secret spirituality that informs the fey type and this may be largely experiential. It has often been perceived as a threat by people who like ideas to be tied down and under control and by the organisations that such people have created. Meanwhile in much of today's world fey people have been thoroughly marginalized. In this book Rae Beth suggests ways in which we might understand Otherworldly realities without abandoning commonsense. Drawing upon her knowledge of traditional faerie lore she shows how fey perceptions and psychic skills can serve and enhance life.
