The Politics Of The Nazi Past In Germany And Austria

Hussin A.Rothana

The Politics Of The Nazi Past In Germany And Austria:

The Politics of the Nazi Past in Germany and Austria David Art, 2005-12-19 This book argues that Germans and Austrians have dealt with the Nazi past very differently and these differences have had important consequences for political culture and partisan politics in the two countries Drawing on different literatures in political science Art builds a framework for understanding how public deliberation transforms the political environment in which it occurs The book analyzes how public debates about the lessons of history created a culture of contrition in Germany that prevented a resurgent far right from consolidating itself in German politics after unification By contrast public debates in Austria nourished a culture of victimization that provided a hospitable environment for the rise of right wing populism The argument is supported by evidence from nearly two hundred semi structured interviews and an analysis of the German and Austrian print media over a twenty year period

Remembering the Holocaust in Germany, Austria, Italy and Israel Vincenzo Pinto, 2021-10-11 Remembering the Holocaust in Germany Austria Italy and Israel Vergangenheitsbewältigung as a Historical Quest offers an account on post war coming to terms with the Holocaust tragedy in some European countries such as Germany Austria and Italy The subject has attracted more attention in recent years since the long transition to liberal democracy seems to have put an end to the main theme of the memory of the Second World War The main point of the volume is the making of a new generational memory after the end of history What is to be done after the making of a globalised world What about the memorialisation of the last century

The Populist Radical Right Cas Mudde, 2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research

Politics and Culture in Germany and Austria Today Frauke Matthes, Dora Osborne, Katya Krylova, Myrto Aspioti, 2021 Examines the heightened role of politics in contemporary German and Austrian cultural productions and institutions and what it means for German Studies [The Politics of Unreason](#) Lars Rensmann, 2017-07-25 Although the Frankfurt School represents one of the most influential intellectual traditions of the twentieth century its multifaceted work on modern antisemitism has so far largely been neglected The Politics of Unreason fills this gap providing the first systematic study of the Frankfurt School's philosophical

psychological political and social research and theorizing on the problem of antisemitism Examining the full range of these critical theorists contributions from major studies and prominent essays to seemingly marginal pieces and aphorisms Lars Rensmann reconstructs how the Frankfurt School faced with the catastrophe of the genocide against the European Jews explains forms and causes of anti Jewish politics of hate The book also pays special attention to research on coded and secondary antisemitism after the Holocaust and how resentments are politically mobilized under conditions of democracy By revisiting and rereading the Frankfurt School s original work this book challenges several misperceptions about critical theory s research making the case that it provides an important source to better understand the social origins and politics of antisemitism racism and hate speech in the modern world Postwar Germany and the Holocaust Caroline Sharples, 2015-12-17 CHOICE Outstanding Academic Title 2016 Focussing on German responses to the Holocaust since 1945 *Postwar Germany and the Holocaust* traces the process of Vergangenheitsbewältigung overcoming the past the persistence of silences evasions and popular mythologies with regards to the Nazi era and cultural representations of the Holocaust up to the present day It explores the complexities of German memory cultures the construction of war and Holocaust memorials and the various political debates and scandals surrounding the darkest chapter in German history The book comparatively maps out the legacy of the Holocaust in both East and West Germany as well as the unified Germany that followed to engender a consideration of the effects of division Cold War politics and reunification on German understanding of the Holocaust Synthesizing key historiographical debates and drawing upon a variety of primary source material this volume is an important exploration of Germany s postwar relationship with the Holocaust Complete with chapters on education war crime trials memorialization and Germany and the Holocaust today as well as a number of illustrations maps and a detailed bibliography *Postwar Germany and the Holocaust* is a pivotal text for anyone interested in understanding the full impact of the Holocaust in Germany *War, Guilt, and World Politics after World War II* Thomas U. Berger, 2012-07-16 When do states choose to adopt a penitent stance towards the past When do they choose to offer apologies for historical misdeeds offer compensation for their victims and incorporate the darker sides of history into their textbooks public monuments and museums When do they choose not to do so And what are the political consequences of how states portray the past This book pursues these questions by examining how governments in post 1945 Austria Germany and Japan have wrestled with the difficult legacy of the Second World War and the impact of their policies on regional politics in Europe and Asia The book argues that states can reconcile over historical issues but to do so requires greater political will and imposes greater costs than is commonly realized At the same time in an increasingly interdependent world failure to do so can have a profoundly disruptive effect on regional relations and feed dangerous geopolitical tensions *The SAGE Handbook of Comparative Politics* Todd Landman, Neil Robinson, 2009-06-30 Editors Landman and Robinson have compiled an excellent tour d horizon of comparative politics Distinguished contributors explore theoretical and methodological issues as well as examine the

