Speech And Theology Language And The Logic Of Incarnation:

Speech and Theology James K. A. Smith, 2002 Speech and Theology posits that the paradigm for the encounter between the material and the divine or the immanent and transcendent is found in the Incarnation *Rethinking Trinitarian Theology* Giulio Maspero, Robert J. Wozniak, 2012-03-01 The book aims at showing the most important topics and paradigms in modern Trinitarian theology It is supposed to be a comprehensive guide to the many traces of development of Trinitarian faith As such it is thought to systematize the variety of contemporary approaches to the field of Trinitarian theology in the present philosophical cultural context The main goal of the publication is not only a description of what happened to Trinitarian theology in the modern age It is rather to indicate the typically modern specificity of the Trinitarian debate and first of all to encourage development in the main areas and issues of this subject *Speaking of God* D. Stephen Long, 2009-05-21 In this theological tour de force D Stephen Long addresses a key question in current theological debate the conditions of the possibility of God talk along with attending questions about natural theology fideism and theological truth claims He engages not only the most significant contemporary theologians and philosophers on this score Denys Turner Bruce Marshall Charles Taylor Fergus Kerr but also the legacy of twentieth century theology Barth von Balthasar and the analytic philosophical tradition from Wittgenstein to Davidson Throughout Long sustains a careful exegetical engagement with Aquinas showing that what is at stake in contemporary theology is just how we inherit St Thomas Central to Long's project is averting the charge of fideism so often laid at the feet of postliberal approaches like his own To that end Long argues for a chastened natural theology while challenging any simple distinction between natural and confessional theology In joining these many voices into one conversation Long does a remarkable job of surveying the current theological scene with respect to issues of language and truth arguing for the need to deal head on with classical questions of metaphysics An excellent and significant book James K A Smith Calvin College Long's discussion of the topic of God and language offers a refreshingly original treatment of traditional approaches His book cannot be ignored by anyone interested in this topic at any level John Milbank University of Nottingham *Pentecostalism as a Christian Mystical Tradition* Daniel Castelo, Elaine Heath, 2017-04-10 Informed reassessment of Pentecostalism as a mystical tradition of the church universal Pentecostalism says Daniel Castelo is commonly framed as evangelicalism with tongues or dismissed as simply a revivalist movement In this book Castelo argues that Pentecostalism is actually best understood as a Christian mystical tradition Taking a theological approach to Pentecostalism Castelo looks particularly at the movement's methodology and epistemology as he carefully distinguishes it from American evangelicalism Castelo displays the continuity between Pentecostalism and ancient church tradition creating a unified narrative of Pentecostalism and the mystical tradition of Christianity throughout history and today Finally he uses a test case to press the question of what the interactions between mystical theology and dogmatics could look like *Remythologizing Theology* Kevin J. Vanhoozer, 2010-01-14 The rise of modern science and the proclaimed

death of God in the nineteenth century led to a radical questioning of divine action and authorship Bultmann's celebrated demythologizing Remythologizing Theology moves in another direction that begins by taking seriously the biblical accounts of God's speaking It establishes divine communicative action as the formal and material principle of theology and suggests that interpersonal dialogue rather than impersonal causality is the keystone of God's relationship with the world This original contribution to the theology of divine action and authorship develops a fresh vision of Christian theism It also revisits several long standing controversies such as the relations of God's sovereignty to human freedom time to eternity and suffering to love Groundbreaking and thought provoking it brings theology into fruitful dialogue with philosophy literary theory and biblical studies

Image, Identity, and the Forming of the Augustinian Soul Matthew Drever, 2013-06-03 In our current pluralist context there is no clearly designated means of valuing or defining the human person Matthew Drever shows that in the writings of St Augustine we find a concept of the human person that is fluid tenuous prone to great good and great vice and influenced deeply by the wider spiritual and material environment Through an examination of his account of the human relation to God Drever demonstrates how Augustine can offer a crucial resource for a religious reorientation and revaluation of the human person Drever focuses particularly on the concepts of the imago dei and creatio ex nihilo significant for their influence on Augustine's understanding of the human person and for their potential to bridge his and our own world Though rooted in Augustine's early work these concepts are developed fully in his later writings his Genesis commentaries and On the Trinity in particular Drever examines how in these later writings the origin creatio ex nihilo and identity imago dei of the human person intersect with Augustine's understanding of creation Christ and the Trinity Image Identity and the Forming of the Augustinian Soul constructs an interpretation of Augustine's view of the person that acknowledges its classical context while also addressing contemporary theological and philosophical appropriations of Augustine and the issues that animate them

The Realist Hope Christopher J. Insole, 2016-02-24 Taking into consideration analytical continental historical post modern and contemporary thinkers Insole provides a powerful defence of a realist construal of religious discourse Insole argues that anti realism tends towards absolutism and hubris Where truth is exhausted by our beliefs about truth there is no conceptual space for doubting those beliefs only a conception of truth as absolute given and accessible can guarantee the very humility sense of fallibility and sensitivity to difference that the anti realist rightly values Cutting through some of the tired and well rehearsed debates in this area Insole provides a fresh perspective on approaches influenced by Wittgenstein Kant and apophatic theology The defence of realism offered is unusual in being both analytically precise and theologically sensitive with a view to some of the wider and less well explored cultural ethical and political implications of the debate

Theological Hermeneutics in the Classical Pentecostal Tradition L. William Oliverio, 2012-08-01 In *Theological Hermeneutics in the Classical Pentecostal Tradition* L. William Oliverio Jr accounts for the development of Classical Pentecostal theological hermeneutics through four hermeneutical types and concludes with a philosophical basis for future

Pentecostal theological hermeneutics within the contours of a hermeneutical realism *Jean-Luc Marion* Robyn Horner, 2017-03-02 Jean Luc Marion is one of the leading Catholic thinkers of our time a formidable authority on Descartes and a major scholar in the philosophy of religion This book presents a concise accessible and engaging introduction to the theology of Jean Luc Marion Described as one of the leading thinkers of his generation Marion s take on the postmodern is richly enhanced by his expertise in patristic and mystical theology phenomenology and modern philosophy In this first introduction to Marion s thought Robyn Horner provides the essential background to Marion s work as well as analysing the most significant themes for contemporary theology This book serves as an ideal starting point for students of theology and philosophy as well as for those seeking to further their knowledge of cutting edge thinking in contemporary theology

Mariology at the Beginning of the Third Millennium Kevin Wagner, M. Isabell Naumann, Peter John McGregor, Paul Morrissey, 2017-04-24 Since the Second Vatican Council the place of Mary in theology and generally in the life of the Church has been at times muted This is perhaps understandable given the debates concerning Mary s place in the documents of Vatican II In an ecumenical age it was argued the church needed a less triumphalist Mariology and piety with a greater focus on Mary as model disciple In certain respects this has led to a dichotomy between the continued Marian piety of many faithful and truth be told the piety of the post conciliar popes and a theological timidity concerning Mary This collection of chapters seeks to address the current situation of Mariology Taken as a whole these chapters represent a welcome call for renewal and reawakening in Mariology The collection is also delightfully eclectic both in terms of topics covered and in terms of the denominational and academic backgrounds of the authors
