Palmistry (With Celebrity Palm Examples) Simona Rich,2021-01-16

ABOUT THE PALMISTRY BOOK I wrote this book from the knowledge I d received as a result of reading numerous old palm reading books I especially liked the ones found in India Also I read palmistry books based on Egyptian and Chaldean knowledge I added my own knowledge to the book too born out of reading the palms of my clients Because I have really lovely people ordering my services they are happy to cooperate with me Therefore because of their willingness to talk about their personal lives I ve made some palmistry discoveries which I share in the book PICTURE RICH FOR EASY UNDERSTANDING This book mixes old with the new Though it s based on the ancient palmistry system I use celebrity palm examples to illustrate many of the lines and hand shapes I always found it frustrating that though the old palmistry books contain a wealth of information they are often disorganized For example you discover palm illustrations pages after the appropriate lesson is given So I tried to make my book as organized as possible by providing an illustration after each explanation of the new line or mark This book has several hundred illustrations of different palms lines and marks on hands I tried to make the book as easy as possible to understand therefore it contains many drawings
