John Scandrett MILLWARD,1961      **Portraits, Painters, and Publics in Provincial England 1540-1640** Robert Tittler,2013-09-05 In this the first comprehensive study of post Reformation provincial English portraiture Robert Tittler investigates the growing affinity for secular portraiture in Tudor and early Stuart England a cultural and social phenomenon which can be said to have produced a public for that genre He breaks new ground in placing portrait patronage and production in this era in the broad social and cultural context of post Reformation England and in distinguishing between native English provincial portraiture which was often highly vernacular and foreign influenced portraiture of the court and metropolis which tended towards the formal and polite Tittler describes the burgeoning public for portraiture of this era as more than the familiar court and London based presence but rather as a phenomenon which was surprisingly widespread both socially and geographically throughout the realm He suggests that provincial portraiture differed from the mainstream cosmopolitan portraiture of the day in its workmanship materials inspirations and even vocabulary showing how its native English roots continued to guide its production Innovative chapters consider the aims and vocabulary of English provincial portraiture the relationship of portraiture and heraldry the painter s occupation in provincial as opposed to metropolitan England and the contrasting availability of materials and training in both provincial and metropolitan areas The work as a whole contributes to both art history and social history it speaks to admirers and collectors of painting as well as to curators and academics      *Handbook for History Teachers* W. **John Donne's Poetry and Early Modern Visual Culture** Ann Hurley, 2005 This study argues the thesis that John Donne's poetry already well served by the insightful close readings of earlier generations of scholars can now profit from being read in the context of early modern cultural experience specifically its visual culture It points out that the focus on visual culture allows for a non monolithic flexible reading of Donne's verse in part because it acknowledges that while the complexity of his religious identity has been well explored the complexity of his secular interest has perhaps been less thoroughly examined Since a study of early modern visual culture is deeply concerned with the vicissitudes of the image both religious and secular such a context serves to integrate what in Donne sometimes invites polarity Focused on close readings of several poems the study is in two parts On the one hand it examines the visual culture of early modern England and argues that reading Donne's poetry enhances our understanding of how that culture actually operated when looked at through the experience of a practicing poet the visual culture through which it participated adds a dimension to that verse that would otherwise be less accessible to us Ann H Hurley is Professor of English at Wagner College

**Papers in Italian Archaeology VII: The Archaeology of Death** Edward Herring, Eoin O'Donoghue, 2018-08-13 This volume collects more than 60 papers by contributors from the British Isles Italy

and other parts of continental Europe and North and South America focussing on recent developments in Italian archaeology from the Neolithic to the modern period     Directory of Museums Kenneth Hudson, Ann Nicholls, 1975-06-18     *The Portraits of the Evangelists in Greek and Latin Manuscripts* Albert Mathias Friend, 1927     Chinese Art Roger Fry, Laurence Binyon, Albert Frank Kendrick, Bernard Rackham, Walter Perceval Yetts, Osvald Sirén, W. W. Winkworth, 1925 Our object in producing this book is to supply information about Chinese art that is at once authoritative and introductory To many it may seem curious that no previous volume of the kind exists but to those who know the extreme difficulty of a detailed study of even one part of Chinese art with its enormous periods and its close relationship to Eastern ideas it may rather seem curious that anyone should attempt such a summary We should not have given way to the desire to make such a book had we not known how valuable it would be if properly produced and had we not felt that we had hit upon the right plan Preface
