governance period was a powerful era in British history an era of prosperity and peace He deliberately cultivated a frank hearty manner but his political subtlety has scarcely been equaled But who was this intelligent zealous and energetic man How was he able to reach the top of the Ministry and remain there for the longest spell in history And what caused the downfall of a rather successful man These are the central questions covered in this paper First part of it will be about the early life of Robert Walpole Afterwards I will have a closer look inside his early political career and subsequently I want to focus on his rise to power Third and fourth part of the paper I will develop his premiership under George I and George II In the last part I want to have a look at the last years of premiership und simultaneously I will try to work out the reasons for his downfall