critical substantive domains that animate today's comparativists Graduate students and academics will want to keep this volume on their book shelf Professor Mark Irving Lichbach University of Maryland The SAGE Handbook of Comparative Politics is a major new resource for scholars of comparative politics and of political science more generally The Handbook covers the field with admirable thoroughness but does not sacrifice depth for breadth The chapters are written by notable scholars who provide rich discussions of their topics and help to move the sub discipline forward B Guy Peters Professor University of Pittsburgh The SAGE Handbook of Comparative Politics presents in one volume an authoritative overview of the theoretical methodological and substantive elements of comparative political science The 28 specially commissioned chapters written by renowned comparative scholars guide the reader through the central issues and debates presenting a state of the art guide to the past present and possible futures of the field The Handbook is divided into three parts The first considers comparative methodologies and reviews the interactions between various sub fields of comparative politics political economy political sociology area studies international relations and institutional analysis The second section examines nine classic issues of concern to comparativists including government formation political behaviour and democratization In the final section nine new and emerging areas of comparative research are considered such as terrorism electoral corruption human rights and regional integration The SAGE Handbook of Comparative Politics is an essential resource for researchers in political science political sociology political economy international relations area studies and all other fields with a comparative political dimension

The Politics of Citizenship in Europe Marc Morjé Howard, 2009-09-07 In this book Howard addresses immigrant integration one of the most critical challenges facing European countries the resolution of which will in large part depend on how foreigners can become citizens Howard's research shows that despite remarkable convergence in their economic judicial and social policies the countries of the European Union still maintain very different definitions of citizenship Based on an innovative measure of national citizenship policies the book accounts for both historical variation and contemporary change Howard's historical explanation highlights the legacies of colonialism and early democratization which unintentionally created relatively inclusive citizenship regimes Howard's argument focuses on the politics of citizenship showing in particular how anti immigrant public opinion when activated politically usually by far right movements or public referenda can block the liberalizing tendencies of political elites Overall the book shows the far reaching implications of this growing and volatile issue

Politics in Austria Richard Luther, Wolfgang C. Mueller, 2014-04-08 First Published in 1992 This is a collection of eight articles looking at consociationalism in the Austrian political system Areas covered are the decline of the Lager Mentality parties and the party system governmental institutions changing priorities in Austrian economic policy Austria in the European arena and the success of consociationalism

Contemporary Germany and the Fourth Wave of Far-Right Politics Manès Weisskircher, 2023-09-28 This volume provides a state of the art analysis on the fourth wave of far right politics in Germany by leading scholars in the field Innovatively the

book focuses not only on the role of the electoral breakthrough of AfD the Federal Republic's first ever nationally established far right party but also on the many crucial instances of non party activism such as the New Right intellectual circles PEGIDA street protest and political violence For a long time Germany was regarded as an exceptional case because of the lack of an established far right party on the national level Times have changed but Germany still remains unique The book highlights four features that continue to make the case exceptional within Western Europe I The strong diversity of vibrant far right political players in Germany and their many interconnections II the electoral success of AfD i.e. the delayed electoral breakthrough of a far right party on the national level III the importance of militant democracy specifically how established players have responded to AfD and IV the relevance of the east west divide for understanding far right politics in Germany Contributions on these topics highlight the broader theoretical relevance of the analysis of the German far right connecting to many research questions that have occupied scholars also in other contexts The book is essential reading for all those with an interest in the far right German and European politics as well as in the interconnections between political parties social movements and subcultural milieus

