## **Spectacular Bodies Gender Genre And The Action Cinema:**

*Spectacular Bodies* Yvonne Tasker, 2012-10-02 While films such as Rambo, Thelma and Louise and Basic Instinct have operated as major points of cultural reference in recent years popular action cinema remains neglected within contemporary film criticism. *Spectacular Bodies* unravels the complexities and pleasures of a genre often dismissed as obvious in both its pleasure and its politics, arguing that these controversial films should be analysed and understood within a cinematic as well as a political context. Yvonne Tasker argues that today's action cinema not only responds to the shifts in gendered sexual and racial identities which took place during the 1980s but reflects the influences of other media such as the new video culture. Her detailed discussion of the homoeroticism surrounding the muscleman hero, the symbolic centrality of blackness within the crime narrative and the changing status of women within the genre addresses the constitution of these identities through the shifting categories of gender, class, race, sex, sexuality and nation. *Spectacular Bodies* also examines the ambivalence of supposedly secure categories of popular cinema, questioning the existing terms of film criticism in this area and addressing the complex pleasures of this neglected form.

**Spectacular Bodies** Yvonne Tasker, 1993 **Spectacular Bodies** Yvonne Tasker, 1993 An examination of the importance of popular action films such as Rambo and Thelma and Louise in a cinematic and political context. This is an area that has previously been ignored by contemporary film criticism.

*Spectacular Bodies* Yvonne Margaret Tasker, 1995 *Women of Blaxploitation* Yvonne D. Sims, 2006-09-07 With the Civil Rights movement of the sixties fresh in their perspective, movie producers of the early 1970s began to make films aimed toward the underserved African American audience. Over the next five years or so a number of cheaply made so-called blaxploitation movies featured African American actresses in roles which broke traditional molds. Typically long on flash and violence but lacking in character depth and development, this genre nonetheless did a great deal toward redefining the perception of African American actresses, breaking traditional African American female stereotypes and laying the groundwork for later feminine action heroines. This critical study examines the ways in which the blaxploitation heroines of the early 1970s reshaped the presentation of African American actresses on screen and to a certain degree the perception of African American females in general. It discusses the social, political and cultural context in which blaxploitation films emerged. The work focuses on four African American actresses: Pam Grier, Tamara Dobson, Teresa Graves and Jeanne Belle, providing critical and audience response to their films as well as insight into the perspectives of the actresses themselves. The eventual demise of the blaxploitation genre due to formulaic plots and lack of character development is also discussed. Finally, the work addresses the mainstreaming of the action heroine in general and a recent resurgence of interest in black action movies. Relevant film stills and a selected filmography including cast list and plot synopsis are also included. Instructors considering this book for use in a course may request an examination copy here.
