Sixes And Sevens:

Sixes and Sevens O. Henry, 2022-09-16 In *Sixes and Sevens* O Henry masterfully weaves a collection of short stories that reflect the whims and absurdities of early 20th century urban life in America Employing his signature wit and keen observational skills O Henry crafts narratives rich with irony and unexpected twists Each story set against the bustling backdrop of New York City encapsulates the quirks of humanity from the struggles of the working class to the romantic pursuits of the affluent The literary style is marked by O Henry's trademark humor and a dexterous use of language which together create vivid and memorable characters embroiled in both mundane and extraordinary dilemmas O Henry born William Sidney Porter in 1862 drew inspiration from his diverse life experiences including his tenure as a bank teller and a brief stint in prison shaping his unique perspective on society's complexities His ability to blend humor with poignancy stems from his understanding of the human condition and the social landscapes of his era making his observations especially poignant in *Sixes and Sevens* *Sixes and Sevens* is a must read for anyone interested in the interplay of fate and free will as well as for lovers of clever storytelling Readers will find themselves enchanted by O Henry's ability to expose the heart of humanity with surprising warmth and insight

Early American Proverbs and Proverbial Phrases Bartlett Jere Whiting, 1977 p B J Whiting savors proverbial expressions and has devoted much of his lifetime to studying and collecting them no one knows more about British and American proverbs than he The present volume based upon writings in British North America from the earliest settlements to approximately 1820 complements his and Archer Taylor's *Dictionary of American Proverbs and Proverbial Phrases 1820 1880* It differs from that work and from other standard collections however in that its sources are primarily not literary but instead workaday writings letters diaries histories travel books political pamphlets and the like The authors represent a wide cross section of the populace from scholars and statesmen to farmers shopkeepers sailors and hunters Mr Whiting has combed all the obvious sources and hundreds of out of the way publications of local journals and historical societies This body of material because it covers territory that has not been extracted and compiled in a scholarly way before can justly be said to be the most valuable of all those that Whiting has brought together according to Albert B Friedman What makes the work important is Whiting's authority a proverb or proverbial phrase is what BJW thinks is a proverb or proverbial phrase There is no objective operative definition of any value no divining rod his tact feel experience determine what's the real thing and what is spurious
