The Presidents' Own White House Cookbook Robert Jones, 1968 *The Presidents' Own White House Cookbook*, 1973 Food and Drink in American History Andrew F. Smith, 2013-10-28 This three volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants The expression you are what you eat certainly applies to Americans not just in terms of our physical health but also in the myriad ways that our taste preferences eating habits and food culture are intrinsically tied to our society and history This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages as well as dozens of historical recipes for traditional American foods and a third volume of more than 120 primary source documents Never before has there been a reference work that coalesces this diverse range of information into a single set The entries in this set provide information that will transform any American history research project into an engaging learning experience Examples include explanations of how tuna fish became a staple food product for Americans how the canning industry emerged from the Civil War the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages and how taxation on beverages like tea rum and whisky set off important political rebellions in U S history **The White House Family Cookbook** Henry Haller, Virginia Aronson, 1987 More than 250 First Family recipes a historic treasury of American cooking Chef Haller entertains with tidbits of presidential lore and his memories of life upstairs and down 8 pages of color photos **English Language Cookbooks, 1600-1973** Lavonne B. the world And the White House menu grew over time from simple eggs and black coffee for Abraham Lincoln during the Civil War to jelly beans and enchiladas for Ronald Reagan and arugula for Barack Obama What our leaders say about food touches on everything from our nation s shifting diet and local politics to global trade war class gender race and so much more Prud homme also details overlooked figures like George Washington s enslaved chef Hercules Posey whose meals burnished the president s reputation before the cook narrowly escaped to freedom and pioneering First Ladies such as Dolley Madison and Jackie Kennedy As he weaves these stories together Prud homme shows that food is not just fuel when it is served to the most powerful people in the world It is a tool of communication a lever of power and persuasion and a symbol of the nation Included are ten authentic recipes for favorite presidential dishes such as Martha Washington s Preserved Cherries Abraham Lincoln s Gingerbread Men William H Taft s Billy Bi Mussel Soup Franklin D Roosevelt s Reverse Martini Lady Bird Johnson s Pedernales River Chili