Memory, Politics, and Yugoslav Migrations to Postwar Germany Christopher A. Molnar, 2019-01-11 This historical study persuasively links the reception of Yugoslav migrants to West Germany's shifting relationship to the Nazi past essential reading Tara Zahra author of *The Great Departure* During Europe's 2015 refugee crisis more than a hundred thousand asylum seekers from the western Balkans sought refuge in Germany This was nothing new however Immigrants from the Balkans have streamed into West Germany in massive numbers since the end of the Second World War In fact Yugoslavs became the country's second largest immigrant group Yet their impact has received little critical attention until now *Memory Politics and Yugoslav Migrations to Postwar Germany* tells the story of how Germans received the many thousands of Yugoslavs who migrated to Germany as political emigres labor migrants asylum seekers and war refugees from 1945 to the mid 1990s With a particular focus on German policies and attitudes toward immigrants Christopher Molnar argues that considerations of race played only a marginal role in German attitudes and policies towards Yugoslavs Rather the history of Yugoslavs in postwar Germany was most profoundly shaped by the memory of World War II and the shifting Cold War context Molnar shows how immigration was a central aspect of how Germany negotiated the meaning and legacy of the war

Politics of Repressed Guilt Leeb Claudia Leeb, 2018-01-15 Drawing on the work of Hannah Arendt and Theodor W. Adorno this book illustrates the relevance and applicability of a political discussion of guilt and democracy It appropriates psychoanalytic theory to analyse court documents of Austrian Nazi perpetrators as well as recent public controversies surrounding Austria's involvement in the Nazi atrocities and ponders how the former agents of Hitlerite crimes and contemporary Austrians have dealt with their guilt Exposing the defensive mechanisms that have been used to evade facing involvement in Nazi atrocities Leeb considers the possibilities of breaking the cycle of negative consequences that result from the inability to deal with guilt Leeb shows us that only by guilt can individuals and nations

take responsibility for their past crimes show solidarity with the victims of crimes and prevent the emergence of new crimes

Germany and Austria since 1814 Mark Allinson, 2014-10-30 Germany and Austria since 1814 presents an accessible overview of the distinctive historical experiences undergone by both Germany and Austria during this period Beginning in 1814 with the Congress of Vienna and ending two centuries later with the consequences and ongoing challenges of German and European unification this book focuses on political history and traces the development of liberal parliamentary democracy in Germany and Austria through to the modern Federal Republic of Germany and Second Austrian Republic contextualising the Nazi period in both countries Particular emphasis has been placed on exploring major developments their causes and the relationships between them Fully revised this new edition has been expanded to include a new final chapter outlining developments in both Germany and Austria from 1990 to the current day including recent elections as well as modifications and updates to other earlier chapters Features include Nine chapters each analysing a distinct historical period and providing a timeline of the key events for quick reference and orientation Overviews of the main developments in European and World history at the beginning of each chapter providing international context crucial to a broader understanding of historical events Authentic extracts from contemporary German political texts in the original language Topics for discussion provided in every chapter A guide to further reading and key internet resources for further research A combined glossary of German terms Germany and Austria since 1814 provides the essential historical context necessary for an understanding of these pivotal European countries today It will be invaluable for undergraduate students taking courses in German History and Area Studies

Nazi Crimes and the Law Nathan Stoltzfus, Henry Friedlander, 2008-10-06 They span the postwar period up to contemporary U S legal efforts to deport Nazi criminals within its borders and libel suits brought by Holocaust deniers in British and Canadian courts and they reveal new perspectives on the present and future implications of these trials BOOK JACKET

From the Bonn to the Berlin Republic Jeffrey Anderson, Eric Langenbacher, 2010-11-01 The fall of the Berlin Wall and the unification of East and West Germany in 1989 90 were events of world historical significance The twentieth anniversary of this juncture represents an excellent opportunity to reflect upon the evolution of the new Berlin Republic Given the on going significance of the country for theory and concept building in many disciplines an in depth examination of the case is essential In this volume unique in its focus on all aspects of contemporary Germany culture historiography society politics and the economy top scholars offer their assessments of the country s performance in these and other areas and analyze the successes and continued challenges

Austria's Difficult Past Jakub Gortat, 2025-07-01 The role played by film in reshaping Austria s post war national identity is often studied within narrow historical and geographical margins Film history traditionally focuses on either the work of a sole director German cinematography or the immediate aftermath of World War II and neglects the link that exists between historical television films and Austria s distinct culture of remembrance In Austria s Difficult Past Jakub Gortat addresses this gap by providing a

comprehensive analysis of television films produced by Austrian ORF and German television studios between 1961 and 1980 In doing so he explores the way films mediated the burden of memory and the legacy of Austria's complicity in the Nazi regime

