

ALLEGORY

Allegory—a story in which characters, setting, and actions stand for something beyond themselves, such as ▼

- abstract ideas ▼
- moral qualities ▼
- historical figures or events

Spensers Moral Allegory

Susannah Jane McMurphy

Spensers Moral Allegory:

Spenser's Moral Allegory Sean Kane, 1989 Kane's reading of *The Faerie Queene* emphasizes Spenser's Augustinian critique of the myth of power implied by classical ethical philosophy Annotation copyrighted by Book News Inc Portland OR

Spenser's ethics Andrew Wadoski, 2022-06-28 Spenser's ethics offers a novel account of Edmund Spenser as a moral theorist situating his ethics at the nexus of moral philosophy's profound transformation in the early modern era and the English colonisation of Ireland in the turbulent 1580s and 90s It revises a scholarly narrative describing Spenser's ethical thinking as derivative nostalgic or inconsistent with one that contends him to be one of early modern England's most original and incisive moral theorists placing *The Faerie Queene* at the centre of the contested discipline of moral philosophy as it engaged the social political and intellectual upheavals driving classical virtue ethics unravelling at the threshold of early modernity

Religion, Allegory, and Literacy in Early Modern England, 1560-1640 John S. Pendergast, 2006 Using as a primary focus the manner in which Protestant and Catholic paradigms of the Word affect the understanding of how meaning manifests itself in material language this book develops a history of literacy between the middle of the sixteenth century and the middle of the seventeenth century The author emphasizes how literacy is defined according to changing concepts of philological manifestation and embodiment and how various social and political factors influence these concepts The study looks at literary texts such as *The Fairie Queene* early Shakespearean comedies sermons and poems by John Donne Latin textbooks and religious primers and educational and religious treatises which illustrate how language could be used to perform spiritual functions The cross section of texts serves to illustrate the pervasive applicability of the author's theories to early modern literature and culture and their relationship to literature the study of sixteenth and seventeenth century literature Protestant reading and exegetical strategies in contrast with Catholic strategies and secular versus spiritual literacies

The Spenser Encyclopedia A.C. Hamilton, 2020-07-01 This masterly work ought to be *The Elizabethan Encyclopedia* and no less Cahiers Elizabethains Edmund Spenser remains one of Britain's most famous poets With nearly 700 entries this Encyclopedia provides a comprehensive one stop reference tool for appreciating Spenser's poetry in the context of his age and our own understanding the language themes and characters of the poems easy to find entries arranged by subject

Spenser's Use of Ariosto for Allegory Susannah Jane McMurphy, 1924 *Studies in Spenser's Historical Allegory* Edwin Greenlaw, 2018-10-24 First Published in 1969 This volume consists of four papers of the late Professor Greenlaw the first two not before published Chapter I was read before the History of Ideas Club at The Johns Hopkins University December 15 1927 Chapter II represents material used in the English Conference and Seminary at Hopkins and read as the presidential address before The Johns Hopkins Philological Association in October 1929 Chapter III is a reprint of Professor Greenlaw's article Spenser and the Earl of Leicester from *Publications of the Modern Language Association* 25 1910 and Chapter IV is a reprint of his Spenser and British Imperialism from *Modern Philology* 9 1912

Allegorical Quests

from Deguileville to Spenser Marco Nievergelt, 2012 An examination of sixteenth century quest narratives focussing on their conscious use of a medieval tradition to hold a mirror up to contemporary culture Offers the first full study of the allegorical knightly quest tradition from the Middle Ages to the Renaissance Richly satisfying as impressive in the detail of its scholarship as in the elegance of its critical formulations It seamlessly moves between different literary traditions and across conventional period boundaries In Dr Nievergelt's treatment of this theme the successive retellings of the tale of the knight's quest come to stand as an emblem of shifting values and norms both religious and worldly and of our repeated failures to realise those ideals Dr Alex Davis Department of English University of St Andrews The literary motif of the allegorical knightly quest appears repeatedly in the literature of the late medieval early modern period notably in Spenser but has hitherto been little examined Here in his examination of a number of sixteenth century English allegorical chivalric quest narratives focussing on Spenser's *Faerie Queene* but including important lesser known works such as Stephen Bateman's *Travayled Pylgrime* and William Goodyear's *Voyage of the Wandering Knight* the author argues that the tradition begins with the French writer Guillaume de Deguileville His seminal *Plerinage de la vie humaine* was composed c 1331-1355 it was widely adapted translated rewritten and printed over the next centuries Dr Nievergelt goes on to demonstrate how this essentially medieval literary form could be adapted to articulate reflections on changing patterns of identity society and religion during the early modern period and how it becomes a vehicle of self exploration and self fashioning during a period of profound cultural crisis Dr Marco Nievergelt is Lecturer Maître Assistant and SNF Swiss National Science Foundation Research Fellow in the English Department at the Université de Lausanne

Edmund Spenser in Context Andrew Escobedo, 2016-10-24 Edmund Spenser's poetry remains an indispensable touchstone of English literary history Yet for modern readers his deliberate use of archaic language and his allegorical mode of writing can become barriers to understanding his poetry This volume of thirty seven essays written by distinguished scholars offers a rich introduction to the literary political and religious contexts that shaped Spenser's poetry including the environment in which he lived the genres he drew upon and the influences that helped to fashion his art The collection reveals the multiple personae that Spenser constructs within his work to read Spenser is to read a rich archive of literary forms and this volume provides the contexts in which to do so A reading list at the end of the volume will prove invaluable to further study

Source and Meaning in Spenser's Allegory John Erskine Hankins, 1971 **The Reflection of Renaissance Criticism in Edmund Spenser's Faerie Queen ...** Emma Field Pope, 1920
