An Introduction to the Critical Study and Knowledge of the Holy Scriptures Thomas Hartwell Horne,1825 **Deleuze, Guattari and the Machine in Early Christianity** Bradley H. McLean,2022-07-28 Expanding the impact of Gilles Deleuze and Felix Guattari s philosophy to the disciplines of Christian Origins and Christian theology this original study makes the case for understanding early Christianity through such Deleuzioguattarian concepts as the rhizome the machine the body without organs and the multiplicity using the theoretical tool of schizoanalysis to do so The reconstruction of the historical emergence of early Christianity Bradley H McLean argues has been constrained by traditional assumptions about its historical and transcendental origins These assumptions are ill suited to theorizing the genesis change and transformation of early Christianity in the first three centuries of the Common Era To capture the dynamism of early Christianity McLean applies Guattari s concept of the machine to the analysis of early Christianity Arguing that machines are both an unnoticed dimension of early Christianity and a major analytical tool for the discipline McLean highlights the potential of the philosophy of Deleuze and Guattari to challenge and reconfigure not just our knowledge of early Christianity but all aspects of Hellenistic Judaism and the Greco Roman world as well as our understanding of Jesus of Nazareth and the Jesus movement By subverting the concept of a single transcendental or historical origin of Christianity this book facilitates new forms of dialogue and cooperation between Christians and co religionists *We are Risen* Grant Barlow,2008 **St. Andrew's Cross** ,1910
