## **The Powys Brothers By Hopkins Kenneth:**

**Theodore Powys's Gods and Demons** Zouheir Jamoussi, 2016-08-17 The life of Theodore Francis Powys the man and the writer 1875 1953 is a story of determined withdrawal from the contemporary world While his two literary brothers John Cowper and Llewellyn travelled a great deal abroad Theodore after early unsuccessful attempts to join the active world settled into a sedentary life in a remote rural part of Dorset In his retreat protected from the outside world by his omnipresent hills Powys constructed a world half real and half imaginary in which the man and the writer reality and fancy and past and present coexisted and sometimes merged For Powys fear in its various manifestations as fear of God of evil of death and of self was a powerful incentive to write and a source of inspiration for almost everything remarkable in his writings It did not take Powys long to realize that allegory was a literary genre better suited to his literary leanings and peculiar turn of mind than the realism of his early novel writing ventures Under the combined influence of the Bible Bunyan and Hawthorne he adapted allegory to his specific literary purpose In that regard two distinctive aspects of his allegorical stories namely supernatural visitors and animal symbolism generally overlooked by his critics deserve close attention and are the special focus of this book Few writers have been so strongly and avowedly marked by so many literary and philosophical influences as Powys These range from the Bible Bunyan and Hawthorne to Darwin Hardy Lawrence and Freud However Powys's short stories fables and novels also stand as a unique and original achievement Indeed the influence he himself exerted on some novelists of the younger generation such as William Golding testifies to the power and originality of his writings

**T.F. Powys: A Modern Allegorist** Marius Buning, 2022-07-04 *Anarchist Seeds beneath the Snow* David Goodway, 2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world

*John Cowper Powys and the Afterlife of Romanticism* Kim Wheatley, 2025-01-09 This study bridges the chronological divide between the Romantic era and the first six decades of the 20th century interpreting John Cowper Powys 1872 1963 as a major under recognized contributor to the cultural transmission of Romanticism Kim Wheatley's *John Cowper Powys and the Afterlife of Romanticism* uncovers the surprising extent to which this multi faceted Modernist era author reworked key concerns of the Romantic poets Wheatley shows how Powys's prose rewritings of Romantic poetry contribute to the story of the posthumous life of Romanticism especially its environmental legacy In particular the book expands our understanding of the early 20th century reception of William Wordsworth and John Keats Wheatley argues that Powys

anticipates and presciently interrogates recent revisionary critical approaches to the Romantics primarily materialist eco critical approaches and therefore invites a fresh environmentalist criticism open to the transcendental and the supernatural Chapters range across Powys s extensive oeuvre investigating his treatment of Wordsworth and Keats in his works of fiction autobiographical writings popular philosophical books and essays of literary appreciation including his Autobiography 1934 his four major Wessex novels Wolf Solent 1929 A Glastonbury Romance 1932 Weymouth Sands 1934 and Maiden Castle 1936 and his later Welsh historical novels Owen Glendower 1941 and Porius 1951 Wheatley demonstrates how Powys uniquely combines sense based nature worship the leveling of animate and inanimate and care for disabled human beings along with mystical and magical themes into an all encompassing ecological vision more capacious than any imagined by the Romantics themselves     The Ecstatic World of John Cowper Powys Harald William Fawcner,1986     **Ezra Pound in London and Paris, 1908-1925** J. J. Wilhelm,2010-11-01     *Routledge Revivals: Neglected Powers (1971)* G. Wilson Knight,2017-11-22 First published in 1971 Professor Knight s book draws analytic attention to poets including Tennyson Masfield and Brooke who are shown to hold a dimension of meaning previously ignored or misunderstood Homage is paid to John Cowper Powys as one of the foremost seers of the modern age A comprehensive review of the work of Francis Berry claims to establish him as our foremost living poet Professor Knight urges and goes far to prove that modern literary criticism up until the 1970s failed to touch upon the richer meanings of contemporary literature he stresses the relation between such acclaimed poets as Yeats and Eliot and the spiritualistic movements of contemporary times Knight regards youth revolts as a sign of a healthy dissatisfaction with an irreligious and directionless culture and believes that hope lies in the neglected powers pressing for acceptance     **Supernatural Fiction Writers** Everett Franklin Bleiler,1985     *John Cowper Powys in Search of a Landscape* C.A. Coates,1982-06-18     **Z. Angl. Am** ,1996     **Ezra Pound: Poet** Anthony David Moody,2007-10-11 Volume I of a major new two part biography Contentious colourful revolutionary here is the young Pound a determined and energetic genius setting out to make his way both as a poet and as a force for civilization in England and America Covering the years up to 1920 David Moody explores Pound s alliances with Yeats Eliot and Wyndham Lewis the birth of Vorticism and his poetry up to Hugh Selwyn Mauberley and the first Cantos     *Ezra Pound: Poet* A. David Moody,2007-10-11 This first volume of what will be a full scale portrait presents Ezra Pound as a very determined and energetic young genius setting out to make his way both as a poet and as a force for civilization in England and America in the years before during and just after the 1914 18 war In a clear and lively narrative A David Moody weaves a story of Pound s early life and loves of his education in America of his apprentice years in London devoted to training himself to be as a good and powerful a poet as he had it in him to become of his learning there from W B Yeats and Ford Madox Hueffer then forming his own Imagiste group and going on from that to join with Wyndham Lewis in his Vorticism and to link up also with James Joyce and T S Eliot to create the modernist vortex in the midst of the 1914 18 war We see Pound scraping a living by writing prose for individualist and

socialist periodicals and emerging as not only an inspired literary critic but as a critic of music and society as well Above all Moody shows Pound's evolution as a poet from the derivative idealism and aestheticism of his precocious youth into the truly original author of *Homage to Sextus Propertius* and *Hugh Selwyn Mauberley* We find Pound established by 1920 as a force for revolution in poetry as a force for the liberation of the individual from stifling conventions and as a force for renaissance in America We find him becoming committed moreover to the reform of the capitalist system in the name of economic justice for all This is the first biography to put Pound's poetry at the heart of his existence where he himself placed it and to view his extraordinarily active life his loves and his creative effort as a single complex drama The altogether new and comprehensive account of all of his poems from the earliest through *Cathay* and up to *Hugh Selwyn Mauberley* and the first Cantos will illuminate his poetry and make it more accessible With that there is an exceptionally clear and cogent analysis of the ideas informing his Imagisme and his Vorticism and of the ideas informing his commitments to the freedom and fulfilment of the individual to a cultural renaissance and to social and economic reform The poetry the prose writings and the personal life are all woven together into a brilliant narrative portrait of the poet as a young man The second volume *The Epic Years* carries on the narrative of his life and works from 1921 the year in which he took up residence in Paris
