 Abdelfattah Kilito, 2017-08-10 It has been said that the difference between a language and a dialect is that a language is a

 yielding conscious and unconscious effects on language *Thou Shall Not Speak My Language* explores this tension in his
 address of the dynamics of literary influence and canon formation within the Arabic literary tradition As one of the Arab
 world's most original and provocative literary critics Kilito challenges the reader to reexamine contemporary notions of

 John Charvet presents an original philosophical theory that transcends the liberal communitarian debate and justifies
 universally valid principles of prudential and moral reason *The Idea of an Ethical Community* rejects contemporary positions
 the liberal theorist's politically neutral stance toward alternative conceptions of good on the one hand and the communitarian's
 moral relativism on the other Charvet espouses what he calls an antirealist view of shared norms and maintains that
 although reason cannot be unconditionally authoritative there can be conditionally definitive rational principles His book

advances a view of the ethical community consistent both with the contractarian idea of John Rawls's early work *A Theory of Justice* and a due emphasis on communitarian values. But he grounds this view of the ethical community in a theory of the autonomous person and a theory of value.
