## **The Postmodern Church:**

The Postmodern Church Jeremiah Newman, 1990      **What Would Jesus Deconstruct? (The Church and Postmodern Culture)** John D. Caputo, 2007-11-01 This provocative addition to The Church and Postmodern Culture series offers a lively rereading of Charles Sheldon's *In His Steps* as a constructive way forward. John D. Caputo introduces the notion of why the church needs deconstruction, positively defines deconstruction's role in renewal, deconstructs idols of the church, and imagines the future of the church in addressing the practical implications of this for the church's life through liturgy, worship, preaching, and teaching. Students of philosophy, theology, religion, and ministry, as well as others interested in engaging postmodernism and the emerging church phenomenon, will welcome this provocative, non-technical work.

**Christianity and the Postmodern Turn** Myron B. Penner, 2005-07-01 In our post-Cold War, post-colonial, post-Christian world, Western culture is experiencing a dramatic shift. Correspondingly, says Myron Penner, recent philosophy has taken a postmodern turn in which traditional concepts of reality, truth, language, and knowledge have been radically altered, if not discarded. Here James K. A. Smith, John Franke, Merold Westphal, Kevin Vanhoozer, Douglas Geivett, and R. Scott Smith respond to the question: What perils and/or promises does the postmodern turn hold for the tasks of Christian thinkers? Addressing topics such as the nature of rationality and biblical faith, the relationship of language to reality, and the impact of postmodern concerns on ethics, this book presents a variety of positions in vigorous dialogue with each other.

**The Church on the Other Side** Brian D. McLaren, 2009-12-15 If you are a sincere church leader or a committed church member, you're probably tired of easy steps, easy answers, and facile formulas for church health, growth, and renewal. You know it's not that easy. In *The Church on the Other Side*, you'll find something different: honest, clear, and creative thinking about our churches, along with a passionate challenge to thoughtful action and profound liberating change. In understandable language, with an energetic and engaging writing style, and drawing from daily down-to-earth pastoral experience, Brian McLaren offers thirteen strategies for navigating the modern/postmodern transition. You'll learn the critical distinctions between renewed, restored, and reinvented churches. You'll discover the importance of redefining your mission, of finding fresh ways to conceive of and communicate the Gospel, and of entering the postmodern world by understanding it, engaging it, and debugging your faith from modern viruses. McLaren believes we are in an epochal sea change, perhaps even more significant than the last great cultural transition about 500 years ago when the world crossed over from the medieval to the modern era. He believes that today's breakthroughs in communications, education, travel, cultural diversity, science, economics, politics, and philosophy are combining to create a new matrix in which Christians will live, worship, work, and pursue our mission. We are exploring off the map, writes Brian McLaren, looking into mysterious territory beyond our familiar world on this side of the boundary between modern and postmodern worlds. Even if you've read this book's first edition, *Reinventing Your Church*, you'll find enough new and revised material here to warrant a second purchase. And if you're encountering these concepts for the first time, you'll find wise guidance to help

