The Post Bureaucratic Organization New Perspectives On Organizational Change:

The Post-Bureaucratic Organization Charles C. Heckscher, Anne Donnellon, 1994-06-16 What is wrong with bureaucracy What does the post bureaucratic organization offer in the way of improvement These and other such questions are addressed in this volume which critically examines the implications of the transformation of organizations from bureaucratic to post bureaucratic Beginning with a definition of the ideal post bureaucratic organization the book then critiques some of the fundamental assumptions of bureaucratic organizations such as the ethic of individual merit decision making roles and coordinated effort It also analyzes the process of change from bureaucracy to post bureaucracy and three alternative approaches to bureaucracy The book concludes with case studies which illustrate both the s **Evolution of the Post-Bureaucratic Organization** Malizia, Pierfranco, Cannavale, Chiara, Maimone, Fabrizio, 2017-01-05 Continuous improvements in business operations have allowed companies more opportunities to grow and expand This not only leads to higher success in increasing day to day profits but it enhances overall organizational productivity Evolution of the Post Bureaucratic Organization is a pivotal source of research containing integrated and consistent theoretical frameworks on post bureaucratic organizations multidisciplinary perspectives and provides case studies related to the critical aspects of the emergence of post bureaucratic organizations Featuring extensive coverage across a range of relevant perspectives and topics such as business ethics organizational communication and cultural perspectives this book is ideally designed for scholars PhD and post graduate university students managers and practitioners **Advances in Library Administration and Organization** Edward D. Garten, Delmus E. Williams, James M. Nyce, Janine Golden, 2008-05-19 A collection of essays designed to challenge working administrators and researchers to look more closely at their operations and consider again how they develop people and the organizations in which they work Managing Modernity Stewart R. Clegg, Martin Harris, Harro Höpfl, 2011-01-27 Bureaucracy has long been a cornerstone of advanced industrial societies and a defining feature of modernity At the same time many commentators from all quarters argue that it is on the wane in this post this or that world or that if it isn't it should be dismantled to free up organizations enterprise and innovation But do we live in a more or less bureaucratic world Do contemporary forms and means of communication undermine or modify bureaucracy or does technology create new iron cages and forms of control If bureaucratic models of organization are abandoned do we run risks of organizational failure and inequity Are there certain moral professional and social values associated with bureaucratic models This book explores these issues in different organizational contexts public administration the National Health Service the modern firm and corporation and offers new insights into enduring questions It will be an invaluable resource for academics researchers and students in organization studies management public administration and sociology The volume will also appeal to managers planners and policy makers who deal with these challenges **Informing View of Organization: Strategic Perspective** Travica, Bob, 2019-12-06 Businesses are incorporating automated processes and

information technology as cost cutters or productivity boosters into their business strategy now more than ever However as information systems IS research is further focusing on IS strategy as well as advancing business strategy research there is a need to examine the increasing integration of technology and automation through a clear framework Informing View of Organization is such a framework Informing View of Organization Strategic Perspective features coverage on a wide range of topics such as group informatics infoprocesses and big data This book is ideally designed for academics students managers information technology professionals computer engineers programmers and researchers interested in organization technology interaction
