Speaking Jewish Jewish Speak Multilingualism In Western Ashkenazic Culture:

Speaking Jewish - Jewish Speak Shlomo Berger, 2003 As the world of Jewish studies continues to expand Studia Rosenthaliana enters a new phase with this 36th volume the first in a series of yearbooks In this edition an international panel of authors takes an innovative look at the theme of Jewish multilingualism from various multidisciplinary perspectives Several research projects on various aspects of Dutch Jewish history and culture are currently under way at academic institutions in Amsterdam and elsewhere while Dutch academics are regularly involved in extensive international research projects The research that resulted in the articles presented in this volume of Studia Rosenthaliana was carried out by the Menasseh ben Israel Institute and the University of Amsterdam in collaboration with the Solomon Ludwig Steinheim Institute in Duisburg and forms part of a larger programme on Yiddish in the Netherlands currently being conducted together with the Abteilung für Jiddische Sprache Kultur und Literatur at Heinrich Heine Universität Düsseldorf *Languages in Jewish Communities, Past and Present* Benjamin Hary, Sarah Bunin Benor, 2018-11-05 This book offers sociological and structural descriptions of language varieties used in over 2 dozen Jewish communities around the world along with synthesizing and theoretical chapters Language descriptions focus on historical development contemporary use regional and social variation structural features and Hebrew Aramaic loanwords The book covers commonly researched language varieties like Yiddish Judeo Spanish and Judeo Arabic as well as less commonly researched ones like Judeo Tat Jewish Swedish and Hebraized Amharic in Israel today *The People of the Song* Yael Sela, 2025-02-03 When in 1783 Moses Mendelssohn's German Psalms translation was published in Berlin forward thinking ideologues of Jewish cultural revival rendered its translator a redeemer of the songs of King David from exilic desolation The People of the Song is the first study to examine Mendelssohn's conception of biblical Hebrew poetry as a particular manifestation of Judaism's universalism The author traces how it helped forge a new foundational narrative that imagined Israel's covenant with God in sacred song not in revealed law portrayed King David as a bard not a military leader and envisioned national redemption of modern Jews as an aesthetic not a political revival *Meir Aaron Goldschmidt and the Poetics of Jewish Fiction* David Gantt Gurley, 2016-12-09 Meir Aaron Goldschmidt and the Poetics of Jewish Fiction presents a bold new reading of one of Denmark's greatest writers of the nineteenth century situating him first and foremost as a Jewish artist Offering an alternative to the nationalistic discourse so prevalent in the scholarship Gurley examines Goldschmidt's relationship to the Hebrew Bible and later rabbinical traditions such as the Talmud and the Midrash At the same time he shows that Goldschmidt's midrashic style in a secular context predates certain narrative movements within Modernism that are usually associated with the twentieth century and especially Czech writer Franz Kafka Goldschmidt was remarkable in his era both as a writer who explored his peripheral identity in the mainstream of European culture and as a writer of the first truly Jewish bildungsroman In this groundbreaking study of Goldschmidt's narrative art Gurley refashions his position in both the Danish and Jewish literary canons and introduces his extraordinary

