Speaking with George Oppen Richard Swigg, 2014-01-10 Seventeen interviews with George and Mary Oppen conducted between 1968 and 1987 are here brought together for the first time Two are fresh discoveries while re audited recordings of other interviews have given a new authoritative accuracy to the text These conversations provide a unique account of a major American poet s evolution through the Depression war exile and a return to poetry after two decades of silence They span Oppen s early years as an Objectivist his assessments of such as Ezra Pound and William Carlos Williams and his views on the merits of his later contemporaries Allen Ginsberg Jerome Rothenburg and others Above all it is Oppen s detailed commentary on his own writing and his explanations of how individual poems unfold which gives special importance to these new collected interviews **Lessons in the Art of Extemporaneous Speaking in Book Form** Edmund Shaftesbury, 1889

Speaking Philosophically Thomas Sutherland, 2023-03-23 Western philosophy has often claimed for itself not just a distinct sphere of knowledge but a distinct form of communication set against ordinary speech In *Speaking Philosophically* Thomas Sutherland proposes that for some philosophers authentic philosophizing demands a specific manner of speaking or writing adoption of which enables one to gesture toward truths that propositional speech will never grasp Drawing on a variety of thinkers Heraclitus Plato Kant Fichte Nietzsche Kierkegaard Weil Foucault and Irigaray Sutherland argues this emphasis on the form of philosophical communication can function as an exclusionary mechanism determining who is deemed capable of speaking philosophically **Harper's Magazine** Henry Mills Alden, Thomas Bucklin Wells, Lee Foster Hartman, Frederick Lewis Allen, 1914 Important American periodical dating back to 1850 Or Words to That Effect Daniel F. Chamberlain, J. Edward Chamberlin, 2016-01-27 This volume raises questions about why oral celebrations of language receive so little attention in published literary histories when they are simultaneously recognized as fundamental to our understanding of literature It aims to prompt debate regarding the transformations needed for literary historians to provide a more balanced and fuller appreciation of what we call literature one that acknowledges the interdependence of oral

storytelling and written expression whether in print pictorial or digital form Rather than offering a summary of current theories or prescribing solutions this volume brings together distinguished scholars conventional literary historians and oral performer practitioners from regions as diverse as South Africa the Canadian Arctic the Roma communities of Eastern Europe and the music industry of the American West in a conversation that engages the reader directly with the problems that they have encountered and the questions that they have explored in their work with orality and with literary history
