Orlov, 2020-06-02 The essays collected in Jewish Roots of Eastern Christian Mysticism intend to honor Alexander Golitzin a scholar known for his keen attention to the Jewish matrix of Eastern Orthodox spirituality Following Golitzin s insights this Festschrift explores influences of Jewish apocalypticism and mysticism on certain early and late Christian authors including Irenaeus Origen Evagrius of Pontus Pseudo Dionysius and Symeon the New Theologian Special attention is given to Jewish theophanic traditions regarding the beatific vision of the divine Glory Kavod which profoundly shaped Eastern Christian theology and liturgy This volume demonstrates that recent developments in the study of apocalyptic literature the Qumran Scrolls Gnosticism and later Jewish mysticism throw new and welcome light on the sources and continuities of Orthodox theology liturgy and spirituality **The Quest**, 1928 **Jewish & Christian Mysticism** Dan Cohn-Sherbok, Lavinia Cohn-Sherbok, 1994 *Journal of Ecumenical Studies*, 1987 Pre-Nicene Christology in Paschal Contexts Dragoş Giulea, 2013-11-01 In Pre Nicene Christology in Paschal Contexts Drago A Giulea re examines the earliest texts related to the festival of Easter in light of Second Temple traditions Commonly portrayed as sacrificial lamb the key actor of the paschal narrative is here designated as heavenly Kabod Divine Image King of the Powers celestial Anthropos Demiurge Son of Man each of these divine names implying a corresponding soteriological function Drago A Giulea indicates as well that the Greek philosophical vocabulary and certain idioms of the mystery religions inspired new categories which reshaped the traditional way of describing the nature of celestial entities and the epistemological capacities able to access these realities Thus the King of the Powers or the Son of Man is several times described as a noetic Anthropos while initiation and noetic perception become the appropriate methods of accessing the divine **The Journal of Jewish Studies**, 1989

Mystical Resistance Ellen D. Haskell, 2016-07-01 The thirteenth century Jewish mystical classic Sefer ha Zohar The Book of Splendor commonly known as the Zohar took shape against a backdrop of rising anti Judaism in Spain Mystical Resistance reveals that in addition to the Zohar s role as a theological masterpiece its kabbalistic teachings offer passionate and knowledgeable critiques of Christian majority culture During the Zohar s development Christian friars implemented new missionizing strategies forced Jewish attendance at religious disputations and seized and censored Jewish books In response the kabbalists who composed the Zohar crafted strategically subversive narratives aimed at diminishing Christian authority Hidden between the lines of its fascinating stories the Zohar makes daring assertions that challenge themes important to medieval Christianity including Christ s Passion and ascension the mendicant friars new missionizing strategies and Gothic

art's claims of Christian dominion. These assertions rely on an intimate and complex knowledge of Christianity gleaned from rabbinic sources, polemic literature, public Church art, and encounters between Christians and Jews. Much of the kabbalists' subversive discourse reflects language employed by writers under oppressive political regimes, treading a delicate line between public and private power and powerlessness, subservience and defiance. By placing the Zohar in its thirteenth-century context, Haskell opens this text as a rich and fruitful source of Jewish cultural testimony produced at the epicenter of sweeping changes in the relationship between medieval Western Europe's Christian majority and its Jewish minority.

Presence John Williamson Nevin, 2012-04-19. *The Mystical Presence* 1846. John Williamson Nevin's magnum opus was an attempt to combat the sectarianism and subjectivism of nineteenth-century American religion by recovering the robust sacramental and incarnational theology of the Protestant Reformation, enriched with the categories of German idealism. In it, he makes the historical case for the spiritual real presence as the authentic Reformed doctrine of the Eucharist and explains the theological and philosophical context that render the doctrine intelligible. The 1850 article "The Doctrine of the Reformed Church on the Lord's Supper" represents his response to his arch-critic Charles Hodge of Princeton Seminary, providing what is still considered a definitive historical treatment of Reformed eucharistic theology. Both texts demonstrate Nevin's immense erudition and theological creativity, contributing to our understanding not only of Reformed theology but also of the unique milieu of nineteenth-century American religion. The present critical edition carefully preserves the original text while providing extensive introductions, annotations, and bibliography to orient the modern reader and facilitate further scholarship. The Mercersburg Theology Study Series is an attempt to make available for the first time in attractive, readable, and scholarly modern editions the key writings of the nineteenth-century movement known as the Mercersburg Theology. An ambitious multi-year project, this aims to make an important contribution to the academic community and to the broader reading public who may at last be properly introduced to this unique blend of American and European Reformed and Catholic theology.

The Pursuit of the Sacred John Chitakure, 2016-03-03 Globalization has taken the world by storm and has facilitated the unprecedented migrations of the peoples of this world Whether we like it or not we will meet foreigners in our communities schools universities buses and other public places But when people migrate they take their religions with them If people of different religious traditions are to live side by side amicably interfaith dialogue becomes imperative But for people to be able to speak about their own religions with enlightenment and listen to other people's religious beliefs with respect they must have some basic knowledge of how faiths and believers operate because for some people religion is inseparably intertwined with their economics politics and everyday lives This book clearly and concisely introduces religious studies to the reader It makes a strong case for the quest and study of world religions and explores the challenges controversies and methodological issues in the study of religions It also explores other pertinent religious issues such as beliefs rituals myths sacredness morality the problem of evil and interreligious dialogue Although written from a classroom perspective this book can be useful to any reader who would like to acquire knowledge of religious issues *Organization*

Orthodoxies Augustine Casiday, Andrew Louth, 2017-09-29 The Byzantine Empire the Christianized Roman Empire very soon defined itself in terms of correct theological belief orthodoxy The terms of this belief were hammered out for the most part by bishops but doctrinal decisions were made in councils called by the Emperors many of whom involved themselves directly in the definition of orthodoxy Iconoclasm was an example of such imperial involvement as was the final overthrow of iconoclasm That controversy ensured that questions of Christian art were also seen by Byzantines as implicated in the question of orthodoxy The papers gathered in this volume derive from those presented at the 36th Spring Symposium of Byzantine Studies Durham March 2002 They discuss how orthodoxy was defined and the different interests that it represented how orthodoxy was expressed in art and the music of the liturgy and how orthodoxy helped shape the Byzantine Empire's sense of

its own identity an identity defined against the other Jews heretics and especially from the turn of the first millennium the Latin West These considerations raise wider questions about the way in which societies and groups use world views and issues of belief to express and articulate identity At a time when with the enlargement of the European Union questions of identity within Europe are once again becoming pressing there is much in these essays of topical relevance
