Spenser Studies A Renaissance Poetry Annual Xvii:

Spenser Studies, 1980 **Spenser Studies**, 1992 *Spenser Studies* William A. Oram, 2008 **Literary and visual**
Raleigh Christopher Armitage, 2016-05-16 This collection of essays by scholars from Great Britain the United States Canada and Taiwan covers a wide range of topics about Raleigh's diversified career and achievements Some of the essays shed light on less familiar facets such as Raleigh as a father and as he is represented in paintings statues and in movies others re-examine him as poet historian as a controversial figure in Ireland during Elizabeth's reign and look at his complex relationship with and patronage of Edmund Spenser A recurrent topic is the Hatfield Manuscript in Raleigh's handwriting which contains his long unfinished poem *The Ocean to Cynthia* usually considered a lament about his rejection by Queen Elizabeth after she learned of his secret marriage to one of her ladies in waiting The book is appropriate for students of Elizabethan Jacobean history and literature Among the contributors are well known scholars of Raleigh and his era including James Nohrenberg Anna Beer Thomas Herron Alden Vaughan and Andrew Hiscock **Spenser Studies** William A. Oram, Anne Lake Prescott, Thomas P. Roche, 2005 *European Erotic Romance* Victor Skretkowicz, 2018-07-30 *European Erotic Romance* examines the Renaissance publication and translation of the ancient Greek erotic romances and English adaptations of the genre by Sir Philip Sidney Shakespeare and Lady Mary Sidney Wroth Providing fresh insight into the development of the novel this study identifies the politicisation of erotic romance by the European philhellene lovers of all things Greek Protestant movement To English translators and authors the complex plots well developed moralised characters particularly female and rhetorical styles of the ancient novels signify political and social reform Generous quotation and translations ensure that *European Erotic Romance* is accessible to a broad spectrum of readers Its organisation lends itself to use as a course text It is suitable for use by senior undergraduates and specialists in Renaissance literature translation rhetoric and history **Classical, Renaissance, and Postmodernist Acts of the Imagination** Arthur F. Kinney, 1996 This sharply focused collection of essays on poetics and poetry with special attention to Shakespeare includes the work of some of the nation's best known and most respected scholars and authors All of them are former colleagues of O. B. Hardison Jr and their major new essays written especially for this collection center on his interests Aristotle and classical poetics Petrarch and Italian poetics the English Renaissance especially Shakespeare and Milton and postmodernist work in theory literature and science **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved Reading by Design Pauline Reid, 2019-04-08 Renaissance readers perceived the print book as both a thing and a medium a thing that could be broken or reassembled and a visual medium that had the power to reflect transform or deceive At the same historical moment that print books remediated the visual and material structures of manuscript and oral rhetoric the relationship between vision and perception was fundamentally called into question Investigating this crisis of perception Pauline Reid argues that the visual crisis that suffuses early modern English thought also imbricates sixteenth and

seventeenth century print materials These vision troubles in turn influenced how early modern books and readers interacted Platonic Aristotelian and empirical models of sight vied with one another in a culture where vision had a tenuous relationship to external reality Through situating early modern books design elements such as woodcuts engravings page borders and layouts as important rhetorical components of the text Reading by Design articulates how the early modern book responded to epistemological crises of perception and competing theories of sight

The Poem and the Garden in Early Modern England Deborah Solomon, 2022-12-30 This book draws attention to the pervasive artistic rivalry between Elizabethan poetry and gardens in order to illustrate the benefits of a trans media approach to the literary culture of the period In its blending of textual studies with discussions of specific historical patches of earth The Poem and the Garden demonstrates how the fashions that drove poetic invention were as likely to be influenced by a popular print convention or a particular garden experience as they were by the formal genres of the classical poets By moving beyond a strictly verbal approach in its analysis of creative imitation this volume offers new ways of appreciating the kinds of comparative and competitive methods that shaped early modern poetics Noting shared patterns both conceptual and material in these two areas not only helps explain the persistence of botanical metaphors in sixteenth century books of poetry but also offers a new perspective on the types of contrastive illusions that distinguish the Elizabethan aesthetic With its interdisciplinary approach The Poem and the Garden is of interest to all students and scholars who study early modern poetics book history and garden studies

Cultural Semiotics, Spenser, and the Captive Woman Louise Schleiner, 1995 The book demonstrates sociolinguistic patterns at work in Elizabethan ideological conflicts at a level that shows how those patterns were related to the energies of people's sexuality and their political and religious commitments
