Let's Talk About Death Steve Gordon, Irene Kacandes, 2015-11-10 Experts in end of life care tell us that we should talk about death and dying with relatives and friends

but how do we get such conversations off the ground in a society that historically has avoided the topic This book provides one example of such a conversation The coauthors take up challenging questions about pain caregiving grief and what comes after death Their unlikely collaboration is itself connected to death the murders of two of Irene s closest friends and Steve s support in perpetuating memories of those friends lives and not just their violent ends The authors share the results of a no holds barred discussion they conducted for several years over email Readers can consider a range of views on complicated issues to which there are no right answers Letting ourselves pose certain questions has the potential to profoundly change the way we think about death how we choose to die and just as importantly the way we live Honest probing sensitive and even humorous at times the completely open discussions in this book will help readers deal with a topic that most of us try to avoid but that everyone will face eventually

Let's Talk about Death (over Dinner) Michael Hebb, 2025-05-01 For readers of *Being Mortal* and *When Breath Becomes Air* the acclaimed founder of Death over Dinner offers a practical inspiring guide to life s most difficult yet important conversation Of the many critical conversations we will all have throughout our lifetime few are as important as the ones discussing death and not just the practical considerations such as DNRs and wills but what we fear what we hope and how we want to be remembered Yet few of these conversations are actually happening Inspired by his experience with his own father and countless stories from others who regret not having these conversations Michael Hebb cofounded Death Over Dinner an organization that encourages people to pull up a chair break bread and really talk about the one thing we all have in common Death Over Dinner has been one of the most effective end of life awareness campaigns to date in just three years it has provided the framework and inspiration for more than a hundred thousand dinners focused on having these end of life conversations As Arianna Huffington said We are such a fast food culture I love the idea of making the dinner last for hours These are the conversations that will help us to evolve Let s Talk About Death over Dinner offers keen practical advice on how to have these same conversations not just at the dinner table but anywhere There s no one right way to talk about death but Hebb shares time and dinner tested prompts to use as conversation starters ranging from the spiritual to the practical from analytical to downright funny and surprising By transforming the most difficult conversations into an opportunity they become celebratory and meaningful ways that not only can change the way we die but the way we live
