Sisyphus Or The Limits Of Education:

Sisyphus Siegfried Bernfeld, 1973-01-01 **Sisyphus : Or, The Limits of Education** J. H. Karchmer, 1973 Sisyphus Siegfried Bernfeld, 1973 Albert Camus and Education Aidan Hobson, 2017-03-22 This book continues the story about education and the absurd Its specific focus is on the work of Albert Camus It tries to summarise the ways in which his writing has already inspired and influenced educational thinking and practice and it offers a new set of educational interpretations of six of his major works These set out the exciting challenge about how we might think about the purposes and practices of education in the future how to talk about these plan and deliver Using the work of Albert Camus in this way is an attempt to bring him and his ideas closer to educational discussions This is a deliberate attempt to show the synergy between some of his major concepts and those that are already cornerstones of educational discourses Read from an educational perspective the work of Albert Camus also provides guidance and invigorates the imagination as to how education can respond to those increasingly complex existential crises it finds itself connected to For educational people interested in these questions this book will hopefully motivate a re reading of Camus and a brave new lens on practice **International Handbook of Jewish Education** Helena Miller, Lisa D. Grant, Alex Pomson, 2011-04-02 The International Handbook of Jewish Education a two volume publication brings together scholars and practitioners engaged in the field of Jewish Education and its cognate fields world wide Their submissions make a significant contribution to our knowledge of the field of Jewish Education as we start the second decade of the 21st century The Handbook is divided broadly into four main sections Vision and Practice focusing on issues of philosophy identity and planning the big issues of Jewish Education Teaching and Learning focusing on areas of curriculum and engagement Applications focusing on the ways that Jewish Education is transmitted in particular contexts both formal and informal for children and adults Geographical focusing on historical demographic social and other issues that are specific to a region or where an issue or range of issues can be compared and contrasted between two or more locations This comprehensive collection of articles providing high quality content constitutes a definitive statement on the state of Jewish Education world wide as well as through a wide variety of lenses and contexts It is written in a style that is accessible to a global community of academics and professionals The Possibility/Impossibility of a New Critical Language in Education , 2010-01-01 The critique of Critical Pedagogy in its current various trends and paths teaches me not only the shortcomings of various versions of Critical Pedagogy No less important it offers an invitation to a reflection on the limitations costs and open horizons of critique itself It is an invitation to transcend critique as such But what alternative do we have and from where or with what ears might we listen to the music of the new call What is it that awaits us outside the critical tradition that in an unproblematic manner we could use internalize or surrender ourselves to Such questions reintroduce us to Utopia They reintroduce us to the Utopia of the possibility of happiness of the kind that is neither made possible nor advocated by self abandonment and enslavement destruction of the otherness of the Other and the I This book

manifests a refusal to abandon Critical Theory's telos it offers no solutions victories of the oppressed and emancipation neither does it promise peace and unproblematic consensus On the contrary all the eternal open Diasporic individual can hope for is worthy Diasporic Love of Life creativity mature forms of togetherness and eternal nomadism as a manifestation of co poiesis

Understanding the School Curriculum Alex Moore, 2014-08-13 At a time of rapid social change and numerous policy initiatives there is a need to question the nature and function of school curricula and the purposes of formal public education Comparing curriculum developments around the globe Understanding the School Curriculum draws on a range of educational philosophical and sociological theories to examine the question What is a curriculum for In considering different answers to this fundamental question it explores a range of topical issues and debates including tensions and dynamics within curriculum policy The implications of uncertainty and rapid social change for curriculum development the positive and negative influence of free market ideologies on public education the impact of globalization and digital technologies arguments for and against common core curricula and state control It examines the possibility of a school curriculum that is not shaped and monitored by dominant interests but that has as its founding principles the promotion of responsibility responsiveness a love of learning and a sense of wonder and respect for the natural and social world Understanding the School Curriculum is for all students following undergraduate and Masters courses in curriculum public policy and education related subjects It is also for all training and practising teachers who wish to combine a deeper understanding of major curriculum issues with a critical understanding of the ways in which ideologies impact on formal state education and to consider ways of producing school curricula that are appropriate to the times we live in

