**Swedenborg Studies** Richard M'Cully, 1875     **The Mysteries of London Volume 1 (of 4) (Illustrations)** George William MacArthur Reynolds, 2014-12-02 Example in this ebook Between the 10th and 13th centuries Civilisation withdrew from Egypt and Syria rested for a little space at Constantinople and then passed away to the western climes of Europe From that period these climes have been the grand laboratory in which Civilisation has wrought out refinement in every art and every science and whence it has diffused its benefits over the earth It has taught commerce to plough the waves of every sea with the adventurous keel it has enabled handfuls of disciplined warriors to subdue the mighty armaments of oriental princes and its daring sons have planted its banners amidst the eternal ice of the poles It has cut down the primitive forests of America carried trade into the interior of Africa annihilated time and distance by the aid of steam and now contemplates how to force a passage through Suez and Panama The bounties of Civilisation are at present almost everywhere recognised Nevertheless for centuries has Civilisation established and for centuries will it maintain its headquarters in the great cities of

Western Europe and with Civilisation does Vice go hand in hand Amongst these cities there is one in which contrasts of a strange nature exist The most unbounded wealth is the neighbour of the most hideous poverty the most gorgeous pomp is placed in strong relief by the most deplorable squalor the most seducing luxury is only separated by a narrow wall from the most appalling misery The crumbs which fall from the tables of the rich would appear delicious viands to starving millions and yet those millions obtain them not In that city there are in all districts five prominent buildings the church in which the pious pray the gin palace to which the wretched poor resort to drown their sorrows the pawnbroker s where miserable creatures pledge their raiment and their children s raiment even unto the last rag to obtain the means of purchasing food and alas too often intoxicating drink the prison where the victims of a vitiated condition of society expiate the crimes to which they have been driven by starvation and despair and the workhouse to which the destitute the aged and the friendless hasten to lay down their aching heads and die And congregated together in one district of this city in an assemblage of palaces whence emanate by night the delicious sounds of music within whose walls the foot treads upon rich carpets whose sideboards are covered with plate whose cellars contain the choicest nectar of the temperate and torrid zones and whose inmates recline beneath velvet canopies feast at each meal upon the collated produce of four worlds and scarcely have to breathe a wish before they find it gratified Alas how appalling are these contrasts And as if to hide its infamy from the face of heaven this city wears upon its brow an everlasting cloud which even the fresh fan of the morning fails to disperse for a single hour each day And in one delicious spot of that mighty city whose thousand towers point upwards from horizon to horizon as an index of its boundless magnitude stands the dwelling of one before whom all knees bow and towards whose royal footstool none dares approach save with downcast eyes and subdued voice The entire world showers its bounties upon the head of that favoured mortal a nation of millions does homage to the throne whereon that being is exalted The dominion of this personage so supremely blest extends over an empire on which the sun never sets an empire greater than Jenghiz Khan achieved or Mohammed conquered This is the parent of a mighty nation and yet around that parent s seat the children crave for bread To be continue in this ebook      **The Mysteries of London** George W. M. Reynolds,2020-12-17

France from whence I was brought to England by my parents who fled for their religion about the year 1683 when the Protestants were banished from France by the cruelty of their persecutors I who knew little or nothing of what I was brought over hither for was well enough pleased with being here London a large and gay city took with me mightily well who from my being a child loved a crowd and to see a great many fine folks *To be Continued* Merle Jacob, Hope Apple, 1995 This guide identifies both in print and out of print works of fiction featuring continuing themes plots or characters in which there is a sense of development and passage of time Entries are arranged alphabetically by author and are accompanied by

**Roxana: The Fortunate Mistress** Daniel Defoe, 2021-10-31 *Roxana* The Fortunate Mistress Daniel Defoe *Roxana* The Fortunate Mistress was Daniel Defoe's last and darkest novel the autobiography of a woman who has traded her virtue at first for survival and then for fame and fortune Its narrator tells the story of her own wicked life as the mistress of rich and powerful men A resourceful adventuress she is also an unforgiving analyst of her own susceptibilities who tells us of the price she pays for her successes Endowed with many seductive skills she is herself seduced by money by dreams of rank and by the illusion that she can escape her own past

**The Mysteries of London Vol 1 of 4** George W. M. Reynolds, 2017-03-06 *The Mysteries of London* is a penny dreadful or city mysteries novel begun by George W M Reynolds in 1844 Reynolds wrote the first two series of this long running narrative of life in the seedy underbelly of mid nineteenth century London Thomas Miller wrote the third series and Edward L Blanchard wrote the fourth

series of this immensely popular title Michael Angelo in Penny Dreadfuls and Other Victorian Horrors writes Reynolds had read Eugene Sue while in Paris and was particularly impressed by his novel Les Mystères de Paris The Mysteries of Paris It inspired Reynolds to write and publish a penny part serial The Mysteries of London 1845 in which he paralleled Sue's tale of vice depravity and squalor in the Parisian slums with a sociological story contrasting the vice and degradation of London working class life with the luxury and debaucheries of the hedonistic upper crust An early socialist and a Chartist sympathizer Reynolds had a genuine social conscience and he contrived to stitch into the pages of his books diatribes against social evils and class inequities 79 Instalments were published weekly and contained a single illustration and eight pages of text printed in double columns The weekly numbers were later bound in cloth covers with a fresh title page and table of contents and offered as complete works of fiction After Reynolds quit The Mysteries of London he began a new title The Mysteries of the Court of London which ran from 1848 until 1856      Literary News ,1897
