Spectacular Narratives Hollywood In The Age Of The Blockbuster:

Spectacular Narratives Geoff King, 2000-11-24 What is the appeal of the contemporary Hollywood blockbuster The sheer scale and impact of big special effects sequences is part of the attraction of films such as Independence Day Jurassic Park Titanic or Mission Impossible But they also offer other appeals including the dynamics of narrative Spectacular Narratives is the first serious book length treatment of the contemporary blockbuster including the digital effects based spectacle space fictions the action film war spectaculars the recent wave of disaster movies and films evoking new technologies such as virtual reality Consideration is also given to the impact of profitable spin offs such as film related theme park rides and computer games Geoff King argues against the view that an emphasis on the spectacular has led to an erosion of the importance of narrative in Hollywood Instead he suggests even the most spectacular and effects led contemporary blockbuster offers a blend of appeals mixing elements of spectacle and narrative Narrative is explored at the levels of both linear story telling and underlying thematic patterns a particular emphasis being placed on the persistence of elements of the myth ideology of the American frontier Close textual analysis is combined with consideration of the industrial and social contexts of contemporary Hollywood in a readable original and rewarding book on the cinema that dominates markets across the globe

Spectacular Narratives Geoff King, 2000 What makes today s Hollywood films so successful Is it the sheer scale of special effects that gives films like Jurassic Park or The Matrix their mass audience appeal Geoff King looks at the underexplored dynamic relationship between narrative and spectacle in contemporary Hollywood cinema He uses the myth of the American frontier against a range of Hollywood films and draws examples from the digital effects based and virtual reality spectacles space fictions action films war epics and disaster films that now dominate cinema

A Critical Companion to James Cameron Adam Barkman, Antonio Sanna, 2018-10-26 This book offers a comprehensive academic and detailed study of the works of James Cameron whose films include successful productions such as the first two Terminator films 1984 91 Aliens 1986 Titanic 1997 and Avatar 2009 but also lesser known films such as Piranha 2 The Spawning 1981 The Abyss 1989 and True Lies 1994 and a series of documentaries on the depths of the ocean or on the tomb of Christ Cameron s major productions have an immense and enduring popularity throughout the globe and have attracted both public and critical attention This volume investigates several distinct areas of Cameron s works and addresses the different approaches and topics invited by the multidimensionality of the subject itself the philosophical the artistic the socio cultural and the personal The methodologies adopted by the contributors differ significantly from each other thus offering the reader a variegated and compelling picture of Cameron s oeuvre Contrary to the numerous volumes published in the past on the subject each chapter offers specific case studies that have been previously ignored or only partially mentioned by other scholars

Editing and Special/Visual Effects Charlie

Keil, Kristen Whissel, 2016-08-26 Most moviegoers think of editing and special effects as distinct components of the filmmaking process We might even conceive of them as polar opposites since effective film editing is often subtle and almost invisible whereas special effects frequently call attention to themselves Yet film editors and visual effects artists have worked hand in hand from the dawn of cinema to the present day Editing and Special Visual Effects brings together a diverse range of film scholars who trace how the arts of editing and effects have evolved in tandem Collectively the contributors demonstrate how these two crafts have been integral to cinematic history starting with the trick films of the early silent era which astounded audiences by splicing in or editing out key frames all the way up to cutting edge effects technologies and concealed edits used to create the illusions Throughout readers learn about a variety of filmmaking techniques from classic Hollywood's rear projection and matte shots to the fast cuts and wall to wall CGI of the contemporary blockbuster In addition to providing a rich historical overview Editing and Special Visual Effects supplies multiple perspectives on these twinned crafts introducing readers to the analog and digital tools used in each craft showing the impact of changes in the film industry and giving the reader a new appreciation for the processes of artistic collaboration they involve

Animation and Advertising Malcolm Cook, Kirsten Moana Thompson, 2019-12-17 Throughout its history animation has been fundamentally shaped by its application to promotion and marketing with animation playing a vital role in advertising history In individual case study chapters this book addresses among others the role of promotion and advertising for anime Disney MTV Lotte Reiniger Pixar and George Pal and highlights American Indian Japanese and European examples This collection reviews the history of famous animation studios and artists and rediscovers overlooked ones It situates animated advertising within the context of a diverse intermedial and multi platform media environment influenced by print radio and digital practices and expanding beyond cinema and television screens into the workplace theme park trade expo and urban environment It reveals the part that animation has played in shaping our consumption of particular brands and commodities and assesses the ways in which animated advertising has both changed and been changed by the technologies and media that supported it including digital production and distribution in the present day Challenging the traditional privileging of art or entertainment over commercial animation Animation and Advertising establishes a new and rich field of research and raises many new questions concerning particular animation and media histories and our methods for researching them
