W. Ahlgren, 1998 Teresa of Avila one of history s most beloved mystics wrote during a time of intense ecclesiastical scrutiny of texts The determination of the Counter Reformation Church to dominate religious life and control the content of theological writing significantly influenced Teresa s career as reformer and writer Gillian T W Ahlgren explores the theological and ecclesiastical climate of sixteenth century Spain in this study of the challenges Teresa encountered as a female theologian and mystic As inquisitional censure increased and the authority of women s visions and ecstatic prayer experiences declined Teresa s written self expressions became of necessity less direct Her later writing was heavily encoded and scholars have only recently begun to decipher those protective codes Ahlgren demonstrates how Teresa s rhetorical style and theological message were directly responsive to the climate of suspicion created by the Inquisition and how they thus constituted a challenge to sixteenth century assumptions about women The only female theologian to be published in late sixteenth century Spain Teresa sought to provide a clear defense of mystical experience particularly that of women Ahlgren suggests that the rhetorical strategies Teresa developed to protect women s visionary experiences were subsequently used by Church officials to rewrite aspects of her life and thought transforming her into the model for official Counter Reformation sanctity      **The politics of Aristotle.
