daughters of Nicholas and Alexandra They were the Princess Dianas of their day perhaps the most photographed and talked about young royals of the early twentieth century The four captivating Russian Grand Duchesses Olga Tatiana Maria and Anastasia Romanov were much admired for their happy dispositions their looks the clothes they wore and their privileged lifestyle Over the years the story of the four Romanov sisters and their tragic end in a basement at Ekaterinburg in 1918 has clouded our view of them leading to a mass of sentimental and idealized hagiography With this treasure trove of diaries and letters from the grand duchesses to their friends and family we learn that they were intelligent sensitive and perceptive witnesses to the dark turmoil within their immediate family and the ominous approach of the Russian Revolution the nightmare that would sweep their world away and them along with it The Romanov Sisters sets out to capture the joy as well as the insecurities and poignancy of those young lives against the backdrop of the dying days of late Imperial Russia World War I and the Russian Revolution Helen Rappaport aims to present a new and challenging take on the story drawing extensively on previously unseen or unpublished letters diaries and archival sources as well as private collections It is a book that will surprise people even aficionados

Left Behind in Nazi Vienna, 2015-01-24 In 1938 when Hitler annexed Austria making it part of his Greater German Reich approximately 185 000 Jews lived in Vienna Unlike their counterparts in Germany proper these Jews had only a short time to make plans to emigrate The development and application of racially discriminatory policies in Germany took nearly five years to come to full fruition In Austria the ruthless attempts at exclusion of the Jewish population from both social and economic institutions took barely five

months The editor and his parents were among the few individuals who were fortunate to gain entrance into the United States during this time of crisis Four days before their departure the U S visa stamped in their passports was the only thing that saved the three from deportation to Poland The Sechers unavoidably left behind five members of their immediate family who were still waiting to receive visas but they firmly believed even as rumors of further restrictive policies against the Jews circulated that the remaining members of their family would be well out of reach of Nazi policies designed to remove Jews from their homes There is a lengthy introduction but the major part of the book is a chronological arrangement of the many letters exchanged between the father and mother and those individuals left behind in Vienna The letters tell a story of the struggles the remaining five faced in their efforts to stay alive Of the five persons who contributed to this correspondence only Fanny Secher the author s paternal grandmother died a natural death The others were deported and never heard from again
