Six Lost Leaders Prophets Of Civil Society:

Six Lost Leaders George W. Liebmann, 2001-01-01 In his new book George W Liebmann discusses the work of six largely forgotten figures Octavia Hill William Glyn Jones Mary Richmond George William Brown Mary Parker Follet and Bryan Keith Lucas Three are British three American Some came from affluent backgrounds some grew up poor One was barely educated another spent eleven years at some of the world's more prestigious institutions of higher learning What united them all was a shared conviction that citizenship involved more than voting that society consists of more than the marketplace or political institutions and that professional values are important for shaping a civil discourse With a sympathetic eye toward the fulfillment of these common aspirations Liebmann looks at the national health social work housing management and educational initiatives spearheaded by these powerful figures over the past two centuries This study is a fascinating retort to our cynical age of political disillusionment and an innovative contribution to social and political history

America's Political Inventors George W. Liebmann, 2017-12-11 Recent American political developments including the election of Donald Trump reveal profound disquiet with the highly centralized political regime based on discretionary allocation of funds and powers to interest groups that has developed since the creation of emergency institutions after America's entry into World War I This book demonstrates the effectiveness in American history of measures conceived in a different spirit addressing the population at large rather than particular interest groups relying on citizen and local initiative and founded not on the distribution of frequently unearned benefits and powers but on reciprocal contributions and obligations George W Liebmann discusses John Winthrop and his foundation of New England towns John Locke and the creation of Southern plantations Thomas Jefferson and his scheme for the organization of Northwestern townships and American territories and states Joseph Pulitzer and the origins of municipal home rule John Wesley Powell and the creation of reclamation districts Hugh Hammond Bennett and the fostering of soil conservation districts and Byron Hanke and the development of residential community associations The book concludes with a number of public policy proposals relating to housing urban renewal care of the elderly immigration and youth unemployment conceived in the same spirit Liebmann brings to light little known facts concerning the growth of practices and institutions that Americans take for granted His book will be of interest to students of biography history and government

The Common Law Tradition George Liebmann, 2017-09-04 This book commemorates a place and a time in American law teaching but more importantly an outlook the common law tradition That outlook was empirical and tolerant These values were carried into expression by a group of people who were not part of a cult or faction nor ruled by the herd instinct Now in paperback *The Common Law Tradition* is a collective portrait of five scholars who epitomize the tradition The focus is Chicago in the 1960s The five figures considered Edward H Levi Harry Kalven Jr Karl Llewellyn Philip Kurland and Kenneth Culp Davis did much to broaden the perspectives of the legal academy Levi made use of sociology economics and comparative law Kalven

collaborated with sociologists on the Jury Project and with economists on tax law and auto compensation plans Llewellyn's commitment to empirical research underpinned his work on the Uniform Commercial Code Kurland's approach to constitutional law was highlighted by his insistence on the relevance of legal history Davis was an energetic comparativist in his work on administrative law What distinguished these Chicagoans is that their work was practical and rooted in the law and hence yielded concrete applications The group's diversity the tolerant atmosphere in which they taught and wrote and the attachment of its individual members to empirical approaches differentiate them from today's legal scholars and make their ideas of continuing importance

From Charity to Social Work Elizabeth N. Agnew, 2004 Mary E Richmond 1861-1928 was a contemporary of Jane Addams and an influential leader in the American charity organization movement In this biography the first in depth study of Richmond's life and work Elizabeth N Agnew examines the contributions of this important if hitherto under valued woman to the field of charity and to its development into professional social work Orphaned at a young age and largely self educated Richmond initially entered charity work as a means of self support but came to play a vital role in transforming philanthropy previously seen as a voluntary expression of individual altruism into a valid organized profession Her career took her from charity organization leadership in Baltimore and Philadelphia to an executive position with the prestigious Russell Sage Foundation in New York City Richmond's progressive civic philosophy of social work was largely informed by the social gospel movement She strove to find practical applications of the teachings of Christianity in response to the social problems that accompanied rapid industrialization urbanization and poverty At the same time her tireless efforts and personal example as a woman created an appealing if ambiguous path for other professional women A century later her legacy continues to echo in social work and welfare reform

The Professional Ideal in the Victorian Novel S. Colon, 2007-05-14 This book makes the claim that Victorian novels do not simply reflect professional ideology they also scrutinize its dilemmas contradictions and limitations In this volume

innovative readings of canonical texts like Sybil Barchester Towers Romola and Daniel Deronda accompany groundbreaking work on less familiar texts like Tancred and My Lady Ludlow to illuminate the Victorians own struggles with the emerging professional ideology The Victorians engagement with fundamental ideas of professional identity such as autonomy meritocracy and the service ethic reveal professionalism s dual basis in materialist and idealist rationalities American Book Publishing Record ,2003 **The British National Bibliography** Arthur James Wells,2005 **Choice** ,2003

