The Price They Paid:

The Price They Paid Vivian Gunn Morris, Curtis L. Morris, 2002-07-25 In this compelling book Curtis and Vivian Morris put a human face on desegregation practices in the South Focusing on an African American community in Alabama they document not only the gains but also the significant losses experienced by students when their community school was closed and they were forced to attend a White desegregated school across town This in depth volume includes A letter by Dr William Hooper Councill and speeches by George Washington Trenholm two African American leaders who worked with communities to provide quality schooling for African American children during segregation An insider s view of what life was like inside a segregated African American school including interviews with graduates who discuss how it felt to be in a caring and nurturing school that provided an atmosphere much like that of a family Actual events that demonstrate the profound negative impact of using skin color and race as a basis for preferential treatment including testimonials from parents and students who experienced racial discrimination in their new school A valuable look at the unmet promises of school desegregation that can help us provide a quality education for all children in the 21st century *The Price They Paid* Jeff Forret, 2024-11-19 A prizewinning historian uncovers one of the earliest instances of reparations in America ironically though perhaps not surprisingly paid to slaveholders not former slaves A spectacular achievement of historical research Forret shows for the first time just how far the American government went to secure reparations Robert Elder author of Calhoun American Heretic In 1831 the American ship Comet carrying 165 enslaved men women and children crashed onto a coral reef near the shore of the Bahamas then part of the British Empire Shortly afterward the Vice Admiralty Court in Nassau over the outraged objections of the ship s owners set the rescued captives free American slave owners and the companies who insured the liberated human cargo would spend years lobbying for reparations from Great Britain not for the emancipated slaves of course but for the masters deprived of their human property In a work of profoundly relevant research and storytelling historian and Frederick Douglass Prize winner Jeff Forret uncovers how the Comet incident as well as similar episodes that unfolded over the next decade resulted in the British Crown making reparations payments to a U S government that strenuously represented slaveholder interests Through a story that has never been fully explored *The Price They Paid* shows how unlike their former owners and insurers neither the survivors of the Comet and other vessels nor their descendants have ever received reparations for the price they paid in their lives labor and suffering during slavery Any accounting of reparations today requires a fuller understanding of how the debts of slavery have been paid and to whom *The Price They Paid* represents a major step forward in that effort Miscellaneous Publication ,1948 *Investigation of Real Estate Bondholders' Reorganizations, Public Hearings Before a Subcommittee of ...* 73:2-74:2 United States.