work to a wider non Scandinavian audience Caribbean Jewish Crossings Sarah Phillips Casteel, Heidi Kaufman, 2019-10-28 Caribbean Jewish Crossings is the first essay collection to consider the Caribbean's relationship to Jewishness through a literary lens. Although Caribbean novelists and poets regularly incorporate Jewish motifs in their work, scholars have neglected this strain in studies of Caribbean literature. The book takes a pan Caribbean approach with chapters addressing the Anglophone Francophone Hispanophone and Dutch speaking Caribbean. Part 1 traces the emergence of a Caribbean Jewish literary culture in Suriname, St. Thomas, Jamaica, and Cuba from the late eighteenth century through the early twentieth century. Part 2 brings into focus Sephardic and crypto Jewish motifs in contemporary Caribbean literature, while Part 3 turns to the question of colonialism and its relationship to Holocaust memory. The volume concludes with the compelling voices of contemporary Caribbean creative writers. **Dear Mendl, Dear Reyzl** Alice Nakhimovsky, Roberta Newman, 2018-11-01 Explore the Jewish past via letters that reflect connections and collisions between old and new worlds. Jewish Book Council. At the turn of the 20th century, Jewish families scattered by migration could stay in touch only through letters. Jews in the Russian Empire and America wrote business letters, romantic letters, and emotionally intense family letters. But for many Jews who were unaccustomed to communicating their public and private thoughts in writing, correspondence was a challenge. How could they make sure their spelling was correct and they were organizing their thoughts properly? A popular solution was to consult brivnshtelers, Yiddish language books of model letters. Dear Mendl, Dear Reyzl translates selections from these model letter books and includes essays and annotations that illuminate their role as guides to a past culture. Covers a neglected aspect of Jewish popular culture and deserves a wide readership. For all serious readers of Yiddish and immigrant Jewish culture and customs. Library Journal. Delivers more than one would expect because it goes beyond a linguistic study of letter writing manuals and explicates their genre and social function. Slavic Review. Reproductions of brivnshtelers form the core of the book and comprise the majority of the text, providing a ground level window into a largely obscured past. Publishers Weekly. The real delight of the book is in reading the letters themselves. Highly recommended. AJL Reviews. **Rabbinical Literature in Yiddish and Ladino** Katja Šmid, David Bunis, Chava Turniansky, 2025-11-03 The volume offers a broad introduction to the rabbinical literature written in the two major traditional Jewish languages of Europe: Yiddish, the language of the Ashkenazic Jews of Eastern Europe, and Ladino or Judezmo or Judeo Spanish, the language of the Sephardic Jews of the Ottoman Empire and its successor states, Italy, and the Austro-Hungarian Empire. The scope is wide-ranging. Some of the contributions highlight the lives and work of outstanding rabbinical figures who wrote in Yiddish or Ladino and the crucial role they played in the transmission of rabbinical knowledge among the more popular sectors of their communities, as well as in the shaping of the Yiddish and Ladino reading public. Close attention is paid to long established genres such as the highly popular Biblical commentaries, as exemplified by *Me'am lo'ez* in Ladino, 1730-1899, prayer books, and liturgical compositions in prose and verse, responsa collections, guides to religious observance, moralistic

works as well as modern genres having rabbinic content such as the periodical press that began to appear in the second half of the nineteenth century when the Jewish communities of the Diaspora underwent radical cultural religious social and political changes

Jewish Religious Music in Nineteenth-Century America Judah M. Cohen, 2019-02-14 This study of synagogue music in the United States in the second half of the nineteenth century sets a high standard for historical musicology *Musica Judaica* In *Jewish Religious Music in Nineteenth Century America* Restoring the Synagogue Soundtrack Judah M Cohen demonstrates that Jews constructed a robust religious musical conversation in the United States during the mid to late nineteenth century While previous studies of American Jewish music history have looked to Europe as a source of innovation during this time Cohen's careful analysis of primary archival sources tells a different story Far from seeing a fallow musical landscape Cohen finds that Central European Jews in the United States spearheaded a major revision of the sounds and traditions of synagogue music during this period of rapid liturgical change Focusing on the influences of both individuals and texts Cohen demonstrates how American Jewish musicians sought to balance artistry and group singing rather than progressing from solo chant to choir and organ Congregations shifted between musical genres and practices during this period in response to such factors as finances personnel and communal cohesiveness Cohen concludes that the soundtrack of nineteenth century Jewish American music heavily shapes how we look at Jewish American music and life in the first part of the twenty first century arguing that how we see and especially hear history plays a key role in our understanding of the contemporary world around us Supplemented with an interactive website that includes the primary source materials recordings of the music discussed and a map that highlights the movement of key individuals Cohen's research defines more clearly the sound of nineteenth century American Jewry

From Maimonides to Microsoft Neil Netanel, David Nimmer, 2016 *From Maimonides to Microsoft* traces the historical development of Jewish copyright law by comparing rabbinic reprinting bans with secular and papal book privileges and by relaying the stories of dramatic disputes among publishers of books of Jewish learning and liturgy He describes each dispute in its historical context and examines the rabbinic rulings that sought to resolve it Remarkably the rabbinic reprinting bans and copyright rulings address some of the same issues that animate copyright jurisprudence today Is copyright a property right or just a right to receive fair compensation How long should copyrights last What purposes does copyright serve While Jewish copyright law has borrowed from its secular law counterpart at key junctures it fashions strikingly different answers to those key questions A

Universal Art. Hebrew Grammar across Disciplines and Faiths Nadia Vidro, Irene E. Zwiép, Judith Olszowy-Schlanger, 2014-06-05 *A Universal Art Hebrew Grammar Across Disciplines and Faiths* reflects on medieval and early modern Hebrew linguistics as a discipline that crossed geographic and religious borders and linked up with a plethora of scholarly activities from Judaeo Arabic Bible translations to the Renaissance search for the holiest alphabet This collection of articles presents a cross section of new research avenues on Hebraism Karaite Rabbanite and Christian with an emphasis

on the transmission of linguistic ideas through time and space among different communities cultures and religious currents
The resulting picture is one of intrinsic variation and dynamic growth as opposed to the linear paradigm of development
culmination and stagnation current in the historiography of Hebrew linguistics