The European Union, Antisemitism, and the Politics of Denial R. Amy Elman, 2015-02-01 Copublished with the Vidal Sassoon International Center for the Study of Antisemitism this study asks if the European Union EU has the capacity or the will to counter antisemitism The desire to counter antisemitism was a significant impetus toward the formation of the EU in the twentieth century and now prejudice against Jews threatens to subvert that goal in the twenty first The European Union Antisemitism and the Politics of Denial offers an overview of the circumstances that obliged European political institutions to take action against antisemitism and considers the effectiveness of these interventions by considering two seemingly dissimilar EU states Austria and Sweden This examination of the European Union's strategy for countering antisemitism discloses escalating prejudice within the EU in the aftermath of 9 11 R Amy Elman contends that Europe's political actors have responded to the challenge and provocation of antisemitism with only sporadic rhetoric and inconsistent commitment this halfhearted strategy for countering anti-Semitism exacerbates skepticism toward EU institutions and their commitment to equality and justice This exposition of the insipid character of the EU's response simultaneously suggests alternatives that might mitigate the subtle and potentially devastating creep of antisemitism in Europe The author offers a new approach insofar as scholarly considerations of the EU's attempts to combat racism rarely focus on antisemitism while scholarship on antisemitism rarely considers the political context of the European Union

Debating the Lessons of History David C. Art, 2004 Cont Nazi past produced a nationalist backlash among political parties the media and civil society This reaction created the ideal environment for Jorg Haider to engineer the FPÖ's electoral breakthrough and consolidation My findings suggests that to explain the success and failure of right wing populist parties in general we need to focus on the strategies that other political parties the media and groups in civil society use to deal with them

Power and the Past Eric Langenbacher, Yossi Shain, 2010-01-29 Only recently have international relations scholars started to seriously examine the influence of collective memory on foreign policy formation and relations between states and peoples The ways in which the memories of past events are interpreted misinterpreted or even manipulated in public discourse create the context that shapes international relations Power and the Past brings together leading history and international relations scholars to provide a groundbreaking examination of the impact of collective memory This timely study makes a contribution to developing a theory of memory and international relations and also examines specific cases of collective memory's influence resulting from the legacies of World War II the Holocaust and September 11 Addressing concerns shared by world leaders and international institutions as well as scholars of international studies this volume illustrates clearly how the memory of past events alters the ways countries interact in the present how memory shapes public debate and policymaking and how memory may aid or more frequently impede conflict resolution

Embracing the Song of Phrase: An Emotional Symphony within **The Politics Of The Nazi Past In Germany And Austria**

In a global taken by monitors and the ceaseless chatter of instant interaction, the melodic beauty and psychological symphony produced by the written term usually diminish into the background, eclipsed by the persistent noise and disturbances that permeate our lives. But, located within the pages of **The Politics Of The Nazi Past In Germany And Austria** a stunning literary prize overflowing with organic thoughts, lies an immersive symphony waiting to be embraced. Constructed by a masterful composer of language, this interesting masterpiece conducts visitors on a mental trip, skillfully unraveling the concealed tunes and profound influence resonating within each carefully crafted phrase. Within the depths of the moving assessment, we shall discover the book is key harmonies, analyze their enthralling writing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

The Politics Of The Nazi Past In Germany And Austria Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Politics Of The Nazi Past In Germany And Austria has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Politics Of The Nazi Past In Germany And Austria has opened up a world of possibilities. Downloading The Politics Of The Nazi Past In Germany And Austria provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Politics Of The Nazi Past In Germany And Austria has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Politics Of The Nazi Past In Germany And Austria. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Politics Of The Nazi Past In Germany And Austria. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Politics Of The Nazi Past In Germany And Austria, users should also consider the potential security risks

associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Politics Of The Nazi Past In Germany And Austria has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Politics Of The Nazi Past In Germany And Austria Books

1. Where can I buy The Politics Of The Nazi Past In Germany And Austria books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Politics Of The Nazi Past In Germany And Austria book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