Practice Makes Practice Deborah P. Britzman, 2012-02-16 This revised edition of the classic text explores the complexity of what learning to teach means While the research on teacher education continues to proliferate Practice Makes Practice remains the discipline's indispensable classic text Drawing upon critical ethnography this new edition of this best selling book asks the question what does learning to teach do and mean to newcomers and to those who surround them Deborah P Britzman writes poignantly of the struggle for significance and the contradictory realities of secondary teaching She offers a theory of difficulty in learning and explores why the blaming of individuals is so prevalent in education The completely revised introduction presents a refined and further developed theoretical framework and analysis discussing why we might return to a study of teaching and learning Also included in this updated edition is an insightful hidden chapter that comments on the methodology of the study and some of the dilemmas the author continues to face as her own thinking develops around the issues of representing teaching and learning for those just entering the profession Deborah P Britzman is Distinguished Research Professor at York University She is the author of many books including The Very Thought of Education Psychoanalysis and the Impossible Professions After Education Anna Freud Melanie Klein and Psychoanalytic Histories of Learning and Lost Subjects Contested Objects Toward a Psychoanalytic Inquiry of Learning all published by SUNY Press

Lacanian Theory of Curriculum in Higher Education Fernando M. Murillo, 2018-10-04 This volume presents a distinctively Lacanian psychoanalytic approach to the theorizing understanding and critique of curriculum in higher education In this work the author presents the main theories of curriculum in the current discourse develops a notion of critique and applies it to existing global guidelines for curriculum reform Relying on the architectonic of the subject as developed across the work of Jacques Lacan expressed in the registers of the Symbolic the Imaginary and the Real the author provides a new approach to understanding curriculum in terms of the psychic dynamics that explain its workings

Diasporic Philosophy and Counter-Education I. Gur-Ze'ev, 2011-08-05 Diasporic Philosophy and Counter Education addresses the challenges inflicted by the celebrated new progressivism It confronts the current omnipotent progressive anti humanistic fire and its triumphant anti Western redemptive crusade at all levels and dimensions of life under the post metaphysical sky In this book Diasporic counter education does not surrender to the celebrated temptations of new age nomadism as an alternative to the postmodern pleasure machine s promise It attempts to reach beyond the total war against the Jewish spirit and its manifestation in Western oppressive identity It refuses any version of the continuum radical or conservative self indulgence as well as current nihilist pragmatic quests for self forgetfulness Diasporic awakening is a potentially universal and enduring erotic art of a never to be concluded self constitution and re positioning The aim of this book is for it to become part of a new beginning in the face of the new global culture of mega speeds the exile of the humanist killer of God the deconstruction of pre conditions for transcendence and the growing probability of bringing to an End of all life on earth This book seeks to become a waking call for improvisational co poesis a counter education that will groom us to become more courageous in responding to the invitation of hope making humankind richer in the realization of our response ability to Love of Life

After-Education Deborah P. Britzman, 2012-02-01 In After Education Deborah P Britzman raises the startling question What is education that it should give us such trouble She explores a series of historic and contemporary psychoanalytic arguments over the nature of reality and fantasy for thinking through the force and history of education Drawing from the theories of Anna Freud and Melanie Klein she analyzes experiences of difficult knowledge pedagogy group psychology theory and questions of loneliness in learning education Throughout the book education appears and is transformed in its various guises as a nervous condition as social relation as authority as psychological knowledge as quality of psychical reality as fact of natality as the thing between teachers and students as an institution and as a play between reality and fantasy Erich

Fromm and Critical Criminology Kevin Anderson, Richard Quinney, 2000 Linking the writings of the great humanist psychologist Erich Fromm to criminology this collection shows how viewing crime patterns and the criminal justice system from Fromm's humanist perspective opens a path to more effective and more humane ways of understanding and dealing with crime and criminals Contributors to Erich Fromm and Critical Criminology draw on Fromm's writings on alienation sadomasochism and patriarchal matriarchal values to assess the kinds of crimes being committed and the kinds of people committing them They explore the spiritual and intellectual sources of Fromm's thought including Jewish theology Freudian psychoanalysis Marxism and Buddhism and demonstrate how his socialist humanism points toward a society free of crime and violence This volume also includes translations of two of Fromm's early articles on criminal justice never before available in English in which he develops a psychoanalytic Marxist critique of the role of criminal justice in a class society At a time when American society seems bent to an unprecedented degree on imprisonment executions and other violent responses to the problem of crime Fromm's humanist critique offers a unique vantage point from which to renew and develop a critical criminology

Remembrance - Responsibility - Reconciliation Lothar Wigger, Marie Dirnberger, 2022-04-15 Germany and Japan have taken different ways of dealing with the past of the traumatic events of World War II and their own role Even after 75 years the battles for remembrance are not over in both countries Questions about responsibility about the educational consequences of history and about possibilities for reconciliation with former enemies are constantly being asked anew and require new answers The contributions in the book address these questions from a Japanese and German perspective on the basis of empirical and historical research combining historical educational and philosophical approaches and opening up new perspectives for academic research as well as for practical educational work by comparing the cultures of remembrance