you and your church begin the journey toward the other side of the postmodern divide You ll learn to think differently see church life and these revolutionary times in a new way and act with courage hope and an adventurous spirit **Brand New Church** Graeme Fancourt,2013-05-16 Brand New Church aims to make sense of what postmodern actually looks and feels like in real life and to ask what this means for the church Over the past few years Graeme Fancourt has travelled around the UK and USA consulting with a wide range of church leaders including Sue Wallace who founded Visions and Transcendence Jonny Baker a member of Grace and Roy Searle of the Northumbria Community He writes The church that I have encountered is thoughtful active and confident in the gospel Though holding many different views these leaders all appear to take seriously the need for the church genuinely to engage positively or negatively with what it perceives to be the postmodern condition The author reveals and explores the diversity of thinking found in local churches in colleges and universities and expressed in works of contemporary theology the approaches of a range of writers such as D A Carson Peter Rollins Pete Ward Tom Wright and Stanley Hauerwas are examined to stimulating effect The result is a thoroughly vibrant read which offers a broad understanding of how in these postmodern times the church might engage fruitfully in dialogue and mission for the sake of all God s people **Who's Afraid of Postmodernism? (The Church and Postmodern Culture)** James K. A. Smith,2006-04-01 The philosophies of French thinkers Derrida Lyotard and Foucault form the basis for postmodern thought and are seemingly at odds with the Christian faith However James K A Smith claims that their ideas have been misinterpreted and actually have a deep affinity with central Christian claims Each chapter opens with an illustration from a recent movie and concludes with a case study considering recent developments in the church that have attempted to respond to the postmodern condition such as the emerging church movement These case studies provide a concrete picture of how postmodern ideas can influence the way Christians think and worship This significant book winner of a Christianity Today 2007 Book Award avoids philosophical jargon and offers fuller explanation where needed It is the first book in the Church and Postmodern Culture series which provides practical applications for Christians engaged in ministry in a postmodern world **The Postmodern Church** Timothy C. Lawless,2012 Within the past twenty years the Church especially in America has experienced dwindling membership and attendance along with a host of other problems Many of these problems are symptomatic of a massive cultural shift toward postmodernism leading to discontentment with the Church In attempting to respond to these challenges the emergent Church has arisen as a major element of American religious culture Their methodology and doctrine is heavily influenced by postmodernism which presents a further challenge for Christian leaders and ministers This paper will survey the challenges facing the Church will describe the emergent Church s origin and response to these challenges and will suggest a Church ministry paradigm that answers the challenges of postmodernism while preserving the integrity of the Gospel message **What Would Jesus Deconstruct?** John D. Caputo,2014-05-14 Uses the postmodern theme of deconstruction to suggest a constructive and provocative way forward for

the church     Echoes of Eden Eddie Dutra, 2016-06-24 The neoliberal theologians who intend to repaint Christianity say they are reacting to the errors and abuses within the church against the false promises of the Prosperity theology and the modern Pharisees who use legalism as a means of oppression and control The truth however is that they incur in the same mistakes of them Those of the Prosperity Gospel or those of the postmodern church philosophy lead the ministry according to peoples desire not according to Gods interests or the true spiritual need of people The Prosperity theology adapted to a greedy society that sees Jesus only as the multiplier of loaves and fishes and a free healer therefore it gave them what they wanted The postmodern Christians changed the speech and emphasis but reproduced the same pattern of ministry When we compare them both groups are alike they all use pragmatism as foundation for ministry thus their teachings are unbiblical their practice unethical and its results devastating to the Christian faith The new painters take advantage of the mistakes of some groups of the evangelicalism with this they find the opportunity to throw out the baby with the dirty bathwater they throw away the true Gospel along with the errors of the church Such opportunism is clearly detected in their effort to establish a stereotype to represent historic Christianity as a group of ignorant and devoid of love Fundamentalist fanatics while they pose as open minded good boy preachers and love givers with no trace of prejudice By opposing legalism these men went to the other extreme they became libertines Thus their offered antidote became worse than the poison itself The neoliberal theologians came not to bring healing to the churchs problems rather they aggravated it They are opportunists who are creating a neo Christianity under the perspectives of this new postmodern world     Recreating the Church Richard L Hamm, 2007-06-01 Mainline denominations in the United States are in crisis These institutions created in and for modernity are now facing a changed postmodern culture Hamm faces the crisis examining its origins and offers sound advice on how to lead to church to make the adaptive changes needed to thrive in postmodern times A TCP Leadership Series title     **Ahead of the Curve** Daniel Fusco, 2011-03 American Christians are obsessed with postmodernism Books on the topic proliferate as Christians struggle to find their place and make a stand within the postmodern movement There is a problem however Postmodernist philosophy is on its way out A new worldview is already taking root Philosophers and pundits call the emerging worldview the Integral worldview In this timely book Fusco explores the new Integral worldview and what the church must do to stay Ahead of the Curve and be effective in the coming decades Daniel Fusco writes a first person report of what the future will be like for the American church as it engages an ever changing cultural milieu The insights in this book will help you prepare for future ministry in cultural settings more and more removed from any Christian context Dr Jeff Iorg President Golden Gate Baptist Theological Seminary Daniel Fusco is an intellectual with both theological and philosophical underpinnings that enable him to address the future wisely while being courteous towards the past Furthermore he is a practitioner who lives genuinely among the people of one of America s most post postmodern contexts Daniel personally embodies the integrity and the integration he writes about and for which this nascent world longs Linda

