Imagining Time in the English Chronicle Play Historical Futures 1590 1660 argues that dramatic narratives about monarchy and succession codified speculative futures in the early modern English cultural imaginary This book considers chronicle plays plays written for the public stage and play pamphlets composed when the playhouses were closed during the civil wars in order to examine the formal and material ways that playwrights imagined futures in dramatic works that were purportedly about the past Through close readings of William Shakespeare s 1 2 Henry IV Richard III Shakespeare s and John Fletcher s All is True Samuel Rowley s When You See Me You Know Me John Ford s Perkin Warbeck and the anonymous play pamphlets The Leveller s Levelled 1 2 Craftie Cromwell Charles I and Cromwell s Conspiracy the volume shows that imaginative treatments of history in plays that are usually associated with the past also had purchase on the future While plays about the nation s past retell history these plays are not restricted by their subject matter to merely document what happened Playwrights projected possible futures in their accounts of verifiable historical events
