sources of the post modern libidinal body and a final section on the civic body focuses specifically on the ways in which principles of reciprocity and generosity exceed the capitalist individualist body of neo liberal political theory The volume also includes an interview with O Neill addressing many of the key themes of his work a biographical note with an autobiographical postscript a select bibliography of O Neill s many publications and an extensive introduction by the editors A challenging and innovative collection *Writing the Body Politic* A John O Neill Reader will appeal to critical social theorists and sociologists with interests in the work of one of sociology s great critical readers of classical and contemporary texts

The Discourse of Domination Ben Agger, 1992 The Discourse of Domination tackles nothing

less than the challenge of giving critical theory a new grip on current problems and restoring the left's faith in the possibility of enlightened social change Agger steers a course between orthodox Marxism and orthodox anti Marxism bringing the concepts of ideology dialectic and domination out of the academy and making them into a living medium of political self expression

The Vocation of Reason H. T. Wilson, 2004 This book addresses and at the same time reflects the impact of Max Weber on both the social sciences and on critical theory's critique of the social sciences Weber's conception of vocation is a guiding thread unifying concerns about the nature scope and limits of theoretical thinking among social scientists whether supportive or critical of Weber Not surprisingly the source of many of these concerns whether intended or unintended biographical or situational is the ambiguous legacy of Weber himself Wilson's interrogation of Weber's thought in articles and essays over the past 30 years supplemented by Kemple's insights makes a strong case for the claim that we do indeed live in the age of Weber