Bergquist Author Church Turned Inside Out A Guide for Designers Refiners and Re Aligners *The Postmodern Life Cycle* Friedrich Schweitzer,2012-11 A theology in tune with postcolonial theory has the potential to creatively inform and transform ecclesial practice Focusing on the relation of theology to postcolonial theory Postcolonial Theologies brings together a wide diversity of authors many of them fresh and exciting theological voices in essays that are stunningly creative and prophetically lucid All essays are theologically constructive not merely deconstructive or critical in their visions for Christianity Forming a sort of doctrinal landscape they emerge under the themes of theological anthropology shaped by ethnicity class and privilege a Christology that intersects the claims of Christ and empire and a Cosmology that imagines a postcolonial world **The Politics of Discipleship (The Church and Postmodern Culture)** Graham Ward,2009-09-01 Internationally acclaimed theologian Graham Ward is well known for his thoughtful engagement with postmodernism This volume the fourth in The Church and Postmodern Culture series offers an engaging look at the political nature of the postmodern world In the first section The World Ward considers the signs of the times and the political nature of contemporary postmodernism It is imperative he suggests that the church understand the world to be able to address it thoughtfully In the second section The Church he turns to practical application examining what faithful discipleship looks like within this political context Clergy and those interested in the emerging church will find this work particularly thought provoking The Postmodern Parish Jim Kitchens,2003-11-01 Many of us who are pastors of local mainline churches have long felt that something is amiss in the life of our congregations It s hard for us to name exactly what is wrong but occasionally we are aware of a nagging sense that something is just not working any more Our best efforts at ministry feel like they re about a half beat behind some new pulse beginning to course through the culture writes author Jim Kitchens Congregational leaders who recognize Kitchens description of congregational life today will appreciate his pointed and realistic analysis of fundamental shifts in ministry that have taken place in our postmodern post Christian and postdenominational world Kitchens also demonstrates that we need to create a different sort of church if we are to be faithful to the gospel in this new cultural setting He addresses in detail how these contextual shifts invite us to change our ministry in four arenas of congregational life worship Christian formation mission and leadership Kitchens shows congregational leaders how to learn how to be the body of Christ in ways that will be both faithful to the Gospel and responsive to our newly emerging cultural context Emerging Churches Eddie Gibbs,Ryan K. Bolger,2005-12 Provides a comprehensive examination of the emerging church phenomenon considering emerging patterns in leadership worship mission spiritual practices and cultural engagement *Preaching Christ in a Postmodern Culture* K. A. Beville,2010-04-16 Starting with some observations relating to shifts in ecclesiology and identifying them as a move beyond contextualization to syncretism this work goes on to assess the feasibility of preaching in a postmodern culture which rejects both the idea of absolute truth and authority used as power It traces the historical and philosophical development of postmodernism The Enlightenment project

is deemed to have failed and Christianity is perceived as an oppressive metanarrative In a world that is becoming increasingly sceptical and where preaching practitioners are becoming disillusioned this book offers some guidelines about preaching to postmoderns In a relational age rationality is impotent but the author distinguishes between authoritative and authoritarian preaching allowing hope for the survival of the homiletic task Humility is presented as preferable to certitude and persuasion is redefined The author suggests using an inductive mode of communication as a means of engaging postmodern listeners He signposts a way forward in the labyrinthine complexity of the new paradigm and demonstrates that the homiletic task is still feasible Thus this book will be of interest to teachers and students of theology as well as pastors desiring to develop a new apologetic strategy     Emerging Hope Jimmy Long,2004-08-18 How do we do church in this era of cynicism Jimmy Long looks at the connections between postmodernism and the emerging generations GenXers and millennials highlighting implications for evangelism and discipleship Here is a hopeful strategy for ministry that will appeal to a generation starved for belonging     *An 8-track Church in a CD World* Robert N. Nash,1997 For a future to materialize the church must first take a hard look in the mirror Only then can corrective measures be taken to help make the church a more relevant part of people s live in the 21st century If changes aren t made the church will become obsolete     **It's All about Image** Rachel Ann Northcott,2005     *The Church in the Postmodern World* John E.
