O.C. Edwards JR., 2016-04-25 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation Bringing together an impressive array of familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time Origen Chrysostom Augustine Bernard Aquinas Luther Calvin Wesley Edwards Rauschenbusch Barth all of their distinctive contributions receive careful attention Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew Volume 2 available separately as 9781501833786 contains primary source material on preaching drawn from the entire scope of the church's twenty centuries The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history Ecumenical in scope fair minded in presentation appreciative of the contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon A History of Preaching will be the definitive

resource for anyone who wishes to preach or to understand preaching's role in living out the gospel. This work is expected to be the standard text on preaching for the next 30 years, says Ann K. Riggs, who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission, which studies church uniting and church dividing issues. *A History of Preaching* is ecumenical in scope and will be relevant in all our churches; we all participate in this field, says Riggs. From EcuLink Number 65, Winter 2004-2005, published by the National Council of Churches.

Designing the Sermon James Earl Massey, 2010-10-01. Providing fundamental homiletical principles, this classic book gives readers all the tools they need to prepare a meaningful sermon. Sermon design. James Massey's contemporary, creative approach to shaping specific classifications of sermons focuses on order: What is the preacher's goal and on movement? What structure is he or she using to get there? The discussion of his approach begins with an appraisal of the sermon in context in relation to goals, design, basic forms, contemporary concerns, and the why of it all. Dr. Massey's specific forms for designing sermons include the narrative story sermon, a subject which is receiving renewed interest today; the textual expository sermon; the doctrinal topical sermon; and the special occasion sermon, for which he has chosen the topic of the funeral. Suggestions are included for studying the methods of master preachers as a resource for more effective preaching. And three of the author's own tested sermons are used as illustrations of sermon design possibilities.

Library of Congress Catalogs Library of Congress, *Monographic Series* Library of Congress, 1981. [Preaching and Paul's Letter to the Romans](#) Ronald J. Allen, 2025-07-10. Ronald J. Allen argues that the apostle Paul wrote his letter to the Romans to address specifically the gentiles in the congregation in Rome. Allen suggests that this was because the gentiles exhibited arrogant behavior towards Jewish members of the community, thereby undermining a primary facet of the early church: to witness to the community of love and mutual support that God seeks for all. Allen shows readers how Paul points the gentiles to the faithfulness of God, who invites them to recognize and live according to the grace of God shown to them through Jesus Christ. In this pastorally engaged work, Allen not only provides historical commentary on Romans but also helps preachers and scholars make connections between arrogance and its destructiveness in communities today, as well as inviting congregations to participate in the grace that makes possible a loving and mutually respectful community.