Development, Civil Society and Faith-Based Organizations G. Clarke,M. Jennings,T. Shaw,2007-11-28 This book examines the role of faith based organizations in managing international aid providing services defending human rights and protecting democracy It argues that greater engagement with faith communities and organizations is needed and questions traditional secularism that has underpinned development policy and practice in the North *Forthcoming Books* Rose Arny,2002 **Animal Farm Prophecy Fulfilled in Africa** Chiku Malunga,2014-09-08 Animal Farm Prophecy Fulfilled in Africa A Call to a Values and Systems Revolution discusses why deep levels of poverty and suffering persist in Africa despite all the successive regime changes over the last half century It discusses why more people are poorer now than they were in the colonial era The author argues that this is so because most of the leadership change efforts on the continent focus on replacing individuals rather than changing or overhauling the negative systems and the values inherent in the systems that the individual leaders inherit create or perpetuate The problems persist because they are systemic rather than personal in nature Deep and lasting change that could result in lifting millions of people out of poverty will only occur when the systems rather than only the individuals are changed or replaced The author challenges ordinary citizens especially the youth to rise up against animal farm systems in order to create the tomorrow to which they aspire and deserve *Legacy Of The Prophet* Anthony Shadid,2009-07-21 The World Trade Center bombing suicide attacks in Israel the slaughter of tourists in Egypt and innocents in Algeria One of the world s great religions Islam has become identified today with senseless bloodshed its followers branded as irrational fanatics with a penchant for violence Ours is the era of the Islamic threat But another story remains to be told Beyond the headlines a transformation is under way in both the style and message of Islamic politics at the end of the twentieth century a startling shift from militancy to democracy with vast implications for the West Drawing on his years of reporting in more than a dozen countries of the Muslim world Anthony Shadid charts the striking way in which the adolescence of yesterday s Islamic militants is yielding to the maturity of today s activists Through interview and travelogue he chronicles a new generation in Lebanon Egypt Turkey and elsewhere that is finding a more realistic and potentially more successful future through democratic politics A crucial element of this change and of *Legacy of the Prophet* is his exploration of the failure of militant Islam in countries like Sudan and Iran defeats that ironically may help make way for an alternative democratic future The transformation promises a better future for a region long ruled by soldiers and despots For the West it offers a compelling opportunity to find common ground with the Muslim world But to do so the book argues that we must

make the difficult choice of supporting the emergence of democratic Islamic movements possibly even allowing to come to power governments that as it stands have no love for the West Legacy of the Prophet promises to redefine the debate over the future of political Islam

Let the Swords Encircle Me Scott Peterson, 2010-09-21 NO OTHER COUNTRY SO DOMINATES THE HEADLINES Iran is portrayed as a nuclear threat a terrorist nation a charter member of the Axis of Evil bent on the destruction of Israel But behind those headlines and the fierce rhetoric of Iran's most hard line leaders is a proud nation with a 2 500 year history of Persian poetry art and passion Based on more than thirty extended reporting trips to Iran including the turbulent aftermath of the disputed June 2009 election Scott Peterson's portrait is the definitive guide to this enigmatic nation from the roots of its incendiary internal struggles to the rise and slide of Iran's earthshaking 1979 Islamic Revolution This prize winning American journalist with unparalleled experience in Iran takes us there inside a country where an educated and young population is restlessly eager to take its place in the world where martyrs of the sacred Iran Iraq War are still mourned with tears of devotion where the cultural and religious forces of light and darkness are locked in battle Peterson brings stunningly alive the diversity within Iran from the hard liners who shout Death to America to the majority who comprise the most pro American population in the Middle East Let the Swords Encircle Me gives voice to Iranians themselves the clerics and the reformers the filmmakers and the journalists the True Believers and their Westernized and profane brethren to understand the complexities of Iran today Through dedicated and in depth reporting Peterson shows how every word image and sensibility in Iran is often deliciously unexpected and counterintuitive Ideology matters So does resistance And azadi freedom Peterson deftly holds a mirror up to both sides of the U S Iran conflict Americans and Iranians he writes share a belief in their own exceptionalism and manifest destiny which for Iran includes its nuclear ambitions and frequent need of an enemy in political discourse The same elements that have locked the United States and Iran in the most vicious of struggles stretching back to the 1953 CIA coup in Tehran and the 1979 U S Embassy hostage saga are the same ones that could one day make Iran and the United States the most natural allies in the region In this critical and personal account Peterson illumines the latest episodes of Iran's century old quest for democracy and freedom He explains how the Islamic Revolution launched as a beacon of justice and resistance for Iranians and all the world's Muslims has not lived up to its ambitious promise He shows how the violence of 2009 damaged the regime's legitimacy and marks the start of an irreversible decline Let the Swords Encircle Me takes us into the minds and hearts of Iranians today and will be a crucial guide as Americans and Iranians attempt to overcome their bitter estrangement

