## The Practical Of Guns:

Practical Manual of Guns Maurice H. Decker, 2008-06 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. The Practical Book of American Guns John Houston Craige, 1950 **Vintage Guns** Diggory Hadoke, 2008-03-17 This is a book that deserves a place on every shooting man's bookshelf. Michael Yardley, author of *Positive Shooting* and Practical Manual of Guns Maurice H. Decker, 2013-10 This is a new release of the original 1946 edition. **The Practical Pistol Manual** Bill Clede, 1997 Since more than 26 states have passed laws requiring training for concealed carrying of firearms, citizens and police have a duty to teach the safe and responsible use of the weapons. In eight other states that permit concealed carry with no training required, men and women have a moral obligation to learn how to carry and use their firearms safely and responsibly. This handy little book contains everything a novice gun owner needs to know to start learning the basics of competent and safe pistol use, as well as the essentials of using a gun in a potentially violent confrontation with a criminal. It is an ideal textbook for state courses required for concealed carry permits. While there are many excellent books on handguns, marksmanship, and self-defense, all are designed for those who want to be expert in those subjects. There are no other books which address the specific concerns of someone who simply wants to carry a concealed firearm safely and responsibly until now. Bill Clede serves on the Connecticut State Police Firearms Advisory Committee, which determines what training in his state will and will not include. A fruitless search for a suitable text is what prompted him to develop this book. One of Clede's primary goals is teaching how to avoid discharging the firearm in the first place, defusing aggressive behavior without resorting to shooting someone. The *Practical Pistol Manual* brings all these concerns together: safety, competent shooting, and how to deal with violent behavior in one concise and affordable book. This is the only book that fills the need of a text for novices that covers safety, competent shooting, and how to deal with potentially violent encounters. *Instructions for the exercise and service of great guns, etc., on board her majesty's ships* Navy, 1858 **The Practical Guide to Guns and Shooting, Handgun Edition: What You Need to Know to Choose, Buy, Shoot, and Maintain a Handgun.** Tom McHale, 2021-11-02 If you're thinking about buying a gun, are new to shooting, or maybe you just aren't as comfortable with the topic as you'd like, we can help you get up to speed quickly and easily. Like any new endeavor, learning the ropes of selecting and buying guns, ammunition, and accessories can be intimidating. We'll walk you through everything you need to know to shoot correctly and safely. **The Practical Book of Guns** Ken Warner, 1978 The Big Book of Gun Trivia Gordon L. Rottman, 2013-10-20 Everything you want to know, don't want to know, and don't know you need to know about weapons. A complete guide to weapons history, facts, myths, and trivia. Joslyn, 2020 In *The Gun Gap* Mark R. Joslyn advances gun owners as a new classification for understanding political behavior and attitudes He demonstrates a gun gap which captures the differences between gun owners and non gun owners and shows how this gap improves conventional behavioral and attitudinal models The gap represents an important explanation for voter choice voter turnout perceptions of personal and public safety preferences for gun control policies and support for the death penalty Moreover the 2016 presidential election witnessed the largest recorded gun gap in history The Gun Gap thus affords a new and compelling vantage point to evaluate modern mass politics *Van Nostrand's Engineering Magazine*, 1879 **Catalog of Course of Instruction at the United States Naval Academy** United States Naval Academy, *Reports of Committees* United States Congress House, 1882 *Annual Register of the United States Naval Academy, Annapolis, Md* United States Naval Academy, 1932 *Annual Register of the United States Naval Academy* United States Naval Academy, 1923 *The Encyclopædia Britannica* Hugh Chisholm, James Louis Garvin, 1926 **The Machine Gun** George M.
