Third Series** Library of Congress. Copyright Office, 1971 *The Essential Edgar Cayce* Mark Thurston, 2004-07-08 A complete guide to the work of the remarkable twentieth century seer Edgar Cayce featuring Cayce's most intriguing and influential readings and a biographical introduction to his life Edgar Cayce is one of the most mysterious men of the twentieth century Sometimes called The Sleeping Prophet he was prone to pick up taglines that reflected the sensationalistic side of his work rather than its real depth and meaning The core of his life's work was actually being an intuitive healer and Christian mystic More than one hundred books have been written about his teachings and his life story Yet no book has combined insightful commentary with lengthy verbatim selections of the full range of his contribution to holistic healing practical spirituality and the psychology of the soul The Essential Edgar Cayce gives the reader an understanding of each major area in which Cayce helped pioneer the modern holistic living movement as well as the contemporary popular approach to spirituality that weaves together the best of Eastern and Western religious traditions The book's substantial introduction frames Cayce and his life's work and is followed by eight topical sections in which commentaries by Mark Thurston guide the reader through some of the seer's most significant readings Here is a truly integral portrait of the life and work of one of the twentieth century's most fascinating spiritual figures **Edgar Cayce's Predictions for the 21st Century** Mark A. Everett Irion, 1979 The Silver Paradigm in the Emerald Heaven Chavdar Dobrovidel, 2009-12-22 The Silver Paradigm in the Emerald Heaven is an astonishing breath taking view of the world in its eternal search and struggle for ideas and paths leading to a brighter future The author introduces the reader to his own unique ideas by making a marvelous journey through the histories of various societies and ethnicities by drawing on the wisdom of their social conditions social ways and religious beliefs As in the twilight zone readers have the option of going from the clarity of the contemporary world's societies to spirituality and the spiritual unseen world which the author believes is indivisible from the material reality and has to play an essential role in the future life and organization of the societies and human destinies Earth's Catastrophic Past and Future William Hutton, Jonathan Eagle, 2004-08 Edgar Cayce America's best documented psychic gave upwards of 44 readings that dealt

with lost continents geophysical changes to Earth beginning 1958 1998 and a pole shift due to begin about now In this book geologist William Hutton and researcher Jonathan Eagle look for correspondences between results of geophysical research studies and psychic descriptions of prehistoric catastrophes They also seek scientifically to test readings predictions of catastrophic Earth changes all the while investigating the following fascinating subjects Development and calibration of a comprehensive pole shift model The countries predicted to be most affected by a sudden 1 pole shift The geologic trend for a mineralized gold vein at Bimini Bahamas The authors discoveries of correlations between a 2002 arctic earthquake and the eruption of torrid area volcanoes the dropping of atom bombs in 1945 and a significant increase in sunspots following and the peaceable nature of Europe in 1645 1715 and the period s near total lack of sunspots Cayce readings implied or predicted all three phenomena The first ever analysis of the sources of Cayce s channeled readings including a ranking of the veracity and reliability of the most important Earth changes and pole shift readings Moralistic reasons for future catastrophic geophysical changes to Japan China and America Locations of post pole shift safety lands in Canada and America Locations of the records of the Atlantean civilization to be found when Earth changes begin How to awaken to the New Cycle presently opening before humanity Evidence for Atlantis in the mid Atlantic ridge area and for Lemuria or Mu in the Pacific The consuming religious war in which we find ourselves and an answer to world conditions today Visions of an imminent Age ending fire as found in a Cayce reading in a channeled book by Phyllos the Tibetan and in the 1960s visions of girls at Garabandal Spain Doubtful interpretations of Earth changes and pole shift readings advanced by managers and writers of Cayce s legacy organization the Association for Research and Enlightenment Inc From the Foreword by the Editor The acid test of pole shift and other Earth change predictions is their scientific credibility If true momentous societal and political changes are imminent The geopolitical map of the world will be redrawn The authors are exploring the transition from the end of one Age to the beginning of another

The Power of Your Mind Edgar Cayce, 2010-03 Edgar Cayces rare mind tuned to the Universal Mind gives us extraordinary insights into the power of our own minds In this fascinating book Cayce illustrates how thoughts are things that may become crimes or miracles in our lives He explains how by changing our thinking patterns we can change our life for the better He also gives a unique view into our mind at sleepdescribing the influences motivating our dreams and visions and showing us how to better interpret them He clarifies why the dreaming mind is so much more important to us than we realize He also addresses the need to move away from a too self centered consciousness opening up to a larger consciousness with powerful intuition and precognition

Skepticism and Humanism Paul Kurtz, 2023-05-31 As we begin the third millennium there is cause for cautious optimism regarding the human prospect Democratic revolutions and the doctrine of universal human rights have captured the imagination of large sectors of humanity while major advances in science and technology continue to conquer disease and extend life contributing to rising standards of living affluence and cultural freedom on a worldwide basis Paradoxically at the same time ancient

authoritarian fundamentalist religions have grown in vitriolic intensity along with bizarre New Age media driven paranormal belief systems Also surprising is the resurgence of primitive tribal and ethnic loyalties unleashing wars of intolerance and bitterness In Skepticism and Humanism Paul Kurtz locates these threatening developments within a long standing and largely unchallenged theological worldview He proposes as an alternative to religion a new cultural paradigm rooted in scientific naturalism rationalism and a humanistic outlook An estimated 60 percent of scientists are atheists or agnostics However the skeptical world view has been given little currency even in advanced societies because of a cultural prohibition against the criticism of religion At the same time science has become increasingly narrow and specialized so that few people can draw on its broader intellectual and cultural implications Skepticism and Humanism attempts to meet this need It defends skepticism as a method for developing reliable knowledge by using scientific inquiry and reason to test all claims to truth It also defends scientific naturalism an evolutionary view of nature life and the human species Kurtz sees the dominant religious doctrines as drawn from an agricultural nomadic past and emphasizes the need for a new outlook applicable to the postindustrial information age At the same time he rejects postmodernism for abandoning science and embracing a form of nihilism There can be no doubt that as a new global civilization emerges scientific naturalism rationalism and secular humanism have something significant to say about the meaning of life Skepticism and Humanism shows how they can to foster democratic values and social prosperity The book will be important for philosophers scientists and all those concerned with contemporary issues Religious Books and Serials in Print, 1980-1981 ,1980 Paperbound Books in Print ,1991
