Aby,James Kuhn,2000-02-28 The freedom of academics to pursue knowledge and truth in their research writing and teaching is a fundamental principle of contemporary higher education in the United States But this freedom has been hard won and regularly abridged reinterpreted and violated Academic freedom has been central to many issues and controversies in higher education and has thus generated literature in a variety of disciplines This book provides access to that literature Included are entries for nearly 500 books chapters articles reports web sites and other sources of information about academic freedom Each entry includes a descriptive annotation and the entries are grouped in topical chapters While most of the works cited were published since the 1940 American Association of University Professors Statement of Principles on Academic Freedom and Tenure some older studies have also been included Though the volume focuses primarily on higher education in the U S it also includes a chapter on academic freedom in other countries *The Publishers Weekly* ,1909 *Stonewall Jackson and Religious Faith in Military Command* Kenneth E. Hall,2005-05-03 The relationship between war and religion is nothing new For millennia humankind has waged war over religion and derived religion from war It is not surprising then that military leadership and religious conviction frequently coincide This study documents the long tradition of the religious warrior in Western history and literature with a special focus on Civil War general Thomas J Stonewall Jackson It also provides a general survey of the religious antecedents of Jackson and other more modern American military heroes The book begins with an introduction to the Confederate general largely from the perspective of those who lived with and served under him whose testimonies attest to his courage initiative innate tactical talent deep religious faith and eccentric personal habits The author analyzes the extent to which Jackson s national zeal has elevated him to the status of a religious martyr remembered today within an epic frame of sainthood and heroism Concise comparisons are drawn between Jackson and his Old World predecessors including Ulrich Zwingli John Knox and Oliver Cromwell Similar associations are made between Jackson and such Civil War contemporaries as William Dorsey Pender and Oliver Otis Howard A chapter addressing the representation of Stonewall in modern Civil War literature and film particularly in the novel and subsequent motion picture *Gods and Generals* provides an insightful juxtaposition of Jackson s status among the gods of the Civil War and his own reverence for the God of his Presbyterian faith **Detente in Historical Perspective** George Schwab, Henry Friedlander,1981 *The National Union Catalogs, 1963- ,1964* *Creating the Second Cold War* Simon Dalby,2016-10-06 The Cold War is over yet many attitudes and analyses typical of the period persisted in the strategic thinking of the Great Powers In this brilliantly original study Simon Dalby uses the conceptual tools of geopolitical analysis to uncover the essence of American strategic discourse Focussing on the period of the late 1970s he shows how Washington pressure groups political organisations and in particular the Committee on the Present Danger recreated a language of confrontation that

deeply influenced Western attitudes towards the Soviet Union in ways that continue to shape foreign policy **Women and War** Jean Bethke Elshtain,1995-07-15 Jean Elshtain examines how the myths of Man as Just Warrior and Woman as Beautiful Soul serve to recreate and secure women s social position as noncombatants and men s identity as warriors Elshtain demonstrates how these myths are undermined by the reality of female bellicosity and sacrificial male love as well as the moral imperatives of just wars *Routledge Revivals: Radio Broadcasting from 1920 to 1990 (1991)* Diane Foxhill Carothers,2016-11-10 First published in 1991 this book presents a comprehensive annotated bibliography of radio broadcasting Its eleven chapter categories cover almost the entire range of radio broadcasting with the exception of radio engineering due to its technical complexity although some of the historical volumes do encompass aspects thus providing background material Entries are primarily restricted to published books although a number of trade journals and periodicals are also included Each entry includes full bibliographic information including the ISBN or ISSN where available and an annotation written by the author with the original text in hand **What America Read** Gordon Hutner,2009 Despite the vigorous study of modern American fiction today s readers are only familiar with a partial shelf of a vast library Gordon Hutner describes the distorted canonized history of the twentieth century American novel as a record of modern classic *Library of Congress Catalog* Library of Congress,1970 A cumulative list of works represented by Library of Congress printed cards **Current Catalog** National Library of Medicine (U.S.),1993 First multi year cumulation covers six years 1965 70 *Stand in the Trench, Achilles* Elizabeth Vandiver,2010-02-18 A study of the ways in which British poets of the First World War used classical literature culture and history as a source of images ideas and even phrases for their own poetry Elizabeth Vandiver offers a new perspective on that poetry and on the history of classics in British culture **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1993 *Subject Catalog* Library of Congress,1976 *Library of Congress Catalogs* Library of Congress,1970 **A.
