de Romanis Book 2 (2nd edition) Katharine Radice, Angela Cheetham, Sonya Kirk, George Lord, 2025-03-20 Now endorsed by OCR and under review by Eduqas, this popular Latin course for students aged 11-16 is breathing new life into Latin teaching and learning. de Romanis is a vibrant and accessible introduction to both the Latin language and the cultural world of the Romans. Throughout the course, students gradually build their proficiency in Latin while exploring cultural topics through background notes, primary sources, and engaging stories. This new edition of Book 2 has been revised throughout based on teacher feedback. Chapter introductions and core language sections are more accessible; you will find new boxes to offer opportunities for quick practice and enhance literacy through derivation skills. New primary sources expand your experience of the material world; revised stories support understanding of the darker side of Roman history. What makes de Romanis so special? Language learning is split between Core and Additional to ensure effective differentiation and flexible timetabling. Fun and varied exercises include word identification, word manipulation, and source analysis to encourage wider discussion. Two-way translation exercises, derivation tasks, and grammar explanations develop key literacy skills, promoting the understanding of English as well as Latin. Vocabulary is consistently consolidated, and the clear and systematic explanations of grammar encourage steady progress to GCSE and beyond. Early introduction of Latin stories, rather than isolated sentences, builds student confidence from the start. The course is supported by over 300 additional online resources to support your teaching. In Book 2, students meet the most famous historical figures of the Roman world introduced through a variety of reading passages in Latin. From the earliest legends of the kings of Rome through the turbulent events of the Republic to seminal moments from imperial history, this is the perfect way to learn about Roman history and key institutions that enabled power.
