

Spectacular Special Effects

Diana Kimpton, Royston Robertson

Spectacular Special Effects:

Spectacular Special Effects Diana Kimpton, Royston Robertson, 2002-01-01 A guide to the sensational secrets of special effects from multi million dollar computer magic in blockbuster movies to spectacular effects you can use in your own school play

Spectacular Digital Effects Kristen Whissel, 2014-02-05 By developing the concept of the digital effects emblem Kristen Whissel contributes a new analytic rubric to cinema studies An effects emblem is a spectacular computer generated visual effect that gives stunning expression to a film s key themes Although they elicit feelings of astonishment and wonder effects emblems do not interrupt narrative but are continuous with story and characterization and highlight the narrative stakes of a film Focusing on spectacular digital visual effects in live action films made between 1989 and 2011 Whissel identifies and examines four effects emblems the illusion of gravity defying vertical movement massive digital multitudes or swarms photorealistic digital creatures and morphing plasmatic figures Across films such as Avatar The Matrix the Lord of the Rings trilogy Jurassic Park Titanic and Crouching Tiger Hidden Dragon these effects emblems heighten the narrative drama by contrasting power with powerlessness life with death freedom with constraint and the individual with the collective

Special Effects Dan North, Bob Rehak, Michael S. Duffy, 2019-07-25 As blockbusters employ ever greater numbers of dazzling visual effects and digital illusions this book explores the material roots and stylistic practices of special effects and their makers Gathering leading voices in cinema and new media studies this comprehensive anthology moves beyond questions of spectacle to examine special effects from the earliest years of cinema via experimental film and the Golden Age of Hollywood to our contemporary transmedia landscape Wide ranging and accessible this book illuminates and interrogates the vast array of techniques film has used throughout its history to conjure spectacular images mediate bodies map worlds and make meanings Foreword by Scott Bukatman with an Afterword by Lev Manovich

Science Fiction Film Keith M. Johnston, 2013-05-09 Science Fiction Film develops a historical and cultural approach to the genre that moves beyond close readings of iconography and formal conventions It explores how this increasingly influential genre has been constructed from disparate elements into a hybrid genre Science Fiction Film goes beyond a textual exploration of these films to place them within a larger network of influences that includes studio politics and promotional discourses The book also challenges the perceived limits of the genre it includes a wide range of films from canonical SF such as *Le voyage dans la lune* *Star Wars* and *Blade Runner* to films that stretch and reshape the definition of the genre This expansion of generic focus offers an innovative approach for students and fans of science fiction alike

Special Effects Artists Rolf Giesen, 2014-04-24 Throughout the course of film history artists have used matte painting stop motion animation model photography process cinematography in camera effects travelling mattes optical printing and physical and floor effects to entertain audiences These are the special effects artists in this book The biographical entries provide career synopses and movie credits spanning the early years of cinematography through the end of the mechanical age of filmmaking marked by Steven Spielberg s

Jurassic Park and its combination of conventional effects and computer generated images An extensive filmography numerous stills a glossary a bibliography and index are presented *Peter Jackson* Alfio Leotta, 2015-12-17 Peter Jackson is one of the most acclaimed and influential contemporary film makers This is the first book to combine the examination of Jackson's career with an in depth critical analysis of his films thus providing readers with the most comprehensive study of the New Zealand film maker's body of work The first section of the book concentrates on Jackson's biography surveying the evolution of his career from the director of cult slapstick movies such as *Meet the Feebles* 1989 and *Braindead* 1992 to an entrepreneur responsible for the foundation of companies such as Wingnut Films and Weta Workshop and finally to producer and director of mega blockbuster projects such as *The Lord of the Rings* 2001 2003 and *The Hobbit* 2012 2013 The book further examines Jackson's work at the level of production reception and textuality along with key collaborative relationships and significant themes associated with Jackson's films The examination of Peter Jackson's work and career ties into significant academic debates including the relationship between national cinema and global Hollywood the global dispersal of film production the relationship between film authorship and industrial modes of production the impact of the creative industries on the construction of national identity and new developments in film technology

Special Effects on the Screen Martin Lefebvre, Marc Furstenau, 2025-10-01 Since the very first days of cinema audiences have marveled at the special effects imagery presented on movie screens While long relegated to the margins of film studies special effects have recently become the object of a burgeoning field of scholarship With the emergence of a digital cinema and the development of computerized visual effects film theorists and historians have been reconsidering the traditional accounts of cinematic representation recognising the important role of special effects Understood as a constituent part of the cinema special effects are a major technical but also aesthetic component of filmmaking and an important part of the experience for the audience In this volume new directions are charted for the exploration of this indispensable aspect of the cinematic experience Each of the essays in this collection offers new insight into the theoretical and historical study of special effects The contributors address the many aspects of special effects from a variety of perspectives considering them as a conceptual problem recounting the history of specific special effects techniques and analysing notable effects films

Peter Jackson Ian Pryor, 2025-10-16 This fascinating look at the now celebrated director tells of the inspiration that led to the making of the three world famous *Lord of the Rings* films and the six other films that preceded them This unauthorized biography *Peter Jackson From Prince of Splatter to Lord of the Rings* traces the journey of a young movie fanatic from Sunday afternoons spent fooling around with a camera through low budget cult movies to control of the most ambitious film project ever on what is probably the best loved fantasy novel ever written This in depth biography explores the many talents of the young Peter Jackson the making of *Bad Taste* *Meet the Feebles* *Braindead* *Heavenly Creatures* *Forgotten Silver* *The Frighteners* and the *Lord of the Rings* trilogy The story behind the *Rings* which tells how Jackson got the rights to make the film and the

permission and funding to make three films rather than collapsing the story into just one or two films interviews and other behind the scenes material from the making of the landmark films Past and future in which author Ian Pryor considers Jackson s achievements and possible future including his remake of King Kong From casts of zombies traumatized puppets and murderous teenagers to deal making in Hollywood this book is about following one s visions wherever they might lead

The Smallville Chronicles Lincoln Geraghty,2011-09-09 In 2001 yet another adaptation of the Superman comic book came to television Lasting 10 seasons Smallville took the traditional Superman story and turned it into an American teen action drama about Clark Kent s life at high school before he donned the famous blue tights and red cape Instead of depicting Superman s clashes with criminals in Metropolis the show focused on how Clark first developed his powers and learned to cope with girls school and teenage angst Although largely overlooked by critics and derided by Superman fans who regarded it as too far a departure from the comic book canon Smallville nonetheless endeared a whole new generation of viewers The setting style narrative and cast of fresh faced actors suggested that the Superman story was not only ready for a makeover but also still relevant for a post 9 11 American audience In *The Smallville Chronicles Critical Essays on the Television Series* scholars examine the multiple narratives of the Smallville universe Addressing issues related to gender sexuality national identity myth history and politics these essays explore how the series uses the Superman story to comment on contemporary social issues Additional essays investigate the complex relationship the show s audience has with the characters through blogging fan fiction visits to filming locations and the creation of websites As the first book length study specifically focused on the Smallville television series this collection is an excellent text for studies in science fiction fandom and teen television scholarship and it will also have general appeal to fans of the show New Media Leah A. Lievrouw,Sonia M. Livingstone,2009

Unveiling the Magic of Words: A Review of "**Spectacular Special Effects**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