Global Civil Society 2006/7 Helmut K Anheier, Mary Kaldor, Marlies Glasius, 2006-10-02 Even though current public interest and engagement in issues of global violence are the results of terribly tragic and disturbing events it is good that these matters are receiving widespread attention I argue for a wider use of our voice in the working of global civil society to be distinguished from military initiatives and strategic activities of governments The Global Civil Society Yearbook can make a substantial contribution to the expression of public voice without border Amartya Sen Suicide bombings collateral damage kidnappings and air strikes pepper the lexicon of twenty first century politics Global Civil Society 2006 7 explores the complex relationship between violence civil society and legitimacy in a unique dialogue that crosses political cultural and religious boundaries Is the use of violence by non state actors ever justified How is violence transmitted from the private to the public sphere Why is terror and the war on terror catalysing rather than suppressing violence Do Western and Islamic traditions of thought offer any solutions This edition of the Yearbook also includes new research on economic and social rights the politics of water and football Chapters include Not Even a Tree Can Violence be Justified in a Global Era Mary Kaldor and Heba Raouf Ezzat Bringing Violence Back Home Jenny Pearce Pipe dream or Panacea Global Civil Society and Economic and Social Rights Marlies Glasius War and Peace the Role of Global Civil Society Mary Kaldor Denisa Kostovicova and Yahia Said Water a Global Contestation Willemijn Dicke Patrick Bond Fadia Daibes Murad Sanjeev Khagram Alessandro Palmieri Carlos Vainer Zo Wilson and Patricia Wouters The Church the Mosque and Global Civil Society Mark Juergensmeyer The Odd Couple Football and Global Civil Society David Goldblatt Torture Is a Moral Issue George Hunsinger, 2008-09-05 In this hard hitting volume two dozen scholars activists military officers and religious leaders call for an immediate end to the practice of torture paying particular attention to its use in the American war on terror Torture Is a Moral Issue begins with background material including vivid firsthand accounts from a torture survivor and a former U S interrogator in Iraq The heart of the book contains respectively Christian Jewish and Muslim arguments against torture and the final part charts a way forward toward a solution offering much principled yet practical advice Included as an afterword is an interview with Darius Rejali one of the world s foremost experts on torture and democracy Contributors Taha Jabir Alalwani William T Cavanaugh John Conroy Edward Feld David P Gushee Yahya Hendi Scott Horton George Hunsinger Adm John Hutson Tony Lagouranis Ellen Lippman Ingrid Mattson Ann Elizabeth Mayer Marilyn McEntyre Gen Richard M O Meara Dianna Ortiz Darius Rejali Louise Richardson Kenneth Roth Fleming Rutledge Melissa Weintraub Carol Wickersham

New Media Political Engagement And Participation in Malaysia Sara Chinnasamy, 2017-09-28 This book analyses the exponential growth of independent news portal INPs in Malaysia and discusses the extent of impacts generated from these portals in Malaysian electoral conduct especially during Malaysia s 12th and 13th general elections The mainstream media in Malaysia has for decades been controlled by strict laws such as the Printing Presses and Publications Act PPPA and the Sedition Act as well as self censorship by print and broadcast journalists

and editors The rise of INP in Malaysia has challenged this government stranglehold as well as making information available much faster than the mainstream media The undeniable speed of the news posted on INP which often come with interactive contents are seen to have caused a remarkable increment on public s options with regards to expressing their political views Some of the INPs have also impressively taken up a notch by providing live streaming videos or interesting online visual news which indirectly unifies various sectors of pressure groups in providing options of circulating and disseminating information to the public The interviews conducted for this book provide deeper insights from those producing news and at the same time provide a specific and thorough observation on political events including representatives of the Malaysian middle class Opposition parties youth and university students NGOs and civil society movements Chinnasamy investigates key questions relating to this shift in relation to media preference concerning on the mainstream and political landscape in Malaysia Did the INP evolve new democratic movement in the country or induce a change in the way the government retains its power by increasing people s active engagement in political participation Did any revolution in government managed media landscape occur drastically If so how did they accomplish these changes This book will fill the gap of existing research on how far have the INP empowered themselves to be the third force in fighting democratic movement in the country and how the ruling government continues seeing it as a contention as foreseen by many experts in the industry
